MONTANA
STATE PLAN FOR
INDEPENDENT LIVING
(SPIL)

Rehabilitation Act of 1973, as Amended, Chapter 1, Title VII

PART B - INDEPENDENT LIVING SERVICES

Part C - Centers for Independent Living

State: Montana

FISCAL YEARS:
Effective Date: October 1, 2020 – September 30, 2023

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number (OMB 0985-0044). Public reporting burden for this collection of information is estimated to average 240 hours per response, including time for gathering and maintaining the data needed and completing and reviewing the collection of information. The obligation to respond to this collection is required to receive financial assistance (Title VII of the Rehabilitation Act of 1973, as amended.)
Executive Summary

Section 1: Goals, Objectives and Activities

1.1 Mission:
Mission of the Independent Living Network and the SPIL.
The mission of Montana’s Independent Living network and this SPIL is to promote self-
determination and full inclusion of people with disabilities in Montana.

1.2 Goals:
Goals of the IL Network for the three-year period of the plan.

Goal 1: IL Systems operate effectively and efficiently.
Goal Description:
The SILC and CILs will seek methods and programs to provide appropriate core services
in the most efficient and effective manner.

Goal 2: Policies, procedures and systems are transformed through advocacy, education, training
and awareness to meet the needs of people with disabilities.
Goal Description:
Partnering with public and private entities, the SILC and CILs will promote IL through
various media, programs, individuals, corporations, etc.

Goal 3: Montanans with disabilities have access to and receive quality and appropriate services.
Goal Description:
The CILs, supported by the SILC and other agencies, will provide services to persons
with disabilities, especially those who are unserved or underserved including Youth with
disabilities age 14-24, Native Americans with disabilities, Veterans with disabilities, and
persons with disabilities living in rural and remote areas of the state seeking to live
independently.

1.3 Objectives
Objectives for the three-year period of the plan – including geographic scope, desired outcomes,
target dates, and indicators. Including compatibility with the purpose of Title VII, Chapter 1.

Goal 1 – IL Systems operate effectively and efficiently.

- **Goal 1, Objective 1:** Ensure that the SILC is compliant with Standards and Indicators
  (https://acl.gov/sites/default/files/programs/2017-10/SILC%20Indicators%209.2017.docx)
  by end of year 1 of this SPIL.
  - **Geographic Area:** Statewide / as a Statewide Organization
  - **Desired Outcomes:** Compliance with all Standards and Indicators
  - **Target Date:** Oct 1, 2021
  - **Indicator:** Full Compliance with all Standards and Indicators
Action Steps:

- Develop essential functions of SILC program manager job description, clearly delineating between DSE and SILC job responsibilities
- Clearly delineate in the SILC’s policies or bylaws, the relationship between the SILC and the DSE per federal guidelines, ensuring that the SILC is not established as an entity within a State agency in accordance with 45 CFR Sec. 1329.14(b)
- Develop a method for recruiting applicants and receiving applications and, on at least an annual basis, forward a list of qualified, knowledgeable, and diverse candidates, including candidates tribal, youth, veteran, and other underserved/unserved populations, to be appointed by the Governor or designee
- Engage all SILC members in SILC activities
- Maintain individual training plans for members that adhere to the SILC Training and Technical Assistance Center’s SILC training curriculum
- Facilitate training to identify short-term and long-range goals, role and responsibilities of the SILC, and Committee Roles by end of year one of this plan

Goal 1, Objective 2: Explore options for increased autonomy of the SILC, including possible 501c3 status or other avenues

- Geographic Area: Statewide / as a Statewide Organization
- Desired Outcomes: Have a fully developed plan for the SILC to become a 501c3
- Target Dates: Action Step 1 = Oct 1, 2021
  Action Step 2 = Oct 1, 2022
  Action Step 3 = Sept 28, 2023
- Indicators: Fully developed plan for the SILC to become a 501c3
- Action Steps:
  - By the end of the first year of this plan, a Business Plan will be developed
  - By the end of year two of this plan, a Resource Plan will be developed not only for the establishment of a 501c3 but also showing funding for sustainability
  - By the end of year three of this plan, the SILC will review the Business Plan and Resource plan to determine what the best vehicle for meeting the IL needs of people with disabilities is

Goal 1, Objective 3: In partnership with the MT network of CILs, the SILC will explore and seek funding opportunities to meet increasing demand, federal requirements, and enhance IL services.

- Geographic Area: Statewide
- Desired Outcome: Increased funding for the SILC and IL in Montana
- Target Date: Ongoing throughout time on the plan
- Indicators: SILC and CIL’s finding and acquiring additional funding
• **Action Steps:**
  - Monitor and seek both private and public national, state and local funding opportunities that meet the individual or systemic needs of people with disabilities in MT
  - Meet semi-annually with MT network of CILs representatives to identify funding needs and collaborate on potential funding/grant applications
  - Seek out and attain training on resource development at least once per year

• **Goal 1, Objective 4:** In partnership with the MT network of CILs, the SILC will provide training opportunities that align with IL Philosophy.
  - **Geographic Area:** Statewide
  - **Desired Outcomes:** Improved knowledge of IL laws and philosophy
  - **Target Dates:** Ongoing
  - Provide training to its members, CILs, and other providers, on the Rehab Act, WIOA or Independent Living topics at least twice annually
  - Meet semi-annually with the MT network of CILs representatives to discuss and identify statewide IL training needs
  - SILC program manager will stay apprised of and regularly disseminate emerging practices in implementation of the five core and other IL services
  - The SILC and CILs will collaborate to develop a resource, which contains the services provided by each CIL. **Target Date:** Develop resource by October 1, 2021, with ongoing maintain of the developed resource.
  - Maintain memberships to national network partners i.e. APRIL and NCIL

**Goal 2** – Policies, procedures and systems are transformed through advocacy, education, training and awareness to meet the needs of people with disabilities.

• **Goal 2, Objective 1:** Effect social change through disability education and awareness to the public.
  - **Geographic Area:** Statewide
  - **Desired Outcomes:** Social inclusiveness of people living with disabilities living in Montana.
  - **Target Dates:** On going. Specific Target dates highlighted below.
  - **Indicators:** Improved community outreach, broadcasted PSA’s, committees established, website updated after new Administration develops their new State website, Facebook page up to date.
  - **Action Steps:**
    - Re-establish a public relations and education SILC ad hoc committee, which will work with CIL representatives to develop position papers on topics important to people with disabilities for the purpose of educating decision makers. **Target Date:** Oct 1, 2021
    - The SILC website is maintained with current SILC details as well as to provide information on IL, upcoming events, and other relevant information to the public
    - Utilize social media and other multimedia tools to disseminate disability related information and training opportunities to the public
• PR methods (media, PSA’s etc.) to promote targeted disability related information to the public (i.e. Disability etiquette, voting access, service dog education, etc.) based on identified needs
• Provide education on IL philosophy, disability rights and IL history/culture, and self-determination to the public at least twice annually
• Collaborate with allies and community partners to expand and coordinate education and grassroots advocacy efforts and ensure all public and private service systems are accessible to and usable by people with disabilities

• **Goal 2, Objective 2:** People with disabilities are provided opportunities to be involved in promoting disability rights at the local, state, and national levels.
  - **Geographic Area:** Statewide
  - **Desired Outcomes:** Increased participation in local, state & national disability rights issues.
  - **Target Dates:** Ongoing
  - **Indicators:** People with disabilities serving policy making councils & committees
  - **Action Steps:**
    - Work with CILs to promote, train on, and utilize an MTCIL Action Alert system; a training on how to utilize the action alert system will be provided at least once per year
    - Provide outreach and annual training to encourage and support peers, consumers, and the public to get involved in IL grassroots strategies (i.e. getting on local, state, and national boards/advisory committees, attending community meetings, voting, joining organizations, etc.)

• **Goal 2, Objective 3:** The SILC will partner with and support MT network of CILs efforts to promote systemic change (i.e. housing, transportation, employment, accessibility, etc.)
  - **Geographic Area:** Statewide
  - **Desired Outcomes:** Increasing participation in IL network activities
  - **Target Dates:** Ongoing
  - **Indicators:** Listening sessions held annually, increased numbers of members in the MTCIL Action Alert System, increased members in the IL Task Forces, and white paper developed by Oct 1, 2022.
  - Host annual structured public listening sessions to gather public input on advocacy needs
  - Subscribe SILC members to the MTCIL Action Alert System
  - Encourage SILC members to participate in the Independent Living Task Forces
  - Inform and encourage SILC members of opportunities to get involved with their local CIL
  - Develop white papers on topics important to people with disabilities with the purpose of educating decision makers and the general public. **Target Date:** Oct 1, 2022.
Goal 3 – Montanans with disabilities have access to and receive quality and appropriate services.

- **Goal 3, Objective 1:** The SILC will assist the MT network of CILs to target unserved and underserved populations through the current outreach model.
  - **Geographic Area:** Statewide
  - ** Desired Outcomes:** Increase service provided to unserved and underserved populations.
  - **Target Dates:** Ongoing
  - **Indicators:** Increased numbers of identified unserved and underserved populations.
  - **Action Steps:**
    - The SILC encourages the MT network of CILs to maintain the current CIL/Branch model of service to ensure statewide coverage of IL services
    - In order to expand access to the host of services that may be provided by each CIL and requested by consumers, the SILC encourages the MT network of CILs to work together to render services, even across service area boundaries, in the most effective manner through contracts, MOU agreements, or other terms of agreement between the various CILs
    - The SILC encourages the MT network of CILs to conduct outreach to and partner with allied organizations, including in the seven Montana reservations and in frontier and rural geographic service area locations
    - The SILC encourages the MT network of CILs to conduct an assessment to identify current unserved or underserved ethnic populations and underserved geographic areas
    - The SILC encourages the MT network of CILs to promote the availability and access to technology services for the provision of IL services in rural and remote locations

- **Goal 3, Objective 2:** The SILC provides training and technical assistance in the provision of the five core and other IL services for the MT network of CILs.
  - **Geographic Areas:** Statewide
  - **Desired Outcomes:** Improved training of statewide IL staff
  - **Target Dates:** On going
  - **Indicators:** Trainings completed and technical assistance provided.
  - **Action Steps:**
    - Provide ongoing training and TA to the MT network of CILs
    - Participate in local, state, and national opportunities to expand CIL capacity to provide services
    - The SILC will engage with the MT network of CILs on an ongoing basis on methods to apply best practices in providing the 5 core and other IL services
• **Goal 3, Objective 3:** Maintain and expand current practices to serve youth who are not identified in the fifth core service.
  o **Geographic Area:** Statewide
  o **Desired Outcomes:** Increased the number of youth served.
  o **Target Dates:** Ongoing
  o **Indicators:** Increased numbers of youth served as recorded in CIL data bases.
  o **Action Steps:**
    - The SILC encourages the MT network of CILs to explore and engage in the delivery of Pre-ETS services under WIOA.
    - The SILC encourages the MT network of CILs to maintain support of the MyTransitions Project and MYLF.
    - The SILC encourages the MT network of CILs to coordinate and collaborate with schools and other youth programs serving youth with disabilities.

• **Goal 3, Objective 4:** Through the provision of nursing home transition/diversion services, the SILC will work with the MT network of CILs to ensure people with disabilities have the opportunity to live in the community of their choice.
  o **Geographic Scope:** Statewide
  o **Desired Outcomes:** Increase the number of people with disabilities living in nursing homes who desire to live in the community.
  o **Target Dates:** Ongoing
  o **Indicators:** Increased numbers of people living in nursing homes who desire to live in the community. As indicated by number of individuals served in these areas in CIL data bases.
  o **Action Steps:**
    - Form a collaborative workgroup, which meets on a semi-annual basis, to conduct advocacy and other activities to ensure that nursing home transition services are at least maintained after the MFP grant expires.
    - Explore existing models, opportunities and advocacy avenues for MT network of CILs to work towards delivering transition services resembling the MT MFP design and intent.
1.4 Evaluation
Methods and processes the SILC will use to evaluate the effectiveness of the SPIL including timelines and evaluation of satisfaction of individuals with disabilities.

- SILC members are actively engaged in the MTCIL action alert system and other IL advocacy efforts and taskforces  
- SILC members seek out opportunities for involvement at their local CIL and report on such activities at SILC meetings  
- Position papers are developed on topics important to people with disabilities to educate decision-makers/the public |

Montanans with disabilities have access to and receive quality and appropriate services
### Objective 2: The SILC provides training and technical assistance in the provision of the five core and other IL services for the MT network of CILs.

- At least one training event is provided annually to enhance CIL services
- CIL and SILC members report at SILC meetings on outreach and collaboration efforts
- The SILC program manager provides ongoing TA for CIL's
- The SLC program manager informs CIL's of opportunities to expand service capacity as they become available

### Objective 3: Maintain and expand current practices to serve youth that are not identified in the fifth core service.

- Youth receive services through the Montana Youth Leadership Forum (MYLF) and Montana Youth Transitions (MYT) as well as through programs sponsored by the CIL's
- Collaboration and coordination takes place between schools, CIL's, the SILC, VR, and other youth programs
- Activities and outcomes are reported on the annual PPR report
- CIL directors report at SILC meetings

### Objective 4: Through the provision of nursing home transition/diversion services, the SILC will work with the MT network of CILs to ensure people with disabilities have the opportunity to live in the community of their choice.

- A work group, which meets at least twice annually, conducts advocacy and other activities to ensure that nursing home transition services are maintained
- A MFP position paper is developed in collaboration between the SILC and CIL's by end of year one

**Description of financial plan narrative.**

The goals incorporated into this SPIL are supported through the contracts for services with the CILs from Part B, including the state match, listed under IL services; the CIL contracts for services from the state general fund listed under IL services; Part C funds listed under General CIL Operations. During allocation of state funding, issues such as the imbalance of federal funding are taken into consideration in order to equalize the funding among the centers to maintain equal accessibility of IL services throughout the state of Montana.
Part C funds, which are distributed directly to the CILs, are the primary funding source for supporting the operation of CILs and CILs goals. Part C funds are directly granted by ACL to all four Montana Centers for Independent Living. The state unit does not have the required funds to participate in the matching mechanism detailed in the statute; therefore, Part C grants are made directly to the CILs. Summit and MILP receive the majority of the Part C funds available to the state of Montana.

The following estimated projections are made for the Centers for Part B, Part C and State IL General Funds, actual distribution may vary as described previously in this plan to achieve the goal of equalization. (Section 1.5 Financial Plan)

Throughout the 3 years of this SPIL, each year of the SPIL the allocated independent living state general funds will be provided through a contract by the DSE, DETD, as follows:

- $174,225 for LIFTT,
- $91,054 for MILP,
- $164,630 for NCILS, and
- $26,772 for Summit.

These funds will be used for the core IL services and to provide services for identified underserved populations including Native Americans with disabilities, youth with disabilities, veterans with disabilities, and persons with disabilities living in rural/remote areas.

In addition, for each year of the SPIL, the Montana SILC and DSE (DETD) have designated Part B funds that will be provided through a contract by the DSE, (DETD) as follows:

- $151,683 for LIFTT,
- $29,611 for MILP,
- $148,009 for NCILS, and
- $6,409 for Summit.

These Part B contract totals include the federal award portion and the state of Montana 10% match as required by the Notice of Award statement.

Finally, the SILC, CILs and DSE recognize the importance of providing IL services to people with disabilities throughout the state. Therefore, the Part C funds will be used to address these services. Part C is allocated by the federal government, and these funds are sent directly to each center. The total Part C amounts are as follows:

- $115,643 for LIFTT,
- $320,887 for MILP,
- $128,913 for NCILS, and
- $408,371 for Summit.
In addition to Part C funding, the CILs also receive CARES Act funds distributed to the centers as additional Part C funds. This additional funding will be used to address the needs and services due to the COVID-19 pandemic. The total CARES Act amounts are as follows:

- $111,782 for LIFTT,
- $310,171 for MILP,
- $124,608 for NCILS, and
- $394,734 for Summit.

*CARES Act funds are one-time-only funds and must be expended by September 30, 2021.

It is anticipated that funding levels for Part B, Part C and the State General Fund will not change through the three years of this SPIL.

**Section 2: Scope, Extent, and Arrangements of Services**

2.1 Services

Services to be provided to persons with disabilities that promote full access to community life including geographic scope, determination of eligibility and statewideness.

2.2 Outreach

Identify steps to be taken regarding statewide outreach to populations that are unserved or underserved by programs that are funded under Title VII, including minority groups and urban and rural populations.

- Identify the populations to be designated for targeted outreach efforts
  
  Native Americans with disabilities, youth with disabilities age 14-24, veterans with disabilities, and persons with disabilities living in rural/remote areas

- Identify the geographic areas (i.e., communities) in which the targeted populations reside
  
  Targeted populations reside in all areas of the state. The four CILs provide services in each of Montana's 56 counties and 7 federally recognized Native American reservations and one state and federally recognized Native American community.

- Describe how the needs of individuals with significant disabilities from minority group backgrounds will be addressed
With the implementation of WIOA, youth aged 14-24 have become more of a focus point for the DSE, SILC, and CILs. The DSE is contracting with schools and MT CILs to provide pre-employment transition services. The CILs are also actively reaching out to youth through various programs such as Building Advocacy and Learning Leadership Skills (BALLS), Youth Opening Doors through Advocacy (YODA), Youth in Motion, and others. The Montana Youth Leadership Forum (MYLF) and the Montana Youth Transitions project are specifically designed to help youth develop the skills needed to succeed in life after high school, such as in college and in the work force.

Having eight federally recognized tribes, Native American populations in Montana have been identified as being underserved. After individuals with disabilities, Native Americans are the largest minority group in the state, making up 6 percent of Montana's population, 60 percent of which live on the 7 federally recognized reservations. Summit Independent Living has one reservation in its service area. Living Independently for Today and Tomorrow (LIFTT) has two reservations in its service area. North Central Independent Living Services (NCILS) has the remaining 5 in its service area. Each of the CILs and the DSE work with the Section 121 directors to address IL issues in Native American communities and Natives living off of the reservations. The IL Network is working on a number of priorities to address the needs expressed by Native Americans with disabilities.

Montana is a large and mostly rural state with some areas of the state being designated as frontier given the low population density. Areas furthest away from the few population centers are often underserved as well. The CILs have branch offices to help ease the difficulty people with disabilities have in obtaining services and addressing issues in their communities and homes. NCILS has offices in Great Falls, Conrad, and Glasgow. Montana Independent Living Program (MILP) has offices in Helena, Butte, and Bozeman. Summit has offices in Missoula, Ronan, Hamilton, and Kalispell, as well as a separate office in Missoula for youth programs. LIFTT has offices in Billings and Miles City to provide services in the eastern part of the state. In addition, LIFTT and NCILS have teamed together to serve the “big open” in the east central part of the state with its population average of only 4 people per square mile.

Veterans with disabilities have been identified as an underserved population in Montana. Montana has one of the highest per capita Veteran populations in the United States. It is estimated that nearly 1 in 10 (9.4%) Montana residents are Veterans. Of the nearly 100,000 Veterans living in Montana, roughly 22,000 receive Veterans Disability Compensation according to the VA (2017 numbers). The SILC and the CILs conduct outreach and networking activities to promote the availability of IL services to Veterans with disabilities through various avenues including collaborating with Joining Community Forces (JCF), the Montana Veterans Affairs office, VA hospitals, VA nursing homes and participating in events such as the Veterans Resource Fair and Memorial Run, providing classes through the VA at Fort Harrison and recreational therapy through program’s such as MILP’s sled hockey program in Helena, among others. Several of the Montana CILs are also listed as Military Strong Agencies.
2.3 Coordination
Plans for coordination of services and cooperation among programs and organizations that support community life for persons with disabilities.

SILC members are provided with information about the CILs during their orientation. Each CIL also provides an update of their activities during the quarterly SILC meetings. In addition, SILC members are encouraged to periodically visit the CIL nearest to their home. CIL directors are invited to all general SILC meetings and serve on various committees and task forces alongside SILC members and others in the community.

The DSE program manager serves as the liaison between the CILs, the SILC, and the DSE.

The DSE IL program manager does a site visit to each CIL at least every other year. The program manager also attends board and other meetings at the CILs when invited to do so. Along with staff from the CILs and SILC members, the program manager participates in the various task forces and committees and aids in the planning of IL events such as Legislative Day, Rally Day, symposiums and other statewide activities. The DSE program manager, with SILC input, prepares the contracts between the CILs and the DSE to distribute Part B and Montana General Fund monies.

The SILC has representation on the Montana Rehabilitation Council. This provides an avenue of mutual support for Vocational Rehabilitation and IL programs and issues. The Administrator of the DSE assists with the coordination of these various activities.

In order to expand access to the host of services that may be provided by each CIL and requested by consumers, the SILC encourages the MT network of CILs to work together to render services, even across service area boundaries, in the most effective manner through contracts, MOU agreements, or other terms of agreement between the various CILs

Section 3: Network of Centers

3.1 Existing Centers

Current Centers for Independent Living including legal name; geographic area and counties served; and source(s) of funding. Oversight process, by source of funds (e.g., Part B, Part C, state funds, etc.) and oversight entity.

Montana is a vast state covering approximately 147,000 square miles, divided into 56 counties. There are also seven federally recognized American Indian Reservations in the state and one federally recognized Native American tribe which is “landless.”

There are currently four primary CIL offices and eight branch offices that form a network covering every county in the state. The CILs, including their branch offices, provide the five core IL services along with system change advocacy, education, social change, and awareness services. All four CILs receive a mix of Part B and state general fund through contract with the State of Montana. Part C funds are dispersed to the CILs directly by the federal government. The
estimated distribution of state funds for Part B and general funds are included in section 1.3, Financial Plan.

Living Independently for Today and Tomorrow (LIFTT)
- 1201 Grand Avenue ste 1
  Billings, MT  59102
- 406-259-5181
- [www.LIFTT.org](http://www.LIFTT.org)
- Counties Served: Big Horn, Carbon, Carter, Dawson, Fallon, Garfield, Golden Valley, McCone, Musselshell, Powder River, Prairie, Richland, Rosebud, Stillwater, Treasure and Wibaux.

SPIL Signatory: YES

Sources of funding and oversight of those funds:
- Part C / Administration for Community Living’s oversight process
- Part C Cares Act / Administration for Community Living’s oversight process
- Part B / DSE oversight process – see section 4.3 Oversight of Part B funds
- State General Funds / DSE – State of Montana oversight process

LIFTT provides services in 18 counties of vastly varied population size in southeastern Montana. Much of LIFTT’s service area includes very rural and sparsely populated areas but also includes highly populated communities such as Billings in Yellowstone County. The service area also includes two Native American Reservations spread across several counties. Those reservations include the Northern Cheyenne and Crow tribes. Currently LIFTT operates a main office in Billings and together with staff contact and community involvement from a home office in Custer County. LIFTT provides outreach to the remaining service area including Big Horn, Carbon, Carter, Dawson, Fallon, Garfield, Golden Valley, McCone, Musselshell, Powder River, Prairie, Richland, Rosebud, Stillwater, Treasure, and Wibaux counties.

Summit Independent Living (SUMMIT)
- 700 SW Higgins Ave ste 101
  Missoula, MT 59803
- 406-728-1630
- [www.summitilc.org](http://www.summitilc.org)
- Counties Served: Missoula, Ravalli, Mineral, Lake, Sanders, Flathead, and Lincoln.

SPIL Signatory: YES

Sources of funding and oversight of those funds:
- Part C / Administration for Community Living’s oversight process
- Part C Cares Act / Administration for Community Living’s oversight process
- Part B / DSE oversight process – see section 4.3 Oversight of Part B funds
Summit’s services are available to residents of Missoula, Ravalli, Mineral, Lake, Sanders, Flathead and Lincoln Counties in western Montana. Missoula and Kalispell are the primary urban areas in this region, while most of the remaining service area is characterized by small towns and sparsely populated rural areas. Although Summits 7-county service area is the smallest CIL region in Montana, Summit’s region contains nearly 1/3 of the state’s population. Summit is headquartered in Missoula with branch offices in Hamilton, Ronan and Kalispell. Summit also has a second downtown Missoula location housing Summits youth programs, which are available to all youth throughout Summits service area. The Lake and Sanders County office is located in Ronan, a community on the Flathead Indian Reservation, the tribal home of the Confederated Salish and Kootenai Tribes. The Hamilton office is responsible for services in Ravalli County, the main office in Missoula primarily serves Missoula and Mineral Counties, and the Kalispell office serves Flathead and Lincoln Counties. Staff members from the Missoula office also travel to outlying counties to serve consumers in the Self-Directed Community First Choice/Personal Assistance Services program, as well as to assist with delivery of other independent living services and Summit activities as appropriate. Summit also provides Pre-ETS and other youth services at various schools throughout its service area.

North Central Independent Living Services (NCILS)
- 1120 25 Avenue NE
  Black Eagle, MT  59414
- 406-452-9834
- [www.ncils.org](http://www.ncils.org)

SPIL Signatory: YES

Sources of funding and oversight of those funds:
- Part C / Administration for Community Living’s oversight process
- Part C Cares Act / Administration for Community Living’s oversight process
- Part B / DSE oversight process – see section 4.3 Oversight of Part B funds
- State General Funds / DSE – State of Montana oversight process

NCILS conducts activities to increase the number of people served who are members of populations that are currently underserved, which includes any consumer living within the seventeen-county service area. NCILS provides IL services within the following seventeen Montana counties of Blaine, Cascade, Choteau, Daniels, Fergus, Glacier, Hill, Judith Basin, Liberty, Petroleum, Phillips, Pondera, Roosevelt, Sheridan, Teton, Toole, and Valley. NCILS service area includes four Native American Reservations, which are the Blackfeet Indian Reservation within the counties of Glacier and Pondera, the Fort Belknap Indian Reservation within the counties of Blaine and Phillips, the Fort Peck Indian Reservation within the counties of Roosevelt, Valley, and Daniels, and the Rocky Boy’s Indian Reservation within the counties
of Hill and Chouteau. The federally recognized Little Shell Band of the Chippewa-Cree, headquartered in Great Falls, MT, is also within NCILS service area.

NCILS maintains one branch office in the town of Glasgow, which primarily serves the most eastern counties of NCILS service area and a second branch office in Conrad, which primarily provides services in Teton, Pondera, Toole, Liberty, and Glacier Counties. Staff members from NCILS also provide outreach to the underserved population of youth with disabilities through the Montana Youth Leadership Forum (MYLF) and the Montana Youth Transitions Project (MYT) office that is located in Lewis and Clark County but provides services for youth state wide. NCILS provides long-term care ombudsman services in Hill, Liberty, Chouteau, and Cascade Counties and provides fiscal management services under the Big Sky Bonanza program statewide.

**Montana Independent Living Project (mILp)**

  Helena, MT 59601
- 406-442-5755
- [www.milp.us](http://www.milp.us)
- Counties Served: Broadwater, Jefferson, Lewis & Clark, Beaverhead, Deer Lodge, Granite, Madison, Silver Bow, Powell, Gallatin, Meagher, Park, Sweet Grass, Madison, and Wheatland.

SPIL Signatory: YES Sources of funding and oversight of those funds:
- Part C / Administration for Community Living’s oversight process
- Part C Cares Act / Administration for Community Living’s oversight process
- Part B / DSE oversight process – see section 4.3 Oversight of Part B funds
- State General Funds / DSE – State of Montana oversight process

**mILp** has three offices: Helena, Butte, and Bozeman, providing services to consumers living in fourteen SW Montana counties. The main office in Helena provides services in Broadwater, Jefferson, and Lewis and Clark Counties; the Butte branch office provides services in Beaverhead, Deer Lodge, Granite, Jefferson, Madison, Silver Bow and Powell Counties; and the Bozeman branch office provides services in Gallatin, Meagher, Park, Sweet Grass, Madison and Wheatland Counties. mILp also provides Orientation & Mobility (O&M) direct services throughout the state of Montana, with MOUs for O&M with the other three Montana CILs.
3.2 Expansion and Adjustment of Network
Plan and priorities for use of funds, by funding source, including Part B funds, Part C funds, State funds, and other funds, whether current, increased, or one-time funding and methodology for distribution of funds. Use of funds to build capacity of existing Centers, establish new Centers, and/or increase state wideness of Network.

For the period of the October 1, 2020 thru September 30, 2023 SPIL the SILC and the CIL network have no priority for the establishment of new CIL(s).

The plan for further expansion of the network of Montana Centers for Independent Living (CILs) is to build on the existing branch office strategy rather than developing a new CIL. Because all of the state’s 56 counties are included within the service areas of the four existing centers, each of Montana’s four CILs will determine the best course of action to address unmet needs within its service area. Options they will consider could include establishing a new branch office or offices or enhancing/expanding the capacity of existing offices. This SPIL does not designate specific geographic regions of the state as underserved but rather, focuses on underserved populations: youth with disabilities, veterans with disabilities, American Indians with disabilities, and individuals living in rural and frontier areas of the state. To reiterate, this SPIL does not reflect a plan to establish a new CIL, but rather to build on the existing branch office strategy for further expansion of the IL network in Montana.

Minimum funding level for a Center and formula/plan for distribution of funds to bring each Center to the minimum. Exceptions must be explained with sufficient detail.

The minimum funding level for a CIL in Montana is $500,000, inclusive of Part C, Part B, and Montana General Fund dollars. This amount takes into consideration Montana’s vast sparsely populated geographic area, the travel required to serve that area. The cost of living in rural areas as well as the cost of living in the larger communities across the state. From the experience of existing CILs: the numbers of staff to adequately serve consumer populations in larger communities and in rural across the state. Prevailing wage in those different areas, and the costs of office rentals – balanced against work from home models. Currently, all four (4) Montana CILs are just under that amount at $441,552 each. The SILC and the CIL network continue to advocate for increased funding at both the federal and state levels. The CIL network continues to engage in resource development to meet the shortfall.

Equalization of funding for Montana CILs is the practice of ensuring that the combined budgets of each center are the same. Equalization of funding for CILs considers the combined monies from Part B, Part C, and General Fund sources. Funding from grants such as the Montana Youth Leadership Forum (MYLF), the Montana Youth Transitions Project (MYTransitions), Self-Directed Community First Choice/ Personal Assistance Services or any other fee for service dollars are not included in the equalization calculations. When funding levels of Part C, Part B
and General Fund increase or decrease, the mix of funding is adjusted to ensure each CIL maintains the same level of funding from these 3 sources as described below:

When additional Part C, Part B, or Montana General Funds become available through cost-of-living adjustments (COLAs), provider rate increases or other appropriations, all four centers will receive adjustments in the amounts necessary to ensure that their combined overall budgets, consisting of funds from Part B, Part C, and the Montana General Fund, remain equal.

For example, if one center receives a relatively larger Part C cost of living adjustment (COLA), that center's General Fund or Part B funding will be adjusted so that the total funding for each center remains equal. When a decrease in funding occurs, the decrease will be applied so that the total funding for each center remains equal. In some cases, a decrease in one funding source may result in an adjustment to a different funding source. However, the total combined funding from Part B, Part C, and the Montana General Fund for each center shall always remain equal.

Action/process for distribution of funds relinquished or removed from a Center and/or if a Center closes.

If funds are relinquished or removed from a Center, or if a Center closes, the State Plan partners will determine the best strategy to continue providing services in the service area previously served by the former CIL. An assessment will be made to determine whether one or more of the remaining MT CILs could expand services into the vacated service area, or whether a competition for a new CIL located in the former CIL service area should take place. For the SPIL, this would-be establishment the only instance for a new CIL competition.

Plan/formula for adjusting distribution of funds when cut/reduced.

If funds are cut or reduced the reduction will be done in such a way that each Center continues funding based on the equalization formula, with the result that each Center continues to receive an equal overall amount of core funding of Part C, Part B and General Fund dollars combined.

Plan for changes to Center service areas and/or funding levels to accommodate expansion and/or adjustment of the Network. All 56 counties in Montana are currently served by Montana’s existing four Centers for Independent Living. This SPIL does not reflect planned changes in the existing service areas of each CIL. The network of Centers works closely together to ensure statewide coverage of services. Any expansion or adjustment to the network would only increase the level of service which is already being provided by the Centers. As described above, additional funding will be utilized to expand service levels through the branch office strategy versus establishment of a new CIL.
Plan for one-time funding and/or temporary changes to Center service areas and/or funding levels. Unless otherwise directed by the funding source, one-time funding or temporary changes in funding levels will continue to be distributed per the existing equalization formula. If, as in the case of the CARES Act funding distributed to CILs by ACL in April 2012, there is specific guidance as to how such additional funding is to be spent, those funds will be distributed directly to the CILs to accomplish the purpose of said funding as directed by the funding source.

Section 4: Designated State Entity

Disability Employment and Transitions Division, Montana Department of Public Health and Human Services will serve as the entity in Montana designated to receive, administer, and account for funds made available to the state under Title VII, Chapter 1, Part B of the Act on behalf of the State. (Sec. 704(c))

4.1 DSE Responsibilities
(1) receive, account for, and disburse funds received by the State under this chapter based on the plan;
(2) provide administrative support services for a program under Part B, and a program under Part C in a case in which the program is administered by the State under section 723;
(3) keep such records and afford such access to such records as the Administrator finds to be necessary with respect to the programs;
(4) submit such additional information or provide such assurances as the Administrator may require with respect to the programs; and
(5) retain not more than 5 percent of the funds received by the State for any fiscal year under Part B. for the performance of the services outlined in paragraphs (1) through (4).

4.2 Grant Process & Distribution of Funds
Grant processes, policies, and procedures to be followed by the DSE in the awarding of grants of Part B funds.

All part B moneys including the 10 percent state match and then excluding the 5 percent of Part B held by the DSE for administration are contracted out to the four Centers in meeting the equalization of funding formula as described within the financial plan. The DSE provides the oversight and compliance requirements for the Part B contracts out to the centers through ongoing quarter reports that each Center provides to the DSE along with site visits and financial audits conducted by the Quality Assurance Division within DPHHS.

No new Part B funding will be offered through any form of grant or award solicitation. All existing and any new Part B money received by the State will continue to follow the current
distribution plan in the continued practice on the equalization of funding out to all four Centers that are within the previously described network of Montana Centers which are Living Independently for Today and Tomorrow, Montana Independent Living Project, North Central Independent Living Services, Inc. and Summit Independent Living.

4.3 Oversight Process for Part B Funds
The oversight process to be followed by the DSE.

Under the provisions of their contracts, service providers are required to have accounting procedures that conform to Generally Accepted Accounting Principles (GAAP) and which follow Uniform Guidance (CFR 200) regulations.

Compliance with the established criteria is monitored by review of contractor (CIL) annual reports, DSE site visits and through periodic audits by state auditors.

These criteria are included in contracts for IL services. Service provider policies and procedures also include these criteria. Compliance is monitored by reviewing service provider annual reports, quarterly reports required by contract, and during site visits where specific questions regarding eligibility requirements are asked of center staff and board of directors.

4.4 Administration and Staffing
Administrative and staffing support provided by the DSE.

Administrative staff support for the SILC is provided by the DSE with Section 110 and state general fund matching funds. This program manager position is responsible for assisting with the coordination and hosting of SILC and other related meetings, document development, and serves as the liaison between the SILC, DSE, and CILs. The program manager also provides support to SILC committees and assists with the development and management of the SPIL. Though the program manager is the primary DSE staff support person, he/she relies on other DSE staff members to provide support based on need and expertise.

The program manager also conducts contract compliance reviews to ensure that federal and state regulations and guidelines are adhered to in regard to the Title II, Part B, Section 110, and state general funds and the state match.

The DSE program manager provides logistical support to the SILC in the development of marketing materials and strategies, which promote the SILC and SILC activities. Assistance with the development of SILC orientation materials is also provided. Additionally, the program manager forwards information regarding training opportunities and information that may be pertinent to SILC activities and interests to SILC members.

Logistical support is also provided by the DSE program manager in the search for additional funding for the SILC and CILs. The SILC does not currently receive any funding directly.
Rather, the DSE receives grant funds on behalf of the SILC and distributes them through contracts to the CILs. The program manager is responsible for developing these contracts, which after a review and acceptance by the CIL to which it is assigned, is administered by the DSE.

4.5 State Imposed Requirements
State-imposed requirements contained in the provisions of this SPIL including: *(45 CFR 1329.17(g))*

- State law, regulation, rule, or policy relating to the DSE’s administration or operation of IL programs
- Rule or policy implementing any Federal law, regulation, or guideline that is beyond what would be required to comply with 45 CFR 1329
- That limits, expands, or alters requirements for the SPIL

In order to utilize the state accounting systems for fiscal transactions, the SILC agrees to follow state rates for lodging, mileage, and meals. Grant funds coming into the state must be appropriated through the legislature under the following guidelines: “MT Constitution, Article 5, Section 11, Subsections 4 and 5, which state “A general appropriation bill shall contain only appropriations for the ordinary expenses of the legislative, executive, and judicial branches, for interest on the public debt, and for public schools. Every other appropriation shall be made by separate bill, containing but one subject” and that “No appropriation shall be made for religious, charitable, industrial, educational, or benevolent purposes to any private individual, private association, or private corporation not under control of the state.” Also, monitoring of compliance related to fiscal issues is necessary to ensure compliance of contracts related to the SPIL. The state charges indirect costs to the Part B grant and any other funds awarded to the DSE to support the IL program.

4.6 722 vs. 723 State

Check one:

- **X** 722 (if checked, will move to Section 5)
- **____** 723 (if checked, will move to Section 4.7)

4.7 723 States
Order of priorities for allocating funds amounts to Centers, agreed upon by the SILC and Centers, and any differences from 45 CFR 1329.21 & 1329.22.

How state policies, practices, and procedures governing the awarding of grants to Centers and oversight of the Centers are consistent with 45 CFR 1329.5, 1329.6, & 1329.22.
Section 5: Statewide Independent Living Council (SILC)

5.1 Establishment of SILC
How the SILC is established, and SILC autonomy is assured.

The SILC was established by Executive Order of the governor October 1985. It was further codified under Montana Code Annotated (MCA) 53-7-103. The SILC is not established as an entity within any State agency, including the DSE and is independent of the DSE and all other state agencies. The following is a brief description of the legal status and placement of the SILC:

The SILC is a free-standing body whose members are appointed by the governor. Although it has autonomy and is self-governing, it does not have legal status independent of the DSE and receives some administrative support from the DSE.

The SILC is not required to report to any entity in state government and reports to ACL to meet federal requirements.

The SILC elects the SILC chairperson and other officers. The Executive Committee of the SILC is responsible for implementing the intentions of the SILC, which are expressed through actions taken during the regular meetings of the SILC. The Executive Committee shall have the authority of the SILC in the management of the business of the SILC between meetings of the SILC, subject to the policies established by the SILC.

5.2 SILC Resource plan
Resources (including necessary and sufficient funding, staff/administrative support, and in-kind), by funding source and amount, for SILC to fulfill all duties and authorities.

The Montana SILC has historically chosen to distribute the majority of the Part B funding to the CIL’s in the state, giving an equal distribution of funds to the four CIL’s and retain funds to ensure the SILC achieves its functions under the law.

To ensure the capacity of the SILC to fulfill all the duties and selected authorities, SILC requires staff and working committee supports. The council requires the support of one full-time staff: IL Program Manager. The Program Manager works for the SILC and takes direction of the SILC. Additionally, the Program Manager works with the Committees of the SILC to achieve SPIL goals. Amongst the various duties, Program Manager prepares the agenda and materials with the SILC chair for the full council meetings on a quarterly basis. The Program Manager plans or supports the Executive, Nomination/Recruitment, SPIL Development, Monitoring and Evaluation, Consumer Satisfaction Survey and Town Hall meetings.

The Program Manager is in the DSE Central Office. In-kind assistance is provided to the Program Manager for technology, clerical, and other state supports.

The Montana SILC has always utilized the efforts of the SILC Committees for completing of tasks. Nominations and Recruitment Committee is crucial to the stabilization of the SILC to stay in compliance.
Other committee such as SPIL Development and Evaluation are comprised of SILC Members, CILS Directors, and other community volunteers.

The Montana SILC exercises the authority to develop Ad Hoc Committees that address specific issues that arise. These Ad Hoc committees are comprised of SILC members, CIL Staff, and people with disabilities from the public.

The Montana SILC partners with other groups and organizations to achieve the goals of the SPIL.

The sources of funding for the below budget are from (Part B+ match) and (Section 110 + match). The Part B amount varies each year of the SPIL, but the Section 110 + match is expected to stay the same throughout 2020-23. In addition to the budget, there are in-kind contributions from the DSE. The SILC has no staff but benefits from the efforts of the DSE program manager and other support provided through state general funds assigned to the DSE for administration expenses of Montana’s IL program. While the SILC resource plan seems low, a large portion of the “other SPIL activities” budget is the program manager salary and fringe benefits. A significant amount of the program manager’s time is dedicated to activities requested by the SILC such as: meeting arrangements, correspondence preparation, liaison with other agencies, boards, councils, and entities, etc.

The amounts for years 1, 2, and 3 are reflected in the Financial Plan Tables in Sec. 1.5 above.

Sources and Amounts (from the SILC Resource Plan) - Year 1
- Title VII Funds, Chapter 1, Part B
- Non-Federal Funds, State Funds (Title VII Part B State GF match)

Sources and Amounts (from the SILC Resource Plan) - Year 2
- Title VII Funds, Chapter 1, Part B
- Non-Federal Funds, State Funds (Title VII Part B State GF match)

Sources and Amounts (from the SILC Resource Plan) - Year 3
- Title VII Funds, Chapter 1, Part B
- Non-Federal Funds, State Funds (Title VII Part B State GF match)

The following is the budget for each of the three years of the SPIL:
- Meeting Expenses- $2,700
- Consulting- $1,500
- Supplies-$2000
- Communications-$1,727
- Travel-$10,000
- Honorariums-$3,000
- Other- $896
- Total: $21,823
During the second and third year of the SPIL, the total budget amounts will be the same as the first year.

The funds supporting the SILC resource plan will be handled through a separate account number within the DSE fiscal operation. While approval within the fiscal systems is provided by DSE personnel, the SILC and specifically the SILC chair or chair’s designee are consulted and provide guidance on expenditures. Documentation of the SILC chair’s involvement and authorization is maintained by the program manager. Also, the SILC chair or their designee reconciles recorded expenditures with the approval of expenditures by the DSE on at least a quarterly basis. The SILC chair is responsible for the appropriate use of the funds and ensuring that expenditures are not made beyond the budget for SILC resources.

In order to access the support of the DSE fiscal services to support the SILC resource plan, the SILC accepts the state rates for mileage, meals, lodging and council member reimbursement.

All resources for the SILC resource plan come from Part B funds, Section 110 funds, or state general funds. Since the state legislature only meets every two years, it is only possible to project budget allocations for two years. The state matching funds have been approved for the first year of the plan. The other funds are expected federal allocations.

Process used to develop the Resource Plan.

The resource plan was developed using funds made available through State General Fund and Federal Part B grants. The Resource Plan as it is currently has not changed significantly for a long time. It was developed early in the SILC’s establishment through consultation between the SILC Members, CIL Directors and the DSU (now DSE). Minor adjustments to the disbursement of the funds have been made over the years but no significant changes to the Resource Plan have taken place.

Process for disbursement of funds to facilitate effective operations of SILC.

As mentioned above much of the funding coming into the SILC is pass through to the CILs. A portion is set for the Program Manager expenses and a small portion is directed to the SILC operating expenses, which are relatively small. These are primarily used to pay for member travel, lodging, and per-diem expenses to attend meetings and conferences. Expenses are paid through the DSE fiscal operations at the request of the SILC Chair upon Council approval.

Justification if more than 30% of the Part B appropriation is to be used for the SILC Resource Plan.

The SILC will not be using more than 30% of its Part B appropriation in its Resource Plan.

5.3 Maintenance of SILC
How State will maintain SILC over the course of the SPIL.¹
As mentioned in Section 5.1 the SILC was created under an executive order in October of 1985. It is now covered under several state statutes governing councils and boards (Montana Code Annotated (MCA) 53-7-103).

The State Office of Boards and Councils oversees the appointment process. Applications are sent to this office, which holds them until the SILC sends its recommendations to this office. Once these recommendations are received in the Office of Boards and Councils, a list of applicants is forwarded to the Governor. The Governor generally makes appointments to all of the boards and councils once every six months. As soon as the approval letter is received by the SILC, the new appointees are welcomed into the council and begin participating in SILC activities.

The SILC remains autonomous in its statutory duties and authorities. It reports these activities annually through its report to the Governor. It relies on the DSE to disburse the funds it receives through federal, Part B and State General Fund grants. The SILC has a separate line item in the DSE budget which it draws from when funds are needed for equipment, projects, and other activities within its resource plan.

The Nominations Committee makes recommendations to the SILC to fill upcoming or existing vacancies on the SILC based on a review of SILC applications that focuses on federal requirements for SILC membership.

The SILC approves a list of candidates for appointment to the SILC.

The SILC approved list of candidates is forwarded to the Governor’s office with a request to fill upcoming or existing vacancies on the SILC.

At all times, the Governor has open applications for all state councils and boards on the Montana website (Governor’s Boards and Councils: http://svc.mt.gov/gov/boards/apply.aspx). The Governor may receive applications outside of the SILC review process through this source or other activities of his/her choosing. However, Governor office staff members are kept aware of the requirements for serving on the SILC and requirements related to maintaining a majority of members who have a disability who are not employed by a CIL or state agency and other membership requirements.

The Governor selects candidates to fill upcoming or existing vacancies and the Governor’s office sends out appointment letters.

The SILC chair is elected by the voting membership of the SILC in even numbered years. The chair must be a voting member of the SILC.

Term limits are maintained by keeping records of when a member is appointed to the SILC and the date of the end of their term and which term they are in (1st or 2nd). This information is distributed to all SILC members and is maintained in their SILC manual.

The SILC does not have staff. The SILC utilizes DSE staff assigned to assist the SILC. The SILC is involved with the evaluation, hiring, and supervision of the DSE program manager, who is the primary staff person assigned to assist the SILC. The chairperson of the SILC is consulted...
in developing the evaluation of the DSE program manager and will note if there are deficiencies in the program manager’s performance with regard to responsibilities related to the SPIL and other duties as assigned by the SILC. The current DSE supervisor of the IL program manager is the Administrator of the Disability Employment and Transitions Division, who sometimes sits in on the SILC meetings and other SILC related activities.

According to the SILC bylaws, no duties are assigned to the DSE personnel made available by the DSE or any other State agency or office that would create a conflict of interest while assisting the SILC in carrying out its duties.
