PROGRAM DESCRIPTION

WoRC GUIDELINES MANUAL

SUBJECT:
WoRC Component (WRC)

WRC COMPONENT:

Minor changes have been made to the edits on the WRC CODE component code to allow the OPA Case Manager to indicate the start date of the WRC component code.

This start date should be consistent with the date the client is referred to the WoRC Program for case management services and has signed the FIA with the OPA Case Manager; or the 1st of the following month.

► **NOTE: There must be a WRC component on the EMPL screen in order for WoRC to enter negotiated activities.**
