Helena, Montana 59604-4210

Dear Ms. Matthews:

The Centers for Medicare & Medicaid Services (CMS) has completed its review of the state's "Waiver for Additional Services & Populations (WASP)" Evaluation Design, which is required by the Special Terms and Conditions (STCs) for the Section 1115 Demonstration, Project Number (11-W-00181/8). CMS has determined that the evaluation design meets the requirements set forth in the STCs and, therefore, hereby approves the state's evaluation design.

The evaluation design is approved for the demonstration period through December 31, 2022, and is incorporated into the attached demonstration STCs as Attachment B. Per 42 CFR 431.424(c), the approved "WASP" evaluation design may now be posted to your state's Medicaid website. CMS will also post the approved evaluation design as a standalone document, separated from the STCs, on Medicaid.gov.

Please note that an interim evaluation report, consistent with the approved evaluation design is due to CMS one year prior to the expiration of the demonstration or at the time of the extension application if the state chooses to extend the demonstration. Likewise, the state must submit to CMS a draft of the final evaluation report within 120 days after expiration of the demonstration, consistent with this approved design.

Your CMS project officer, Ms. Wanda Boone-Massey, is available to answer any questions concerning this approval or your section 1115 demonstration. Ms. Boone-Massey may be reached by phone at 410-786-2619 or by email at wanda.boone-massey@cms.hhs.gov. We look forward to our continued partnership on the Montana WASP section 1115 demonstration.
