

Montana Milestones/Part C Early Intervention Program

Recognition of Exemplary Practices

Date: Pending

The State of Montana Developmental Disabilities Program would like to recognize Family Outreach for exemplary practices observed in carrying out the mission of the Montana Milestones/Part C Early Intervention Program.

Exemplary Practices Observed: During the FY15 review of the Part C program it was observed that FSSs employed by Family Outreach work with families to empower them to lead their own plan of care. They give families the courage to strive forward even after Part C services have ended. They create wonderful working relationships with the families.

The State of Montana Developmental Disabilities Program would like to extend thanks and appreciation to Family Outreach for helping establish and maintain best practices in the field of Early Intervention in the State of Montana. Thanks for all the hard work and dedication.
