

## Design Your Own Project

### Checklist

#### Project Goal:

- **Individual Grantees:** Research a self-designed project related to asthma, review project with Montana Asthma Control Program staff member for approval of project, and complete an outcome report related to the project chosen
- **Group Grantees:** Research a group-designed project related to asthma, review project with Montana Asthma Control Program staff member for approval of project, and complete an outcome report related to the project chosen
- Preparation:
  - ✓ Research a project related to asthma
  - ✓ Contact Montana Asthma Control Program staff for project approval
  - ✓ Complete outcome report related to your chosen project

#### The Options Are Endless...but here are some ideas

- The EPA School Flag Program
- Flu Clinics for Children with Asthma
- Improving your school absenteeism, asthma data tracking or medical services related to asthma
- Integrating Asthma Education into your district's curriculum
- Work with another chronic disease expert in your community to develop resources for the Montana School Health website

#### Follow-Up:

- Present your findings to the school staff, school administrators or school board; note how the recommendations are received and if any action steps are taken as the result of your recommendations

#### Report Results:

- Complete the outcomes report form and return it to William Biskupiak by May 31, 2017
