Title: BSW 503
Section: PREADMISSION SCREENING
Subject: Level of Care Reevaluations
References: BSW Application 02-2019; ARM 37.40.1408

DEFINITION

A Level of Care Reevaluation is conducted to determine a members' ongoing need for services and to confirm the member continues to meet BSW's level of care requirements.

PROTOCOL

The CMT must conduct a Level of Care reevaluation at least annually and when there are significant changes in the member's needs. However, anytime the CMT believes that the member no longer meets level of care they should consult with the RPO.
