**CAPS**

Foster care support services are entered by going to SERL and then SERP. Service codes are listed above. If the provider is ineligible for the service that is being requested, the worker should contact the FRS serving the family.

**Date of Eligibility**

The first day of the month in which all requirements for foster care support services have been met is the date of eligibility.

**Approval/denial**

The approval of the Regional Administrator is required for any orthopedic and orthodontic services which are not covered by the Medicaid EPSDT program. In-home respite care must also be approved by the regional administrator. Any support services for children who are receiving the SSI rate (PFSSI) for foster care payment must also be approved by the Regional Administrator. All other support services are approved by the supervisor.

The approval/denial procedure for foster care support services is found in the Section 405-11, Foster Care Support Services: Approval/Denial/ Appeal/Fair Hearing.

**Availability of Funds**

All foster care support services may be reduced, denied or discontinued regardless of eligibility if there are insufficient funds to pay for the requested services.
