Prior to the fair hearing, a Department representative will conduct an administrative review of the matters which you are appealing. The administrative review is an opportunity to informally present your case and for the Department to reconsider the matters that you are appealing. The fair hearing is a process in which the parties formally present their legal arguments and evidence in support of their positions on the matters at issue. The decision of the Administrative Law Judge is made based on the evidence presented at the hearing and upon governing federal and state laws, regulations and policies. The decision of the Administrative Law Judge resolves the matters at issue and is binding upon the parties unless an appeal is made to state district court.
