

QIS Instructions For Reviewing Children's Waiver Services Application Packets When Screening

In order for an individual to be awarded crisis points for "Out of Home Placement" when conducting a screening for Children's Waiver Services the following items must be present and identified in the referral application packet:

- In the Current Placement Information section the "Out of Home placement requested" box must be checked.
- In the Parent/Guardian Approval Form section the "Go into foster home" box must be checked.
- In the Additional Information section the family must submit a letter requesting out of home placement and it must be attached to the referral packet. The FSS must identify in writing current attempts to recruit an alternate placement.
