

Pregnancy Quit Line Script

Grandma:

Can't believe my baby's having a baby! I was pregnant young, too though. Grew up fast - Taught her everything, though - Lots of good things... just one bad. I smoked with her. She was premature... it's so scary. I can't believe I passed that habit down. That's why I told her about the FREE Quit Line for pregnant moms.

Daughter:

Three months... smokefree.

Grandma:

Yep, she's going to have a better start.
