2018 Revision. Prices effective April 1, 2018

ANNUAL NITRATE + NITRITE TESTING

Sampling from Entry Point Only (EP Sampling Site)

Dear Environmental Laboratory Customer:

For compliance with State and Federal Drinking water Regulations, we are sending out bottles for Nitrate + Nitrite analysis at the beginning of the year. Nitrate + Nitrite testing must be done once per calendar year by each Public Water Supply, unless you are required by DEQ to monitor more frequently. Please consider sending your Nitrate + Nitrite sample(s) in as early as possible. Your results will be forwarded to DEQ by our laboratory. Thank you for allowing us to be of service to your water system.
