On or before 6/30/13, the Department of Public Health and Human Services will submit the Basic Medicaid Waiver Renewal for approval to the Centers for Medicare and Medicaid Services, effective 2/1/14. The current waiver includes about 8,500 able-bodied adults under section 1901 and 1925 of the Social Security Act, with incomes at or below 33% of FPL to receive the Basic Medicaid benefit (both physical and mental health Medicaid benefits) which are full Medicaid benefits except some excluded services. The waiver enables persons with schizophrenia or bipolar disorder to receive Basic Medicaid benefits. The request for the three year renewal submission includes the following changes effective January 1, 2014: include home infusion as a covered service; add major depression as an eligible group; increase the enrollment cap for individuals with schizophrenia, bipolar disorder, or major depression from "up to 800" to "up to 2000"; update the eligible diagnosis codes for these groups; update the per member per month costs of all the waiver populations; update the amount of money (Maintenance of Effort) the State needs to continue to spend on benefits for the mental health waiver population; update the waiver budget neutrality; revise the waiver draft evaluation design; and update general waiver language. The estimated total annual federal/state fiscal benefit impact is \$182,720,766.
