

Montana Milestones/Part C Early Intervention Program

## Recognition of Exemplary Practices

Date: Pending

The State of Montana Developmental Disabilities Program would like to recognize Family Outreach for exemplary practices observed in carrying out the mission of the Montana Milestones/Part C Early Intervention Program.

**Exemplary Practices Observed:** During the FY15 review of the Part C program it was observed that FSSs employed by Family Outreach all obtained their proper FSS certification. Most of the FSSs received all of the training required by the state and several are now Master Coaches. All of the FSSs who conducted assessments are qualified to perform the assessments your agency uses for determining eligibility.

The State of Montana Developmental Disabilities Program would like to extend thanks and appreciation to Family Outreach for helping establish and maintain best practices in the field of Early Intervention in the State of Montana. Thanks for all the hard work and dedication.
