

INDIVIDUAL SPECIALIZED SERVICES

Also known as GOAL 189

Individual Specialized Services (Goal 189):

A State general fund program established to facilitate a more timely discharge of individuals from Montana State Hospital (MSH) by creating opportunities and leveraging resources for integration into the community and to divert admissions to the MSH.

Eligibility:

Listed below is the hierarchy that determines the order in which an individual is eligible to receive Goal 189 funds.

- 1st Priority: Individuals being discharged from MSH or having been discharged within 1 year of the time the request is submitted.
- 2nd Priority: Individuals who have been admitted to a crisis facility or inpatient psychiatric facility within the past 6 months and are at risk of admission to MSH.

Services Provided:

Specialized services to be provided are assistance with housing such as the first month of rent and/or deposit, track phones, furniture, food, clothing, laundry, personal hygiene items, and other items that would facilitate a timely discharge or divert admission to MSH.

Restrictions:

Funding from this program is meant to be a payer of last resort after all community resources have been exhausted (e.g. rental assistance, public assistance organizations, churches, etc.)

Goal 189 Providers:

Current Goal 189 contracts have been issued to:

AWARE; Center for Mental Health; Eastern Montana Mental Health Center; South Central Regional Health Center; Sunburst Community Services Foundation; 3 Rivers Mental Health Solutions; We Care Behavioral Health; Western Montana Mental Health Center; and Winds of Change Mental Health Center.

Process:

Contact a Goal 189 provider, the provider submits request to Addictive and Mental Disorders Division (AMDD) for service approval, the provider will supply the service or item and submit an invoice AMDD.
