37.51.101 YOUTH FOSTER HOMES: PURPOSE (1) These rules establish licensing procedures and licensing requirements for youth foster homes, including therapeutic foster homes and kinship foster homes licensed by the department.

37.51.102 YOUTH FOSTER HOMES: DEFINITIONS The following definitions apply to youth foster home licensing rules:

(1) "Department" means department of public health and human services.

(2) "Foster child" means a person under 18 years of age who has been placed in a youth foster home by the department, another state agency, a tribe, or a licensed child placing agency. A youth over the age of 18 may remain in foster care if still in secondary school.

(3) "Foster parent" means a person responsible for the day-to-day care, supervision, and guidance of children in a youth foster home.

(4) "Kinship foster home" means a youth foster home in which substitute care is provided by a member of the child's extended family, a member of the child's or family's tribe, the child's godparents, the child's stepparents if the child is placed with the stepparent by the department, or a person to whom the child, child's parents and family ascribe a family relationship and with whom the child has had a significant emotional tie that existed prior to the agency's involvement with the child or family.

(5) "Secondhand smoke" or "environmental tobacco smoke (ETS)" is a mixture of the smoke given off by the burning end of a cigarette, pipe, or cigar, and the smoke exhaled by smokers.

(6) A "serious incident" includes, but is not limited to suicide attempts, use of physical force by a foster parent or any member of the foster parent's household, sexual contact with the child by anyone, emergency medical treatment, injury to a foster child which requires hospitalization, physical assault by the foster child, involvement with law enforcement by any member of the foster parent's household, including a foster child, or the death of a foster child.

(7) "Substitute care" or "foster care" means the full-time care of a child who is placed in a youth foster home by the department, another state agency, tribe, or licensed child placing agency for the purpose of providing food, shelter, security and safety, guidance, direction, and, if necessary, treatment, to children who are removed from or who are without the care and supervision of their parents or guardians.

(8) "Therapeutic foster home" means a youth foster home operating under the direction of the clinical staff of a licensed child placing agency when such agency has a contract with the department to provide therapeutic foster care services. A therapeutic foster home provides substitute care to only one child unless it is approved by the department to provide care for a second child needing therapeutic services. The therapeutic foster home may provide services to a foster child who does not need therapeutic services only as provided in ARM 37.51.603.

(9) "Youth foster home" or "foster home" means a youth care facility in which substitute care is provided to one to a maximum of six children or youth other than the foster parents' own children, stepchildren or wards.

37.51.201 YOUTH FOSTER HOMES: LICENSE REQUIRED (1) Every youth foster home shall be licensed by the department or responsible tribal authority.

(2) Failure of a provider to obtain or renew a license while continuing to operate a youth foster home is a misdemeanor and shall be subject to the penalties provided in 52-2-623, MCA.

37.51.202 YOUTH FOSTER HOMES: LICENSING PROCEDURES

(1) Application for a license must be made on an application form provided by the department.

(2) Upon receipt of a completed application packet for license or renewal of license and completion of a licensing assessment, the department shall determine if the applicant meets all requirements for licensure as established in these rules.

(3) If the department determines that an application or accompanying information is incomplete or erroneous, the department shall notify the applicant in writing of the specific deficiencies or errors, and the applicant shall submit the required or corrected information within 60 days. The department shall not issue a regular license or renew a license until it receives all required or corrected information.

(4) The applicant or licensee shall cooperate with the department in providing the information required by these rules.

(5) Failure to provide information the applicant or licensee is obligated to provide may result in the denial of the application, or if a license has been issued, may result in other negative licensing action.

37.51.203 YOUTH FOSTER HOMES: LICENSURE AND RENEWAL

(1) The department shall issue a youth foster home, kinship foster home, or therapeutic foster home license to any license applicant that the department determines meets all licensing requirements established by these rules. The license will expire one year from the date it is issued unless it is extended up to an additional 60 days pursuant to (3).

(2) For placement made on or after June 2, 2006, the number of children for whom a foster home is licensed will be based in part on the number of children already residing in the home. There shall be a maximum of seven children residing in a foster home at any one time unless an exception is made by the regional administrator.

(3) The department shall renew the license annually on the expiration date of the previous year's license if:

(a) the foster parents apply for renewal of the foster home license on a form provided by the department at least 30 days prior to the expiration date of the current license; and

(b) following completion of a relicensing study, the department determines that the foster home continues to meet all licensing requirements established by these rules.

(4) If the foster parent submits a completed application packet for renewal of a license at least 30 days prior to the expiration of the license, but the department is unable to complete the relicensing study but makes a determination that the home is in compliance with the licensing requirements before the expiration date of the previous

year's license, the previous year's license will continue in effect for no more than 60 days while the department completes the relicensing study.

37.51.207 YOUTH FOSTER HOMES: PROVISIONAL LICENSURE

(1) The department may, at its discretion, issue a provisional license restricted for care of a specific child or children for any period up to four months to any license applicant for a youth foster home or kinship foster home which has:

- (a) met all licensing requirements for fire safety;
- (b) completed and signed a release of information form provided by the department;
- (c) submitted completed fingerprint cards on all adult household members;
- (d) a satisfactory child protective and adult protective services check for all adults present in the home; and
- (e) agreed in writing to comply fully with all licensing requirements established by these rules prior to the expiration of the provisional license.

(2) The department may, at its discretion, renew a provisional license for no more than a two month period of time if the license applicant shows good cause for unintentional failure to comply fully with all licensing requirements within the time period covered by the prior provisional license.

37.51.208 YOUTH FOSTER HOMES: RESTRICTED LICENSE (1) The department may issue a license that is restricted to the care of a specific child or children.

37.51.209 YOUTH FOSTER HOMES: DUAL LICENSE (1) If an applicant for a foster home or kinship foster home is a registered day care provider, or if a licensee wishes to become a registered day care provider, the regional administrator and the department's quality assurance division (QAD) must approve the dual license or registration.

37.51.210 YOUTH FOSTER HOMES: GRANTING LICENSURE EXCEPTIONS

(1) An applicant against whom child abuse or neglect has been substantiated or who has been convicted of abuse, sexual abuse, neglect, or exploitation of an elderly person or person with a developmental disability shall be denied a foster care license unless an exception is granted by a department regional administrator in his discretion, after careful review of extenuating circumstances which justify the issuance of a restricted license.

(2) An applicant whose child has been in foster care shall be denied a foster care license, unless an exception is granted by a department regional administrator because the circumstances leading to the provision of services and placement no longer exist. This does not include an applicant whose children were in foster care prior to being placed with the applicant for adoption.

(3) No applicant shall be newly licensed as a youth foster home if any one of the following has occurred within 12 months of the application, unless an exception is granted by a department regional administrator:

- (a) a death of a spouse or a child in the applicant's family;
 - (b) a marital separation or divorce of the applicants;
 - (c) an adoption of a child who has not been living with the applicants for at least one year;
 - (d) the birth of a child to the applicants; or
 - (e) loss of employment by an applicant.
- (4) If any event described in (3) through (3)(e) occurs in a licensed foster home, the foster parents shall notify the licensing worker within 48 hours as required by ARM 37.51.602 and the licensing worker will reevaluate the home within 30 days to determine whether to recommend a change in the licensing status of the home.

37.51.216 YOUTH FOSTER HOMES: NEGATIVE LICENSING ACTION

(1) The department, through written notice to the applicant or licensee, shall deny, revoke, or restrict a license upon finding that:

(a) the applicant, licensee, or member of the applicant's or licensee's household, has a conviction for a serious crime, such as but not limited to homicide, sexual intercourse without consent, sexual assault, aggravated assault, assault on a minor, assault on an officer, assault with a weapon, kidnapping, aggravated kidnapping, prostitution, robbery, or burglary;

(b) the applicant, licensee, or member of the applicant's or licensee's household, has a conviction for a crime pertaining to children or families, including but not limited to child abuse or neglect, incest, child sexual abuse, ritual abuse of a minor, felony partner or family member assault, child pornography, child prostitution, internet crimes involving children, felony endangering the welfare of a child, felony unlawful transactions with children, or aggravated interference with parent-child contact; or

(2) The department, through written notice to the applicant or licensee, may deny, suspend, restrict, or revoke a license upon a finding that:

(a) the applicant, licensee, or member of the licensee's household has a conviction for misdemeanor partner/family member assault, misdemeanor endangering the welfare of a child, misdemeanor unlawful transaction with children, or a crime involving an abuse of the public trust;

(b) the foster home is not in compliance with fire safety standards;

(c) the foster home or foster parents are not in compliance with any other licensing requirements;

(e) the foster parent has failed to use the foster care payments for the support of the foster child;

(f) the foster parent has been named as the perpetrator in a substantiated report of abuse or neglect;

(g) the foster parent failed to report an incident of suspected abuse or neglect of any child to the department as required by 41-3-201, MCA, within 24 hours of receiving information pertaining to the incident;

(h) the results of a psychological or medical examination provide reasonable grounds for the department to believe that the foster parent is not an appropriate caretaker for a child; or

(i) the foster parents or anyone living in the foster home may pose any risk or threat to the safety or welfare of a child placed in the foster home.

(3) The foster home has failed to protect the health, welfare, or safety of a child or the foster home presents a threat to the health, welfare, or safety of a child.

(4) A foster care license may be suspended, restricted, or revoked at the discretion of a department regional administrator if the licensee's child is placed in foster care.

37.51.217 YOUTH FOSTER HOMES: HEARING PROCEDURES (1) Any applicant or licensee against whom the department takes negative licensing action regarding a youth foster home, kinship foster home, or therapeutic foster home license may request a hearing as provided in ARM 37.5.304, 37.5.307, 37.5.313, 37.5.322, 37.5.325, 37.5.328, 37.5.331, 37.5.334, and 37.5.337.

37.51.218 YOUTH FOSTER HOMES: REMOVAL OF A CHILD (1) The department after providing the foster home with notice may remove a child in the care or custody of the department from a foster home at any time it determines that another placement is more appropriate. The department may immediately remove any foster child if there is a need to protect the child from possible harm.

(g) comply with state laws including those that relate to the possession or use of drugs, alcohol, tobacco, and firearms; and

(h) have lived together for at least 24 months unless an exception is granted by a department regional administrator.

(2) No person residing in or visiting the foster home may pose a risk or threat to the safety and well being of children in the home.

(3) The foster home shall protect the foster child from exposure to sexual or violent language and behavior inappropriate to the child's age, including but not limited to physical activity, visual or other media depictions, and music, including lyrics.

37.51.305 YOUTH FOSTER HOMES: HEALTH VERIFICATION REQUIREMENTS FOR FOSTER PARENTS AND OTHER HOUSEHOLD MEMBERS

(1) A personal statement of health form provided by the department must be completed for each person in the applicant's household. The form must be submitted to the department with the initial licensure application and a new form must be submitted prior to relicensure.

(2) Any person staying in the foster home for more than two weeks must complete a personal statement of health form provided by the department. If the person is an adult, the person must also complete a release of information form provided by the department. The completed forms are to be submitted to the department licensing worker.

37.51.306 YOUTH FOSTER HOMES: PRESCHOOL AGE CHILD IMMUNIZATION REQUIREMENTS (1) All children residing in the foster home under five years of age shall be immunized according to the following schedule:

Total Immunizations Required, By Age

<u>Age</u>	<u>Number Doses - Vaccine Type</u>
under 2 months old	no vaccinations required
by 3 months of age	1 dose of polio vaccine 1 dose of DTP vaccine 1 dose of Hib vaccine
by 5 months of age	2 doses of polio vaccine 2 doses of DTP vaccine 2 doses of Hib vaccine
by 7 months of age	2 doses of polio vaccine 3 doses of DTP vaccine *2 or 3 doses of Hib vaccine

by 16 months of age	2 doses of polio vaccine 3 doses of DTP vaccine 1 dose of MMR vaccine, administered no earlier than 12 months of age *1 dose of Hib vaccine given after 12 or 15 months of age
by 19 months of age	1 dose of varicella vaccine 3 doses of polio vaccine 4 doses of DTP vaccine 1 dose MMR vaccine, administered no earlier than 12 months of age *1 dose of Hib vaccine given after 12 or 15 months of age

(*) varies depending on vaccine type used.

(2) If the child is at least 12 months old but less than 60 months of age and has not received any Hib vaccine, the child must receive a dose.

(3) Documentation of each required vaccination must include the date of birth and the month, day, and year of each vaccination.

(4) Hib vaccine is not required or recommended for children five years of age and older.

(5) Doses of MMR vaccine, to be acceptable under this rule, must be given no earlier than 12 months of age. A child who received a dose prior to 12 months of age must be revaccinated.

37.51.307 YOUTH FOSTER HOMES: SCHOOL AGED CHILD IMMUNIZATION REQUIREMENTS (1) All children residing in the foster home under 12 years of age shall be immunized in accordance with the following standards:

<u>Vaccine</u>	<u>Dosages Required by Age</u>
Polio	Each child must receive at least three doses of polio vaccine, one of which is administered after age four.
DTP or DTaP	Each child must receive at least four doses of DTP or DTaP (diphtheria, tetanus, and pertussis) vaccines by age four and one dose of Dtap after age four but before age seven, unless a licensed health care provider has issued a medical exemption for the pertussis portion of the DTP or DTaP vaccine. If a medical exemption has been issued for pertussis, the child must receive at least four doses of DT vaccine or

a combination of four doses of DT, DTP, and DTaP vaccines before age four and one dose of the DT vaccine after age four but before age seven.

Because neither DTP nor DTaP vaccines are recommended or required for a child older than age seven, a child in the foster home age seven or older who has not received the four doses of DTaP or DTP vaccinations described above must receive a Td vaccine (tetanus and diphtheria vaccine intended for persons seven years of age or older) as soon as possible and must then receive sufficient additional Td doses to reach a minimum of three doses of any combination of DTP, DTaP, DT, or Td containing vaccine.

Hib Each child must receive one dose of Hib vaccine (Haemophiles influenza type B) disease on or after the child's first birthday. However, an Hib vaccination is not recommended or required for a child age five or older who has not previously received one.

Td Each child in the foster home must receive a Td (tetanus diphtheria containing vaccine intended for children younger than seven years of age) booster shot unless the child has had a DTP, DTaP, DT, or Td shot within the previous five years or the child received a Td shot at seven years of age or older.

(2) The immunization history may be recorded on the Montana certificate of immunization form provided by the department or a physician or clinic may provide an immunization record which includes:

- (a) the name of the physician or clinic;
- (b) the name and birth date of the child; and
- (c) the date and type of immunization.

(3) The immunization information is to be kept on file in both the foster home and the licensing file.

(2) A new applicant must submit a completed fingerprint card so that a fingerprint based criminal records check can be requested.

(3) If a new applicant who has lived only in Montana cannot be successfully fingerprinted or if two fingerprint cards cannot be successfully read by the department

of justice, a Montana name based criminal records check will be used for applicants who have not lived in a state other than Montana.

(4) If an applicant who has lived in states other than Montana cannot be successfully fingerprinted, or if two fingerprint cards cannot be successfully read by the department of justice, a Montana name based criminal records check will be completed, and:

(a) a criminal history check will be requested from every state in which an applicant has lived in the past 15 years;

(b) a check will be made of the violent offender and criminal history registries in those states if this information is available for states in which the applicant has lived; and

(c) if after 45 days, the department has been unable to obtain results of a criminal records check for an applicant who has lived in Montana for at least five years, the applicant must sign an affidavit attesting to his lack of criminal history or to the details of existing criminal history. The affidavit will be accepted in lieu of results from a criminal history check.

(5) An annual name based criminal records check and a motor vehicle check for licensed foster parents are required for relicensure.

(6) Persons formerly licensed as foster parents will be treated as new applicants if the former foster parents have not been licensed for a period of more than one year or if the foster parents have lived out of state for any period of time since being licensed in Montana.

(7) If an applicant has children, a child protective services check will be requested from all states in which an applicant has lived since the birth date of the applicant's oldest child.

(8) If an applicant does not have children, a child protective services check will be requested from all states in which the applicant has lived in the previous 15 years.

(9) If after 45 days the department has been unable to obtain results from a child protective services check, the applicant must sign an affidavit attesting to his lack of child protective services history or to the details of existing child protective services history. The affidavit will be accepted in lieu of receipt of child protective services history results.

37.51.311 YOUTH FOSTER HOMES: PSYCHOLOGICAL AND MEDICAL EXAMINATIONS (1) The department may require a psychological evaluation or medical examination, and/or a signed authorization for release of medical or psychological records from:

(a) any person applying for licensure as a foster parent, or any member of the household of a person applying for licensure as a foster parent; or

(b) any foster parent or any member of a foster parent's household.

(2) The results of a psychological or medical examination may be considered in determining whether an applicant or licensee meets licensing requirements and may be relied upon as a basis for negative licensing action.

37.51.601 YOUTH FOSTER HOMES: CONFIDENTIALITY OF RECORDS

AND INFORMATION (1) All information in records maintained in a youth foster home and all personal information made available to a foster parent pertaining to an individual child and the child's family must be kept confidential unless a written court order authorizes the release of the information. The confidentiality requirement continues after the child is no longer in the home. The confidentiality requirement also applies to information a foster parent receives about foster children placed with other foster parents, whether the information is received in a support group setting or otherwise.

(2) All requests for records or information maintained by a youth foster home which pertain to an individual child or the child's family must be referred to the department or, if applicable, to the agency that placed the child. The department may authorize the release of information from the foster home; the foster home may not.

(3) All records pertaining to individual children placed by the department are available at any time to the department or its representatives.

(4) Records pertaining to individual children residing in the home but not placed by or in the custody of the department are available to the department for the purposes of licensing or relicensing the youth foster home.

37.51.602 YOUTH FOSTER HOMES: REPORTS OF CHANGE IN COMPOSITION OF

FOSTER HOME (1) Foster parents shall notify the department licensing worker or supervisor, and if applicable, the child placing agency's licensing worker under whose jurisdiction the foster home operates, within 48 hours of:

- (a) a death of a spouse or a child in the foster family;
- (b) a marital separation or divorce of the foster parents;
- (c) an adoption of a child who has not been living with the foster parents for at least one year;
- (d) the birth of a child to the applicants; or
- (e) loss of employment by an applicant.

(2) At least 30 days prior to moving, foster parents shall report a planned change of residence to the department licensing worker or supervisor and, if applicable, to the child placing agency under whose jurisdiction the foster home operates. The licensing worker assigned to the family will evaluate the new residence for compliance as soon as possible but not more than 10 calendar days after the move to the new residence.

(3) Foster parents shall provide notice to the department licensing worker or supervisor and, if applicable, the child placing agency under whose jurisdiction the foster home operates:

- (a) before agreeing to accept formal or informal placement of any child, including placement of an exchange student, when such placements have been arranged without prior approval of the agency which conducted the foster home licensing study;
- (b) within one working day of any changes in household composition; and
- (c) within 30 days of a change in employment.

(4) If a foster parent is unwilling or unable to care for a child who is placed in the foster parent's care, the foster home shall notify the child's worker immediately. The foster parent is not authorized to make his own arrangements for care of the child, except for respite care.

(5) A foster parent may not accept a child into the household without prior notice to the department and the prior approval of the department.

37.51.603 YOUTH FOSTER HOMES: THERAPEUTIC FOSTER HOMES

(2) Therapeutic foster parents are in home treatment providers who, in addition to carrying out usual family foster parent responsibilities, implement treatment strategies and provide treatment interventions under the supervision of a therapeutic foster care agency's clinical staff according to the child's individual treatment plan.

(3) Therapeutic foster care requires the availability of one parent to provide 24 hour per day supervision to deliver therapeutic services as needed. Parenting skills must be sufficient to meet the level of therapeutic foster care being provided, including being adequate to address the needs of the emotionally disturbed youth in the areas of behavior management, supportive counseling, and implementation of the treatment interventions identified in the child's individual treatment plan.

(6) A child receiving therapeutic foster care may not be placed in child care in excess of four hours per day without the written approval of a department regional administrator.

(7) Therapeutic foster parents are members of the youth's treatment team and must participate in treatment team meetings.

(8) Therapeutic foster parents must regularly document the youth's progress toward achievement of the individual treatment plan. This documentation must be put in writing and must be incorporated into the youth's case file within 30 days.

(9) The department may approve the placement of children who are not approved for therapeutic foster care services with youth receiving therapeutic foster care services when:

(a) placement in the therapeutic foster home will maintain an intact sibling group;

(b) placement in the therapeutic foster home will maintain a parent/child relationship when the parent is a youth who is receiving therapeutic foster care services;

(c) moving a child who was previously placed in the therapeutic foster home but is not receiving therapeutic foster care services is determined by the department to not be in the best interests of the child; or

(d) the department and treatment team determine that a kinship placement is appropriate and an exception is granted by the regional administrator.

The report shall include the date and time of the incident, the child involved, the nature of the incident, description of the incident and the circumstances surrounding the incident. A copy of the report shall be maintained at the foster home and a copy sent to the department licensing worker the next working day.

(3) Foster parents shall immediately report any foster child who has run away from home to the police and shall report the runaway to the agency which placed the child within the next working day.

(4) Foster parents shall report disasters or emergencies which require evacuation of a foster home to the department's centralized intake bureau at 1-866-820-5437.

37.51.609 YOUTH FOSTER HOMES: REPORTS OF DISCIPLINE VIOLATIONS (1) If a foster parent or other household member physically disciplines a foster child as described in ARM 37.51.826 or violates any other portion of that rule, the foster parent must notify the agency that placed the child and the department licensing worker or supervisor of the violation by the next working day. The foster parent must then complete a written report on a form provided by the department and must submit it to both the person or agency which placed the child and to the department licensing worker or supervisor within 48 hours of giving notice of the violation.

37.51.801 YOUTH FOSTER HOMES: GENERAL PROGRAM REQUIREMENTS (1) The foster parents shall not accept more children than the number specified on the license.

(2) The foster parents must arrange for appropriate child care for every child in foster care when the child is not being cared for by a foster parent.
