

Montana Milestones/Part C Early Intervention Program

Recognition of Exemplary Practices

Date: 12/2/2015

The State of Montana Developmental Disabilities Program would like to recognize STEP for exemplary practices observed in carrying out the mission of the Montana Milestones/Part C Early Intervention Program.

Exemplary Practices Observed:

With regard to required Federal and State procedural safeguards; it was observed that in 100% of cases sampled, STEP staff had obtained the required parental consent for evaluation and assessment prior to beginning that process. This was a significant strength observed during the review, and absolutely key to establishing a relationship of transparency and teamwork with families receiving Early Intervention Services from STEP.

The State of Montana Developmental Disabilities Program would like to extend thanks and appreciation to STEP for helping establish and maintain best practices in the field of Early Intervention in the State of Montana. Thanks for all the hard work and dedication.

Troy Kelly
