State of the State’s Health
American Indian Residents
State of the State’s Health
White men in Montana lived 19 years longer than American Indian men, and white women lived 20 years longer than American Indian women. White women lived seven years longer than White men, and American Indian women lived six years longer than American Indian men.
Age-Adjusted Mortality Rate

The age-adjusted mortality rate for White residents of Montana was substantially lower than for American Indian residents: 742.6 per 100,000 (95% Confidence Interval 735.4 -749.7) compared to 1184.6 per 100,000 (1129.9-1242.0). In addition, the mortality rates for many individual causes of death were lower for White residents than for American Indian residents.

*American Indian mortality rates statistically significantly higher than White mortality rates.
The Quest for Quality Indian Healthcare

FY2018 TRIBAL BUDGET RECOMMENDATIONS TO THE U.S. DEPARTMENT OF HEALTH & HUMAN SERVICES
National Tribal Budget Formulation Workgroup Presentation
HHS 18th Annual Tribal Budget Consultation
American Indian Health

• Unique Nature of the Health Care Delivery System
• Relationships with Federal, State, and Tribal Governments
• Indian Health Care Improvement Act (PL 94-437)
• Sovereignty & Self-Determination (PL 93-638)
• Resources and funding for Indian Health Service
• Urban Indian Health funding and support
• Support and funding of Public Health Programs in Indian Country
American Indian Health

- Medicare Like Rates for IHS and Tribes
- Special Diabetes Program for Indians
- Affordable Care Act and Implementation Opportunities
- Data and Research, Data Coordination and Tribal Data Sharing Agreements
- Tribal Premium Sponsorship
- Health Parity, Health Equity, Health Equality
Montana Tribal Premium Sponsorship Summit

Introduce, foster, and facilitate discussion and opportunities for Montana Tribal Premium Sponsorship. A meeting of Tribal Leaders, Tribal Health Directors, Urban Indian Health Directors, and other top leadership. Event will be focused upon top leadership, or people of influence. The intention is to provide a setting for active learning, discussion, debate, and support.

Participants: Tribal Leaders, Tribal Health Directors, Urban Indian Health Directors, IHS, Tribal CFO/Finance Officer, Chief of Staff, DPHHS, RMTLC, MTCC, MAIWAC

February, 2017

Montana Tribal Premium Sponsorship Workshop

Based upon the collective and support from the Summit, the workshop will focus upon specific engagement by individuals directly involved in the formation, creation, and management of a Tribal Premium Sponsorship program or plan. Individuals will be involved in discussing a plan and policies for the performance and implementation of a plan. At the conclusion of the workshop, a best practices tool kit will be provided to support the next steps.

Participants: Tribal Health Directors, Urban Indian Health Directors, IHS, Payors, Tribal Finance, Providers (top 10?), DPHHS, RMTLC, MTCC, MAIWAC

April, 2017

Montana Tribal Premium Sponsorship Training

The Montana Tribal Premium Sponsorship Training will focus upon providing learning to create the necessary performance and execution of the Program or Plan. The training will be based in activities and actions related to the program function. The training will discuss necessary operational infrastructure, administration, staffing, and management. This differs from the two previous offerings as training will support the implementation and performance of the program to achieve expectations and measurements necessary for success.

Participants: Tribal Health Directors, Urban Indian Health Directors, Staff (Tribal/Urban) IHS, Payors, Finance, DPHHS, RMTLC, MTCC, MAIWAC
Comprehensive Primary Care Plus

- John Hannigan, Denver CMS Regional Office, Area Regional Administrator for the Division of Financial Management and Fee For Service Operations
