## RE: Reimbursement

The Community Services Bureau (CSB) implemented a new procedure code for Medical Transportation mileage in the January 2016 policy manual without a corresponding update to the rule. The Community First Choice/Personal Assistance Services (CFC/PAS) 606 manual will be updated October 1, 2016 to implement the new procedure code after the rulemaking process has been completed. In the meantime, the procedure code A0080 is the correct code to bill medical transportation mileage. Claims that were submitted and denied with the procedure code S0215 must be re-submitted to Xerox under the A0080 procedure code.

Please place this policy memo at the beginning of section CFC/PAS 606 of your policy manual. This policy manual is effective immediately:
