

American Indian Woman Heart Attack Radio Script

Sound effects: Native American drum beat steady and strong, like a heart beat

Native American woman 50-65 Years old says:

If you have pain in your neck and jaw

If you have shortness of breath

If you are nauseous

If you have pressure in your chest, you could be having a heart attack

Sound effects: Drum beats faster

Native American woman says:

I did and I lived because I knew the signs

Sound effects: Drum beat

Announcer: Heart Attack symptoms are not often recognized. Know the signs and call 9-1-1. Immediate treatment could save your life. For more information, call 1-800-242-8721. This message brought to you by the Montana Department of Public Health and Human Services and the Montana Tribes.
