# The Montana Department of Public Health and Human Services

## Announces Winter Training Workshops for METRC Marijuana Tracking System

---

**DPHHS workshops will provide program updates, best practices, and Metrc instruction with a live Q&A.**

The Montana Department of Public Health & Human Services along with Franwell (Metrc) – the provider of Montana’s marijuana inventory tracking system – will be holding medical marijuana program workshops for licensees around the State of Montana in February 2018.

**The workshops will be held in the following cities:**

*An additional workshop may be offered in the afternoon to accommodate registrations. The date, time, and location of these workshops may be subject to change, please register online at [www.metrc.com/montana](http://www.metrc.com/montana) for the workshop near you and to keep up to date on any changes.*

- February 5<sup>th</sup> – Billings
- February 6<sup>th</sup> – Bozeman
- February 7<sup>th</sup> – Butte
- February 8<sup>th</sup> – Helena
- February 12<sup>th</sup> – Kalispell
- February 13<sup>th</sup> – Missoula
- February 14<sup>th</sup> – Great Falls

Workshops/training is mandatory for all providers before you can be credentialed in METRC. If you are unable to attend a workshop in person, please visit [www.metrc.com/montana](http://www.metrc.com/montana) for more information on additional educational sessions offered to meet this requirement.

Friday, January 19, 2018

The workshops will provide an overview and training on the Metrc Inventory Tracking Program as well as having staff from the State and Metrc on hand to answer questions from the industry:

- Rules & Enforcement
  - DPHHS representatives will be available to answer questions regarding compliance and enforcement
- Metrc Marijuana Inventory Tracking
  - Metrc representatives will be on hand to;
    - Answer questions from licensees with DPHHS
    - Discuss common errors & troubleshooting
    - Discuss reporting requirements and procedures in Metrc

This workshop will be open to all licensees or their representatives; non-licensees may register but will be put on a waiting list until licensees have had a chance to register as seating may be limited.
