Get Ready for Value-Based Payments
Join Our Federally Funded Program Today

- Redesign your practice to manage population health
- Increase your revenue
- Set up your billable care coordination service
- Qualify for PCMH Certification

Use Federal Grants to Establish Your Entire Value-Based Infrastructure At No Cost to You
Medicare’s goal is to have at least 85% of payments tied to quality and value by 2016. Using federal funds, we will get you ready.

If you act now, you can establish your value-based infrastructure at no cost.

The Consortium will:

**Set up your billable care coordination service**
- Train, certify and mentor your care coordinators
- Implement the necessary IT infrastructure
- Provide a federally funded 24/7 nurse advice hotline

**Redesign your practice to manage population health**
- Modify clinic workflow to address care gaps
- Provide data to identify cost savings opportunities
- Report and improve ambulatory quality scores
- Promote evidence-based medicine
- Measure patient satisfaction at the point of care

**Qualify you as a Patient-Centered Medical Home**
- Develop physician-led care teams
- Facilitate coordinated, integrated care
- Promote culture of quality and safety
- Increase access to primary care

**Increase your revenue to preserve your future**
- Increase local utilization
- Maximize additional population health payments
- Prevent value-based payment penalties
- Identify the right advanced payment models for your community
The Consortium and Rural Healthcare Transformation

The National Rural Accountable Care Consortium is a non-profit organization that supports rural healthcare transformation.

Our aim is to support rural practice transformation to improve care, reduce unnecessary healthcare costs and improve patient satisfaction, while also improving the financial performance and sustainability of rural health systems.

In September of 2015, the Consortium received a four-year cooperative agreement from the Centers for Medicare and Medicaid Services (CMS) for up to $31 million to implement our Practice Transformation Network. The Consortium will assist more than 500 rural communities in preparing for and participating in the new value-based payment models through this program.
