

Montana Milestones/Part C Early Intervention Program

Recognition of Exemplary Practices

Date: 11-17-15

The State of Montana Developmental Disabilities Program would like to recognize DEAP for exemplary practices observed in carrying out the mission of the Montana Milestones/Part C Early Intervention Program.

Exemplary Practices Observed:

Provider Meets Implementation Guidelines: no deficiency noted

Recommendations or notes: I found no evidence in the sample months that anyone was being underserved for the agency-generated services. In fact, in most cases, families were receiving more service than what was indicated by the plan of care. Pertinent information passed on to the children's families at the right time is so crucial to the progress and ultimately for a positive outcome for the child. Please see the attached Recognition of Exemplary Practices.

The State of Montana Developmental Disabilities Program would like to extend thanks and appreciation to DEAP for helping establish and maintain best practices in the field of Early Intervention in the State of Montana. Thanks for all the hard work and dedication.
