Choosing a long term care facility...

Choosing a facility for yourself or your family member is one of the most important decisions you will ever make. Here are 10 quick tips to help you in the process.

1.

Educate yourself about your options. One way to do this is to contact your local Area Agency on Aging at 1-800-551-3191 and ask to speak to the ombudsman. The ombudsman can give you a listing of facilities available in your area and answer any questions you might have.

2.

Visit any potential facilities. Ask to meet with the Administrator, Social Service director, and Director of Nursing.

In addition, request a tour and bring your loved one if possible so that both you can get a feel for the facility.

3.

As you tour the facility, make mental or written notes about your first impression. What do you see, hear, smell, and feel? Feel free to ask questions as you take the tour. Also, ask the administrative staff if they will give you a referral to a family or resident with whom you might speak about the facility.

4.

Ask to sample the food!

5.

As you tour the facility, ask to look at the activity calendar. Ask yourself if there are activities provided that might appeal to

you or your loved one. Ask about outings and special events.

6.

Ask to see a listing of services the facility provides. Does the facility have a vehicle to assist in transporting you or your loved one to and from appointments? In addition, request that the facility provide you with a cost of care estimate, which includes the base rate and extras.

7.

Ask for a copy of the facility's most recent survey. This document will tell you how the facility did on its last state inspection. You may also call the Montana Ombudsman Program for help in reviewing the results by calling 1-800-551-3191.
