

SNAP 201-1 Household Composition

References:	7 CFR 273.1; 7 CFR 281.1(c); 7 CFR 273.11;
Overview:	<u>GENERAL RULE</u> -- The OPA determines the required filing and assistance unit members based on the SNAP household's living situation.
Policy:	<p>SNAP HOUSEHOLDS</p> <p>A number of living situations that determine the SNAP household composition.</p> <ol style="list-style-type: none">1. An individual or family living alone or in a:<ol style="list-style-type: none">a. housing facility federally subsidized for the elderly; NOTE: The individual does not have to be elderly. The requirement is to be a resident of federally subsidized housing for the elderly.b. chemical dependency treatment center (SNAP 201-7);c. licensed group home that serves no more than 16 residents receiving blind or disability benefits (SNAP 201-6); NOTE: Blind or disability benefits as defined in SNAP 0-4.d. shelter for battered individuals and children (SNAP 201-8); or,e. public or private nonprofit shelter for homeless people. NOTE: Residents of a shelter serving meals for the homeless are not considered residents of an institution as long as the shelter is a nonprofit agency. Eligibility is not dependent on the shelter being approved by Food and Nutrition Service (FNS).2. An individual or family living with others but purchases and prepares food <u>separately</u>.3. A group of individuals living together and purchase and prepare food <u>together</u>.4. An individual age 60 years old or older (and spouse) living with others may be a separate household if:<ol style="list-style-type: none">a. the individual (or couple) is unable to prepare meals because of a permanent disability (as defined by the Social Security Act) or a severe permanent disability not related to a disease; AND,b. the individual (or couple) lives with others whose gross income does not exceed 165% of the poverty level for its household size (SNAP 001). NOTE: The elderly/disabled individual's (and spouse) income is excluded when making the income determination. <p>INELIGIBLE HOUSEHOLDS</p> <p>The following households are ineligible if:</p> <ol style="list-style-type: none">1. Any required filing unit member is on strike; EXCEPTION: If the household was eligible for SNAP benefits the day prior to the strike <u>and</u> is otherwise eligible at the time of application, the household may be eligible for benefits. The benefit is not increased because of the decreased income of the striking member. Compare the striking member's income before the strike to the striker's current income. The higher of the two incomes is countable income (SNAP 501-1).2. All members are disqualified; or,3. The household fails to meet financial or non-financial eligibility

	requirements.
	<p>EXCLUDED HOUSEHOLD MEMBERS</p> <p>Individuals excluded from the filing unit:</p> <ol style="list-style-type: none"> 1. Boarders <u>paying</u> an adequate amount (thrifty food plan) for their meals unless the household requests they be included in the assistance unit. Boarders' income and resources are countable when they are included in the assistance unit. Boarder status cannot be granted to spouses or to parents and children under the age of 22 years residing in the same household (SNAP 201-4 and SNAP 503-1). Boarder status cannot be granted to individuals under age 18 under the parental control of an adult household member. 2. Roomers are individuals who receive lodging but not meals for compensation from a household (SNAP 501-1 and SNAP 503-1). 3. Live-in attendants whether or not they purchase and prepare their food separately from the household they provide medical, housekeeping, childcare or similar personal services. NOTE: Live-in attendants may receive benefits separately on their own case. There is the possibility the household who they provide services for receives benefits on one case, and the live-in attendant receives benefits on another case even though they do not purchase and prepare food separately. 4. Ineligible students (SNAP 201-5). 5. Other individual(s) or families living with the household but purchase and prepare food separately. 6. Individuals residing in an institution providing more than half of their meals each day as part of the institution's normal services. This includes students living on or off campus, who buy a meal ticket from the institution when the amount of purchased meal ticket equals more than half of their meals each day. It does not matter if the purchase of the meal ticket is required or by choice. If a student eats or purchases more than 50 percent of his/her meals on campus, he/she is considered a resident of an institution and therefore, not eligible for participation in SNAP. The OPA discusses with the student the number of meals the student anticipates eating/ purchasing on campus and determine whether or not the numbers of meals purchased exceeds 50 percent of three meals daily in any given month. 7. Foster children the household chooses <u>not</u> to include in the SNAP assistance unit. 8. Individuals detained in federal, state or local penal correctional facilities or other detention institutions for the majority of the month. 9. Individuals who have received benefits in another state or commodities from the Food Distribution Program on Indian Reservations (FDPIR).
	<p>MAJORITY OF THE MONTH</p> <p>An individual is a household member when the individual is residing or is anticipated to reside in the household for the majority of the month.</p> <p>EXCEPTION: Spouses are included in the household when the spouse is in the household for any part of the month.</p>
	<p>REQUIRED HOUSEHOLD MEMBERS (FILING UNIT)</p> <p>Individuals required to be included in the filing unit:</p>

1. All household members who purchase and prepare food together unless specifically excluded based on policy on Pages 2 - 4 of this manual section.
2. The following must be **CONSIDERED ONE HOUSEHOLD** even if they purchase food and prepare food separately unless ineligible per policy in this manual section.
 - a. Spouses residing together unless otherwise excluded (e.g., ineligible student, probation/parole violator, etc.). Spouses are included in the household when the spouse is in the household for any part of the month. If same sex couples marry in a jurisdiction recognizing same sex marriage, they are considered as spouses. Same sex marriage is permissible under Montana law. The state of Montana recognizes same sex marriages performed in other jurisdictions.
 - b. Children under 22 years old living with their natural, adoptive or stepparents. Parents and children must be in one SNAP household even if the child under 22 years old has their own children or a spouse living with them. Use the following guidance when determining whether parents and children are "living together" in order to determine if they must participate as one household. The OPA explores with the household whether the parents and children all reside in a structure that has common facilities (e.g., kitchen, living room area, etc.). If they do reside in a structure that has common facilities, this is a good indication that this group should be certified as one household. If they reside in the same structure but have separate facilities, the OPA explores with the household what their actual living arrangements are. If the child uses the facilities of the parents' home, it is likely the group should be certified as one household. If the child does not use the facilities of the parents' home, it is likely the group can be separate households. There is no requirement that applicants have cooking facilities as a prerequisite for SNAP participation. The OPA provides reasonable documentation in case notes on the basis for its household composition determination. **NOTE:** Whether a child is or is not paying rent is not a critical factor in deciding the question of "living together." It may be a factor for the OPA to look at if necessary, but rent would not be the deciding factor in determining household composition. Children living in more than one household during the month are considered a member of the household providing or is responsible to provide the majority of their meals in the month. In joint custody cases when a child spends equal time with both parents, the OPA discusses its options with the household and allow Mom and Dad to choose what is more advantageous to them. They could alternate having children in one or the other's household monthly, every other month, quarterly, every six months, or yearly. If only one parent is applying for SNAP benefits, there is not an issue of alternating children in one or the other's household.
 - c. Minors less than 18 years of age (excluding foster children) living under the parental control of an adult household member (SNAP 201-2). Boarders not paying an adequate amount for their food (SNAP 204-1). The thrifty

	<p>food plan is used to define 'adequate amount'.</p>
	<p>REQUIRED MEMBERS INELIGIBLE FOR SNAP</p> <p>Disqualified individuals required in the filing unit but are not part of the assistance unit.</p> <ol style="list-style-type: none"> 1. Individuals who fraudulently misrepresented identity or residence in order to receive multiple benefits at the same time. These individuals are ineligible to participate in the SNAP for 10 years for the first and second offenses, and permanently for the third offense. 2. Individuals convicted of trafficking SNAP benefits of \$500 or more. These individuals are permanently disqualified from receiving SNAP benefits. 3. A fleeing fugitive felon is determined when a Federal, State or local law enforcement officer presents an outstanding felon arrest warrant that contains one of the following National Crime Information Center Uniform Offense Classification Codes: <ol style="list-style-type: none"> a. Escape(4901) b. Flight to Avoid (prosecution, confinement, etc.)(4902) c. Flight-Escape (4999) <p>The warrant must be presented to obtain information on the location of and other information about the individual.</p> 4. Probation or parole violators <u>of any age</u> who violate <u>a felony or misdemeanor</u> condition of probation or parole imposed under federal or state law. To be considered a probation or parole violator: <ol style="list-style-type: none"> a. An impartial party (P&P Officer or other law enforcement officer) must determine that the individual violated a condition of his or her probation or parole imposed under Federal or State law; and b. Federal, State, or local law enforcement authorities are actively seeking the individual to enforce the conditions of the probation or parole. <p>Violation of probation or parole must be verified in order to deny or terminate SNAP benefits.</p> 5. Individuals convicted for felony possession, use, or distribution of illegal drugs after August 22, 1996. 6. Individuals found guilty of Intentional Program Violation (IPV) through the Administrative Disqualification Hearing process (SNAP 1505-1) or Prosecution for Fraud. 7. Individuals found guilty in federal, state or local court of trading SNAP benefits for controlled substances or vice-versa. They are ineligible to participate in SNAP for 24 months for the first offense and permanently for the second offense. 8. Individuals found guilty in federal, state or local court of being involved in the sale or trade of firearms, ammunition or explosives for SNAP benefits or vice-versa. They are permanently disqualified from receiving SNAP benefits. 9. Aliens not meeting the definition of an eligible alien (SNAP 301-2). 10. Individuals choosing not to provide a Social Security number (SNAP 303-1). 11. Individuals disqualified due to work registration disqualification (SNAP 703-1)
	<p>VERIFICATION OF STATUS OF # 3, 4, 5, 7 AND 8:</p> <p>An adult household member may verbally or in writing, under penalty of perjury,</p>

	<p>declare the status for each household member. If there is a change in a household member's Self Declaration of Status, the household is required to report it at recertification. If the OPA discovers during the certification period an <u>individual</u> may meet one of the statuses described, the household must be notified of the OPA's knowledge of the information and must be given the opportunity to dispute the information via a 10-day request for information notice. If the household does not respond, the case is closed for failing to provide information necessary to determine household composition and eligibility and/or level of benefits. The OPA provides the household timely notice of adverse action. NOTE: CSC's should <u>not</u> be seeking out information (e.g., initiating contact with law enforcement or parole officers, looking in newspapers, etc.) regarding drug felons or fleeing felons. An individual is disqualified as soon as the court enters a judgment even if a sentence will be imposed later or never imposed. If the judgment is guilty, the individual remains disqualified even if the sentence has been served. The status only changes if the conviction (SNAP 0-4), judgment, is expunged (removed from the individual's record) by court action. If an individual was 'convicted' and through a court action the reference to the conviction was removed, the individual is no longer considered 'convicted' for SNAP purposes. The individual can reapply and be certified for SNAP benefits if otherwise eligible. A record is considered clear when there is no longer any mention of the conviction on the criminal record. Any action taken against a minor in youth court cannot be considered a felony. A minor is only disqualified if treated as an adult and found guilty.</p>
