

**MONTANA MILESTONES EARLY INTERVENTION PROGRAM
REFERRAL FOR ESTABLISHED CONDITION**

**ESTABLISHED CONDITION STATEMENT FOR
MONTANA MILESTONES PART C OF THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT
(IDEA)
EARLY INTERVENTION ELIGIBILITY
(BIRTH TO AGE 3)**

Date: _____ Child's Name: _____ Birthdate: _____

The State of Montana, through the Montana Department of Public Health and Human Services, provides Part C of the IDEA Early Intervention (EI) services to infants and young children ages birth to three with significant developmental delays. MT DPHHS recognizes that disabilities may not be evident in every young child, but without intervention, there is a strong likelihood a child with unrecognized disabilities may become developmentally delayed.

MT DPHHS is requesting your assistance in determining eligibility for Montana Milestones Part C of the IDEA EI services for the child named above. Under Montana's law, a physician or psychologist licensed by the appropriate State Board can examine a child and make a determination as to whether he or she has a physical or mental condition that has a high probability of resulting in developmental delay.

Please keep in mind that, while many children may benefit from Montana's EI services, only those in whom significant developmental delays are evident or very likely to develop are eligible.

Thank you for your time and assistance with this matter.

Diagnosed Condition (to be completed by the diagnosing physician or psychologist):
