Montana’s early childhood system

**Vision:** Children from birth to age five have the skills and knowledge they need to achieve their full potential in life

**Mission:** Strengthen Montana’s comprehensive early childhood system to enhance early learning and development, health, and family support and engagement
Early childhood system goals

1. Increase access to and participation in high quality ECE across a mixed delivery system

2. Montana has a confident and effective early childhood workforce

3. The early childhood system is coordinated to support effective family assessment, system navigation, care coordination, and use of data

4. Families are engaged and valued as partners in the early childhood system

5. Communities make early childhood a priority, and act to support children’s health, learning, and well-being

6. Montana’s early childhood system is structured to support policy alignment, strategic financing, continuous improvement, and accountability
