

MONTANA WIC FARMERS MARKET NUTRITION PROGRAM

WIC FARMERS' MARKET BENEFITS ARE GOING DIGITAL!

Starting this summer WIC families will be issued FMNP benefits on their phone, and farmers will do app-to-app transactions at the markets. Farmers must maintain a current email address and/or a valid phone number that can receive text messages for account validation and have access to either a mobile device or a desktop computer to create and manage their accounts. It is strongly recommended to have a mobile device to conduct transactions at the market. If no mobile device is present, farmers may designate a cashier to do transactions on their behalf.

BENEFITS BEGIN TO BE ISSUED TO FAMILIES JUNE 1.

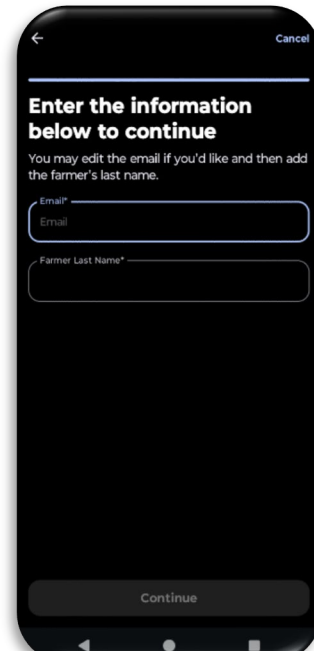

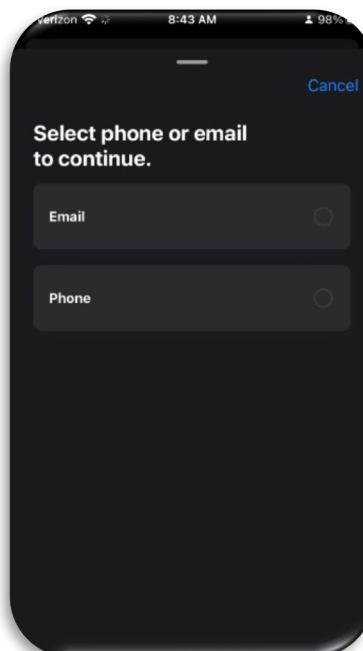

FARMERS WITH CURRENT FMNP AGREEMENTS WILL CONNECT TO THEIR ACCOUNTS.

Download the app or use the link from a desktop
<https://app.healthytogether.co/login>

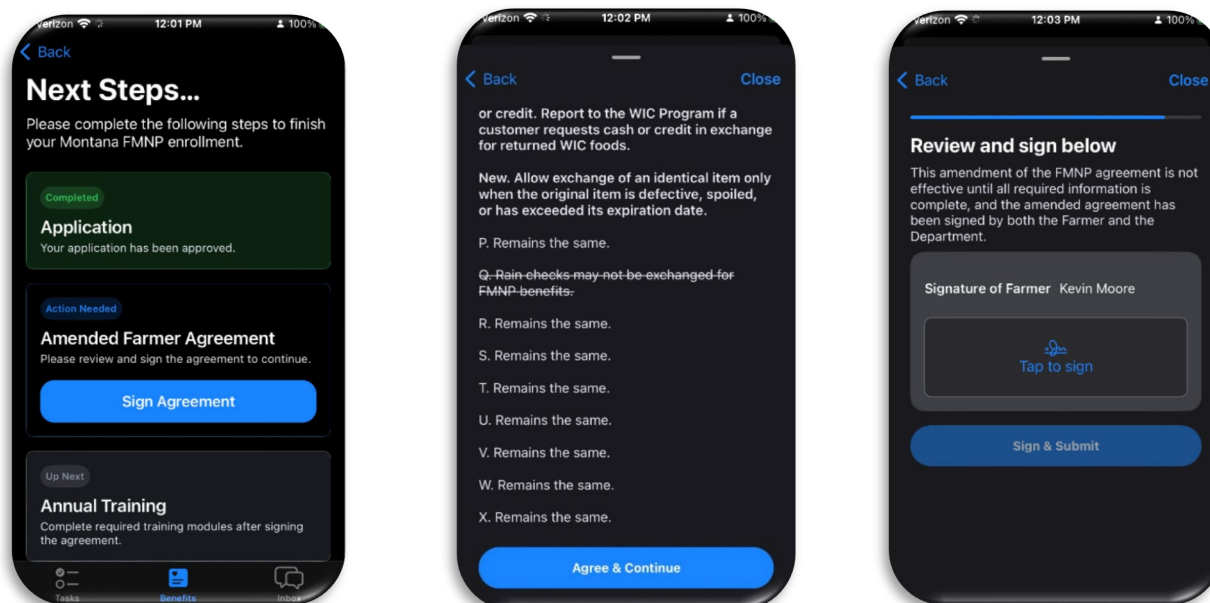

Select **“Connect to My Account”**

Farmers will need the phone number **or** email address **and** farmers' last name to connect to the account.

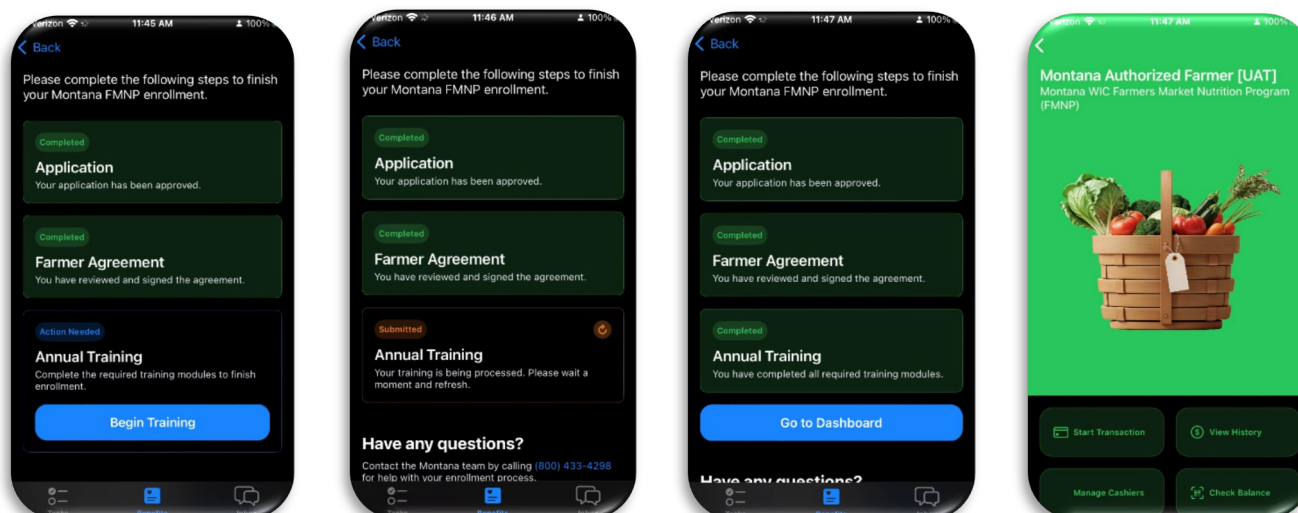

AFTER FARMERS CONNECT TO THEIR ACCOUNTS, THEY WILL BE PROMPTED TO REVIEW AND SIGN A NEW AGREEMENT.

WIC is amending the current FMNP agreement to reflect the new electronic system. Farmers will review and sign the amended agreement through the app.

The agreement is not active until the State signs and returns a fully executed copy to the farmer. Farmers will then be prompted to complete annual training.

LAST STEP: FARMERS WILL COMPLETE ANNUAL TRAINING THROUGH THE APP

WIC staff will approve the training before the farmer can go to the dashboard to start transactions.
