

# **MONTANA DEVELOPMENTAL DISABILITIES PROGRAM MANUAL OF SERVICE RATES AND PROCEDURES OF REIMBURSEMENT FOR HCBS 1915c 0208, 1037, & 0667 WAIVER PROGRAMS**

Effective ~~July 1, 2015~~ July 1, 2016

SCOPE: This manual applies to all contracted staff and service providers that serve DDP individuals under the Medicaid Home and Community-Based Services (HCBS) Waiver programs, and other non-Medicaid programs.

PROGRAM OVERVIEW: Home and Community-Based Services (HCBS) are designed to support people with developmental disabilities in integrated and inclusive community settings. As such, HCBS provide alternatives to or prevent institutionalization. HCBS developmental disabilities waiver services differ from Montana Medicaid State Plan services in both their delivery and reimbursement philosophy. Specifically, HCBS residential habilitation and day/work services are considered long-term care services and involve both active training as well as health and safety monitoring and support. The balance of training and health / safety supports is based upon an individual plan of care (IFSP or PSP). Services are provided in accordance with individual's plan of care which specify the services for each person.

The HCBS provider reimbursement schedule defines the rates and units of service for each HCBS waiver category. As such the HCBS Waiver Reimbursement services are intended to accomplish three purposes:

1. ensure that people have fair and equitable access to services;
2. ensure that providers are fairly and equitably reimbursed for delivering those services; and
3. ensure that services purchased by people are delivered in sufficient amounts and at acceptable quality standards.

STATEMENT OF POLICY: The HCBS Waiver Reimbursement policy defines the amount of financial reimbursement for each HCBS service and consists of the following:

1. Direct Care Staff Time is the Billable Unit for most HCBS services (see table #1). Most provider reimbursement is based upon the amount of direct care staff time delivered to or on behalf of the HCBS individual by the provider. In order to meet the conditions for payment, the HCBS individual must be Medicaid eligible, enrolled, attend, and receive a HCBS Waiver Service; and the direct care staff must be actively employed and present to provide the HCBS Waiver Service. In addition, the service provided must be consistent with the individual's plan of care.
2. Direct care staff is defined to be those staff whose primary responsibility is the day to day, hands-on, direct support of people with disabilities, training and instruction, and assistance with and management of activities of daily living. In addition, substitute direct care can be provided for short, specific periods of time by staff whose primary duties may be other than direct care when regular direct care staff are absent and not in billable status, as long as staff training requirements for that service are met.

3. Billable units for most HCBS services are defined as either 15 minutes, hourly, daily, or monthly. Table 1 defines the applicable billable unit and associated financial reimbursement rate for each HCBS service. These rates are the costs for a single unit of service. The following definitions apply:
- The term “15 minutes” refers to fifteen minutes of staff time spent with or on behalf of an HCBS individual. For this definition, fifteen minutes is considered to be no less than 8 minutes or no more than 22 minutes. Minutes cannot be combined over different days. Partial units are not allowed.
  - The term “Hours” refers to one hour of direct care staff time spent with or on behalf of an HCBS individual. For this definition, an hour is 60 minutes. Partial hours are allowed. Hours cannot be combined over different days for hourly payment units.
  - The term “Daily” refers to services provided in that day. For this definition, a day rate is derived individually based on hours in each person’s Individual Cost Plan or staff ratios. A day is also defined as direct care activities which occur between the hours of 12:00 a.m. and 11:59 p.m.
  - The term “Month” refers to a single month billing unit. For services using this billable unit, reimbursement is made at a fixed monthly amount for care hours provided to those people enrolled in their service for that month. Monthly rates are used when individual support needs can vary widely on a daily basis. For services billed by this monthly unit: if an individual “ports” from one service provider to another mid-month, each provider may receive the appropriate pro-rated amount of the monthly fee for that month. Partial units are allowed.
4. For selected services, the following additional billable unit definitions apply:
- Congregate situations – in those instances when several people in the same setting are supported by shared staff, the billable units are each person’s share of the daily authorized direct care staff hours, as determined by their ICP.
  - Supported Employment Follow Along - the monthly rate is organized into three tiers which reflect different amounts of employment support staff’s time and contacts.
  - Supported Living - the “base” and “flex” levels are monthly rates based on the amount of support needed in two ranges, and an hourly rate is used for individuals needing more than 45 hours of support per month, or for children (also receiving WCCM services), or when a monthly unit is cost prohibitive.

**STANDARD RATES AND STANDARDIZED COST CENTERS:** All provider reimbursement rates consist of four cost centers. These cost centers are:

1. *Direct care Staff Compensation:* By direction from the Montana State Legislature, direct care compensation rates were originally established at the 35<sup>th</sup> percentile of Montana market value as described by compensation data collected by Hayes compensation studies, Health and Hospital compensation studies, and the U.S. Bureau of Labor Statistics. Job classifications used for Personal Support Workers are staff that perform at least 85% of the typical duties of a developmental disabilities attendant with a high school degree and no special training. Typical classifications include child care workers, home health care aides, nursing home aides, hospital orderlies, and assisted living workers. Job classifications used for Habilitation Workers are staff that perform at least 85% of the duties of a developmental disabilities attendant with an Associate Arts degree or

Certified Nursing Assistant credentials, or special training. Typical classifications include nursing home assistants, vocational trainers, behavior assistants, special education teachers' aides.

2. *Employee-Related Expenses:* Employment related expenditures refer to the benefits package that is offered to all employees who are involved in the care and services provided to the person with disabilities. These costs can be categorized into two groups:
  - Discretionary Costs - Discretionary costs are those associated with benefits provided at the discretion of the employer and are not mandated by local, state, or federal governments. Such benefits may include (but are not limited to) health insurance, profit sharing, and retirement benefits or stock options.
  - Non-Discretionary - Non-discretionary costs are those related to employment expenditures that are mandated by local, State, and Federal governments and are not optional to the employer. Such expenditures include (but are not limited to) FICA, FUTA, SUTA and workers' compensation insurance. Employee-related expenses vary for people who are self-employed and agency employees. Employer agencies bear the financial responsibility for workers' compensation, while self-employed workers are required to pay all federal income taxes.
3. *Program Supervision and Indirect Expenses:* Program Related costs are costs that have been assigned or cost allocated to DDP that are not Direct Care Wages; are not Direct Care Employee Related Expenses (DC ERE); and are not General & Administrative Costs (G&A). ***In other words Program Related costs are all the other DDP costs that are left after DDP costs are assigned or cost allocated to DC Wages, DC ERE, and G&A.*** Program Related costs can include but are not limited to the following:
  - Training costs for all staff.
  - Supervision of direct care staff (salary and benefits) and all other supervision costs (salary, benefits, and office costs) other than the CEO, CFO, & HRO.
  - Qualified professionals, registered records technicians, and all other program and support staff and professionals (salary, benefits, and office costs) except for the CEO, CFO, & HRO.
  - Transportation costs for all staff except CEO, CFO, & HRO.
4. *General & Administrative Expenses:* General and Administrative costs are costs that have been assigned or cost allocated to DDP that are management and operating costs at the upper level of the provider organization and include but are not limited to the following:
  - Executive Director's (CEO) salary and benefits and the costs of supporting the office of the CEO such as but not limited to phone, computer, and travel.
  - Chief Financial Officer's (CFO) salary and benefits and the costs of supporting the office of the CFO such as but not limited to phone, computer, and travel.
  - Human Resources Officer's (HRO) salary and benefits and the costs of supporting the office of the HRO such as, but not limited to phone, computer, and travel.

- The appropriate portion of insurance costs, depreciation, interest, taxes, etc that have been cost allocated to CEO, CFO, & HRO activities.

**REIMBURSEMENT RATE GEOGRAPHICAL FACTORS:** In addition to the standardized cost centers, geographical factors are applied for residential habilitation, day services and some work services; economy-of-scale factors are applied to residential habilitation. These factors are as follow:

1. *Geographical factor:* Geographical cost adjustment factors consider annual median\_wage, cost of rent, and unemployment. Based upon these factors, geographical cost adjustments are provided for residential and day/work providers in the following counties:
  - Medium = 1.84% add-on: Beaverhead, Park, Blaine, Lake, Hill, Ravalli, Madison, Dawson, Lincoln, Custer.
  - High = 4.48% add-on: Gallatin, Missoula, Yellowstone, Lewis & Clark, Stillwater, Jefferson, Fallon, Flathead, Rosebud, Big Horn, Powell, Richland, Silver Bow, Sweet Grass, Toole, Cascade, Musselshell, Glacier.
  - All other counties have no geographic factor adjustment.
2. *Economy-of-Scale factor:* Economy-of-scale factors are used to adjust provider reimbursement for general & administrative (G&A) and program-related (PR) costs for agencies of different sizes. Specifically, these cost factors are adjusted for group home providers as follows:
  - Small = Providers offering community home services in one (1) to six (6) sites within the region – no adjustment.
  - Medium = Providers offering community home services in seven (7) to seventeen (17) sites within the region – 2% reduction in G&A and 2% reduction in PRE.
  - Large = Providers offering community home services in eighteen (18) or more sites within the region – 4% reduction in PRE and 2% reduction in G&A.
  - SMALL Agency = Specific economy of scale factors are applied to very small providers of Supported Living, Residential Training Supports, Job Preparation, Retirement Services, and Day Supports & Activities services.

**DEVELOPMENTAL DISABILITIES PROGRAM  
RATES OF REIMBURSEMENT FOR HCBS 1915C 0208, ~~1037~~, & 0667 WAIVER PROGRAMS**

**EFFECTIVE ~~JULY 1, 2015~~ JULY 1, 2016**

Transportation	<p>Transportation: 0208, <del>4037</del>, &amp; <u>0667</u> waiver definitions</p> <p>DDP uses the term Mileage Reimbursement for transportation provided to the individual by persons not employed by a contracted qualified provider agency. Only miles with the individual present are billable. Mileage Reimbursement can be utilized for a variety of non-medical reasons, per activities related to the disability and as described in the plan of care.</p> <p>“Commute” to or from work/day: Individual’s average based on miles from their residence. A monthly amount will be invoiced for each month a ride to work/day, from work/day, or roundtrip is provided to each individual. This allocation is for commute transportation provided by a contracted qualified provider agency.</p> <p>Day Integration: A set monthly amount per 30.6 miles. One unit can be invoiced if one ride for integration as part of a work (SE) or day activity is given per month. This allocation is for day integration transportation provided by a contracted qualified provider agency, and the individual must have DDP funded day or work services to receive this allocation.</p> <p>Residential Integration: A set weekly amount per 22.95 miles. Will be invoiced each week if one ride for integration as part of a DDP residential service activity or transportation to assist in being an active community participant is given per week. This allocation is for transportation provided by a contracted qualified provider agency.</p>	<p>Per mile,</p> <p>per week,</p> <p>per month,</p> <p>or per item/fee</p>	<p>Mileage reimbursement is based on actual miles the individual was transported</p> <p>Commute is defined as a ride to, from, or round trip from the person’s residence to a day service, a job discovery/job preparation activity or site, a job in the community, or an activity regarding a supported employment service.</p> <p>Day Integration is a ride to, from, or round trip as part of a supported employment or day activity service</p> <p>Residential Integration is a ride to, from, or round trip as part of a residential or community activity.</p> <p>Transportation Other is per fee/item.</p>	<p>Mileage reimbursement – based on actual miles at <del>37.38</del> cents per mile</p> <p>Commute – based on individual miles and <del>89.91</del> cents for individual rides, or <del>44.5</del> <u>45.5</u> cents for group rides</p> <p>Day Integration – monthly amount per 30.6 miles at <del>37.38</del> cents per mile</p> <p>Residential Integration – weekly amount per 22.95 miles at <del>37.38</del> cents per mile</p>

Table # 2 below provides additional information about each waiver service defined above. It includes the additional contract expectations of providers, and clarifies the documentation requirements. Consistent and clear documentation is crucial to demonstrate that services billed for were provided to the individual and that services are resulting in progress toward or achievement of outcomes. Support checklists/shift notes or logs are required for most services as detailed below. A “support checklist” is defined as “notes summarizing staff and the individual’s activities including daily living, activities related to the individual’s plan of care outcomes, and notes describing other significant events that occurred, if any.” Support checklists must be dated, signed and kept in the individual’s file. The frequency is either daily or monthly, and frequency is specified for each service type below.
