**Richard H. Opper, Director**

To: All Schools and Local Health Jurisdictions  
From: Montana Immunization Program  
Re: New School Immunization Rules Training for School Personnel

The Montana Immunization Program will conduct webinar trainings for all school personnel on the new immunization requirements with a practice session on how to read immunization records. The intended audience is school personnel and anyone who may be assisting in school immunization assessments. The same training will be offered three times and there is no need to attend more than one session.

This email was sent blind copy to all schools and local health jurisdictions. Please forward to anyone else in your organization that would benefit from this presentation.
