

MONTANA WIC FARMERS MARKET NUTRITION PROGRAM (FMNP)

FARMER HANDBOOK
MAY 2025

Dear Montana Farmer,

Thank you for your participation in Montana WIC's Farmers Market Nutrition Program (FMNP). This is an important benefit for families participating in the Women, Infants, and Children (WIC) program, and allows them to exchange FMNP benefits for locally grown produce. The goal is to increase access to fresh and local fruits and vegetables for families while creating additional sales opportunities for farmers. WIC is one of the nation's most successful and cost-effective nutrition intervention programs, and farmers are a critical partner in that work.

This handbook will provide instructions on program requirements and how to conduct eFMNP transactions. If you have additional questions, reach out to the Montana WIC Program at Toll Free: (800) 433-4298 / Direct: (406) 444-5533 / Email: wicvendor@mt.gov.

Program Overview

WIC is the Special, Supplemental Nutrition Program for Women, Infants, and Children and has been providing breastfeeding support, nutrition education, healthy foods, and referrals to other health programs since 1972. WIC is available to pregnant and postpartum women, infants, and children up to age 5. Participant must meet income eligibility criteria (at or below 185% fed. poverty guidelines), must be a resident of Montana, and be determined to have a nutritional risk. Families attend appointments where they are issued electronic benefits on a card and redeem those benefits at grocery stores for healthy foods.

Montana WIC also has a Farmers Market Nutrition Program (FMNP) and issues benefits that can only be used to purchase fresh produce with authorized farmers. Eligible participants are issued \$30 each, which is combined into a household total. Farmers use the electronic system to create and manage accounts and conduct app-to-app transactions with customers at the market. Eligible produce is defined on the *FMNP Allowable Food List* and includes only unprocessed fruits and vegetables grown in Montana by the authorized farmer. Baked goods, eggs, cheese, honey, nuts, and plant-starts are not allowed.

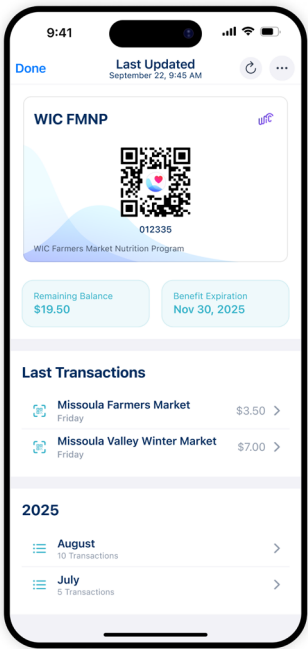

Farmer Authorization Criteria

The WIC Program establishes uniform criteria for farmers authorized to accept FMNP benefits. Farmers must maintain these criteria throughout the term of their agreement. The WIC Program conducts periodic reviews and will terminate the agreement if a farmer no longer meets all criteria. FMNP farmer selection criteria include:

1. Authorized farmers must maintain a current email address and have access to a device (mobile or desktop) to set up and maintain an account.
 - a. Farmers are encouraged to maintain a mobile device with an iOS or Android operating system to conduct transactions and manage their accounts. If no device is present, authorized farmers may designate a cashier to do transactions on their behalf.
2. Authorized farmers must use Montana WIC's electronic system (Healthy Together) for almost all program activities, including applying to WIC, setting up an account including banking information for direct deposit, completing required training, conducting transactions, and accessing reports.
3. The majority of fruits, vegetables, and cut herbs that are sold must be grown by the authorized farmer and within the state of Montana.
4. Fruits, vegetables, and cut herbs cannot be processed beyond their natural state (aside from cleaning).
5. Authorized farmers agree not to sell any unallowable food items, as specified on the FMNP Allowable Food List.
6. Authorized farmers must display the FMNP poster, provided by the MT WIC program, at their location of sale.
7. Authorized farmers must follow FMNP program rules and procedures.
8. Authorized farmers must sign an agreement with the MT WIC FMNP program. Once the agreement is signed, an identification number will be assigned to the farmer. The agreement is renewed every three years.
9. Authorized farmers must complete an initial face-to-face training for the first year of your agreement and be able to participate in annual training for every subsequent year of this agreement.
10. Authorized farmers must provide program related information to the MT WIC FMNP program and/or the Food and Nutrition Service (FNS) upon request.
11. Authorized farmers are not allowed to operate another farmer's booth/stall/stand or booth space.
12. Authorized farmers will assure that no conflict of interest exists between the farmer and the Montana WIC program.
13. Authorized farmers will agree to comply with civil rights requirements as stated in 7 CFR 248.10(a)(6) and 248.7(a): title VI of the Civil Rights Act of 1964, title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, Department of Agriculture regulation on nondiscrimination (7 CFR parts 15, 15a and 15b), and applicable FNS Instructions to ensure that no person shall, on the grounds of race, color, national origin, age, sex or disability, be excluded from participating as a farmer or customer.
14. The farmer will not be authorized if during the last six (6) years the farmer has been convicted of, or had a civil judgment entered against them for any activity indicating a lack of business integrity. The Department's determination of lack of business integrity includes but is not limited to fraud, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice.
15. Authorized farmers shall have and maintain a positive compliance history with any and all USDA Food and Nutrition Services (FNS) programs in which they are or have participated.

eFMNP Introduction

Beginning in the 2025 market season, Montana will work with [Healthy Together](#) to launch the new electronic Farmers Market Nutrition Program (eFMNP). WIC customers will receive their benefits either through their mobile device or printed on a plastic card. Farmers will download the Healthy Together app, create an account, and set up direct deposit for payments. Farmers will conduct app-to-app transactions at the market by using their device to scan the QR code on the WIC customer's phone or card. Farmers initiate the transaction, enter the amount and location of the sale, and the customer enters their PIN for secure payment.

Benefits of eFMNP

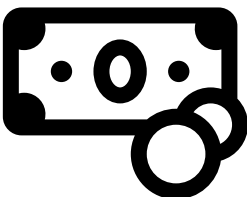

No more checks and stamps at the market

Automatic and bundled direct deposit payments to farmers

Benefits can be spent down to the penny

eFMNP hardware requirements

Authorized farmers must maintain a current email address and/or a valid phone number that can receive text messages for account validation and have access to either a mobile device or a desktop computer to create and manage their accounts. It is strongly recommended to have a mobile device to conduct transactions at the market.

If no mobile device is present, farmers may designate a *cashier* to do transactions on their behalf.

Mobile devices must have an iOS or Android operating system. The minimum phone operating systems include:

- Android 7.0 - Released August 22, 2016
- iOS 17 - Released September 18, 2023

Supported Apple devices include:

- iPhone XS, 11, 12, 13, 14, 15, 16
- iPhone SE 2nd generation
- iPad Pro (all models)
- iPad Air (3rd generation) and later
- iPad (6th generation) and later
- iPad mini (5th generation) and later

If you are using a device not on the list, it will likely still work, but the device manufacturer cannot provide support if there are issues.

It is strongly recommended to set your device to automatic app updates so you always have the latest version of the app as new features and improvements are released.

It is also recommended to turn notifications on for this app so the farmer is made aware of actions, such as pending payouts, and other actions, such as training required.

FMNP Season Key Dates

June 1 (or first weekday in June) – Earliest date FMNP benefits may be issued to families, earliest day purchases may occur.

Farmers may apply to the program, finalize agreements, and complete required training at any time during the season.

Posters are provided by the WIC Program after the farmer is authorized.

Your application is under review by the Montana FMNP team.

You will receive a notification when your application is updated.

Review and sign for submission of your FMNP application.

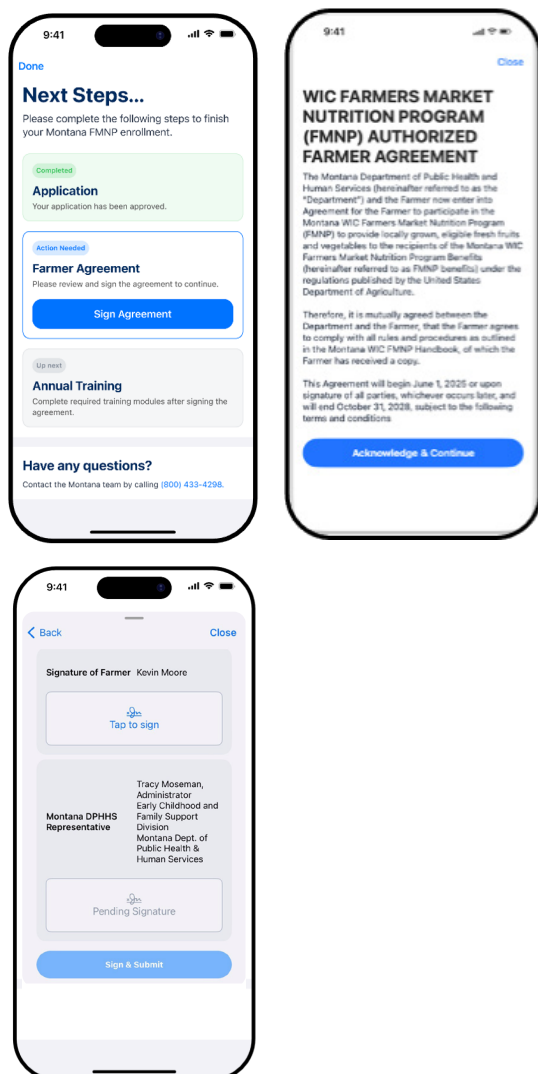

WIC staff will review the application, and the system will indicate if the application is pending, approved, or denied.

STEP 4:

Sign your FMNP Agreement

Once WIC staff have reviewed and approved an application, the farmer will review and sign the WIC FMNP agreement.

- When a farmer submits a signature for the agreement, the agreement is not valid until the WIC Program returns a fully signed copy to the farmer.
- WIC FMNP agreements are three years and may be terminated by either party with 30 days' written notice.
- Farmers may submit a program application and sign an agreement at any time throughout the season.
- Farmers must participate in a face-to-face training the first year of the agreement. Each subsequent year requires annual training conducted through the app. Farmers are unable to accept FMNP benefits until agreements are finalized and training requirements are met.
- After an agreement period, farmers may re-apply and have agreements renewed. Prior to an agreement renewal, the WIC Program will review the farmer's history for the following:
 - The farmer has redeemed FMNP benefits in the previous season, and;
 - The farmer has successfully resolved any problems brought to their attention by the WIC Program.

Neither the Montana WIC Program nor the farmer has an obligation to renew this agreement. The Montana WIC Program may terminate this agreement if the farmer does not comply with this agreement or the FMNP violations and sanctions policy,, FNS Interim Regulations, or any other applicable federal, state, or local civil or criminal laws, including state and federal nondiscrimination law.

Expiration of an agreement is not subject to administrative review and this agreement is not assignable or transferable.

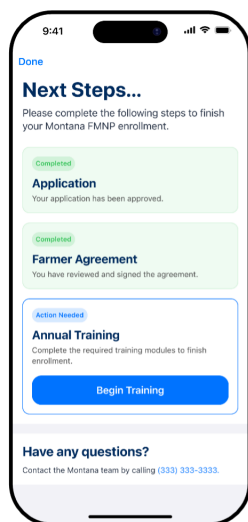

Montana WIC will terminate a farmer agreement:

- Immediately if the farmer is disqualified from SNAP;
- If the farmer fails to comply with any part of the agreement;
- Immediately if farm ownership changes; or
- If it is determined that false information was provided on the application.

STEP 5:

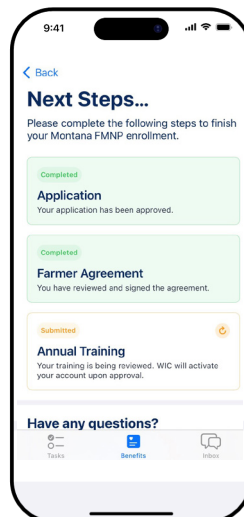

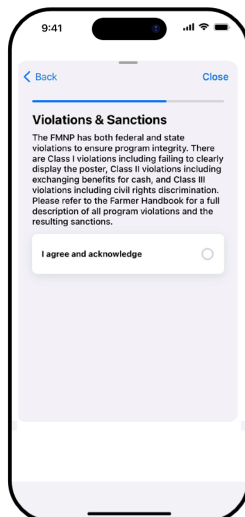

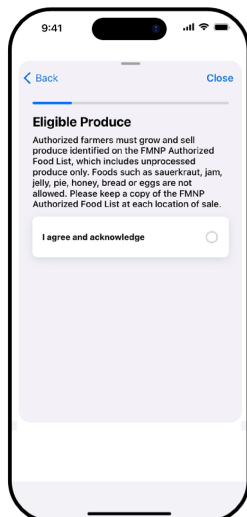

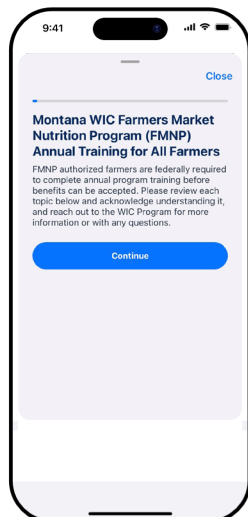

Complete Required Training

There are two types of WIC FMNP training that farmers must complete.

All new farmers — before their first season accepting benefits — must complete an interactive training, which can be done face-to-face or via video/phone with WIC staff. **All other farmers** must complete annual training through the app. No transactions can occur until annual training is complete. If there is a lapse in a farmer's agreement, they are required to do the interactive training on their first year. Interactive and annual training topics include:

- Program overview
- Eligible produce
- Equitable Treatment of FMNP Customers
- Display the poster
- Transaction requirements
- Cashiers
- Violations & Sanctions
- Fair Hearings
- Nondiscrimination

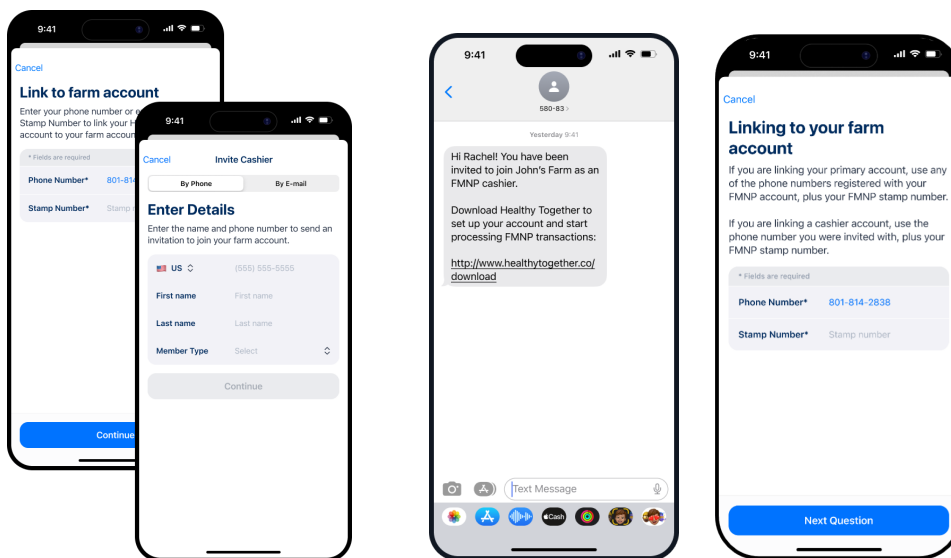

STEP 6:

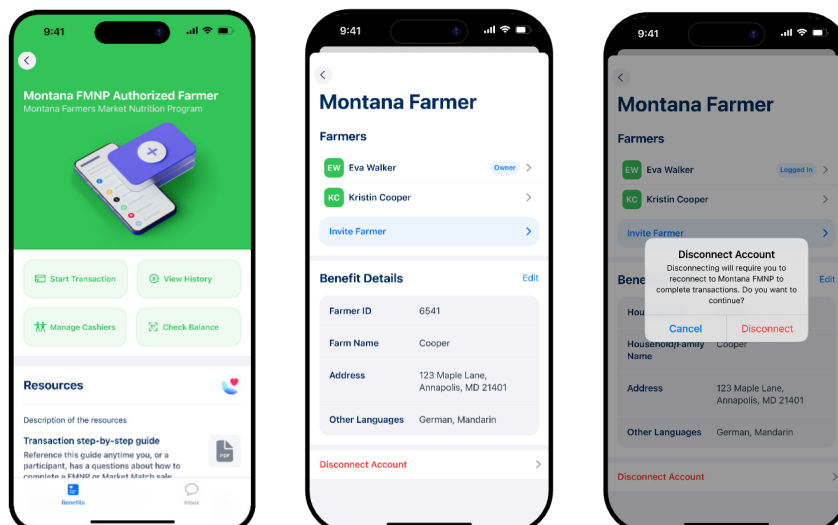

Invite cashiers (if applicable)

Once a farmer's account is created, they may invite others to be *cashiers* and conduct FMNP transactions on behalf of their account. Farmers with employees selling in different locations on different devices are encouraged to use this feature.

- Farmers will invite cashiers by entering their phone number or email.
- Cashier receives a text message or an email to download the app and connect to the farm account.
- Cashier downloads the app and creates an account same as above.
- Cashier links to the farm account using the farm ID (stamp number), phone and/or email of the farm account.

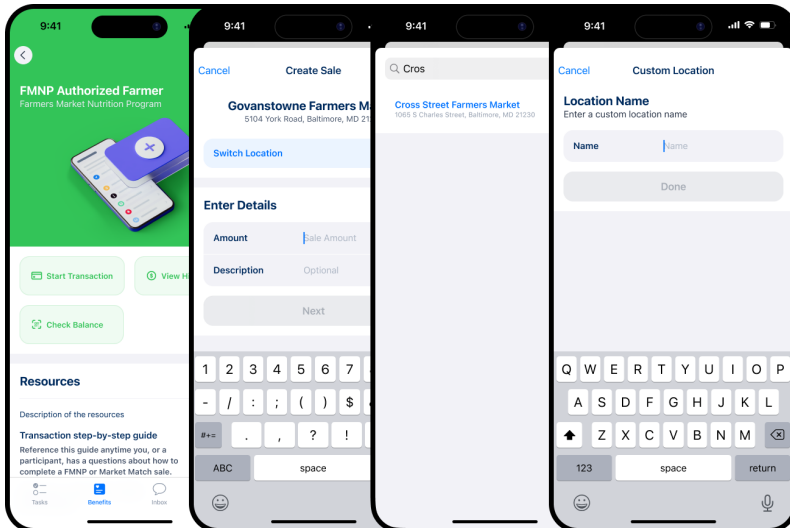

Farmers can easily manage multiple cashiers and disconnect as needed.

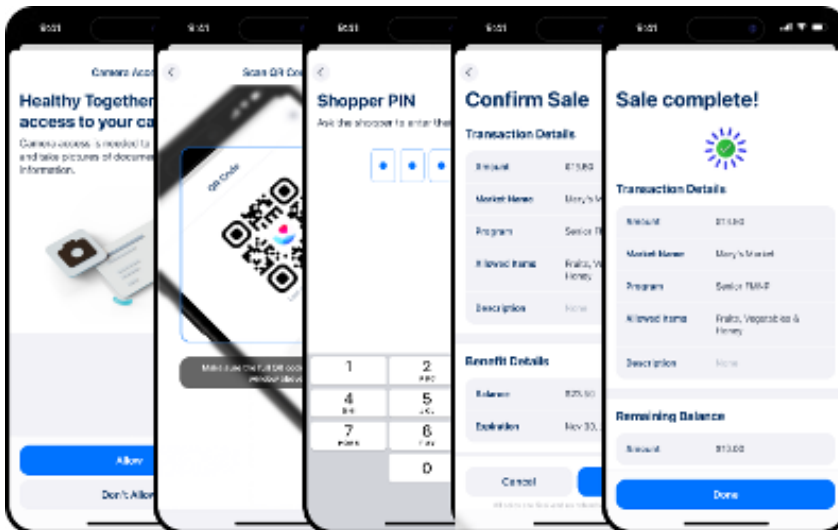

STEP 7:

eFMNP Transactions at the Market

After a customer gathers the produce they want and identifies themselves as having FMNP benefits, the farmer initiates the transaction.

- Tap “Start Transaction.”
- Select the location of sale. This only needs to be done once. You can search and select a known location or enter a new one.

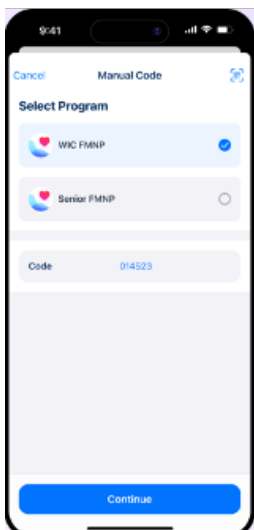

- For the first transaction, you will need to grant permission to access the camera on your device.
- Line up the QR code presented by the customer in the camera view; when it is detected, it will advance to the next step.
- Ask the customer to enter their security PIN on your device.
- Confirm the sale and review the information is correct.

Scanning Errors

If the QR code will not scan, it can be entered manually by tapping the [123] icon in the top right.

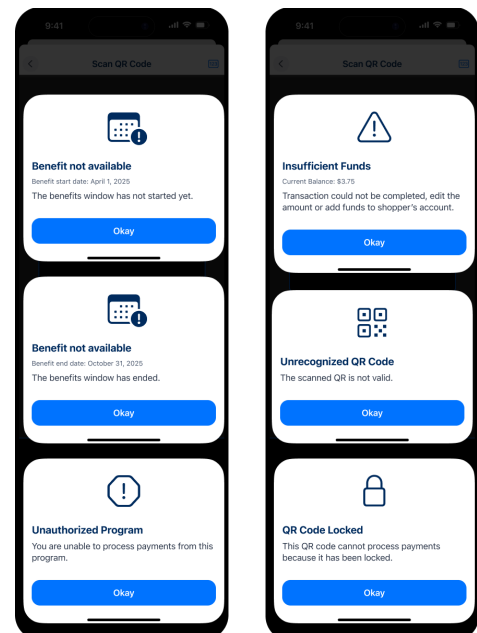

Select the program and the 6-digit QR code, then continue with the transaction:

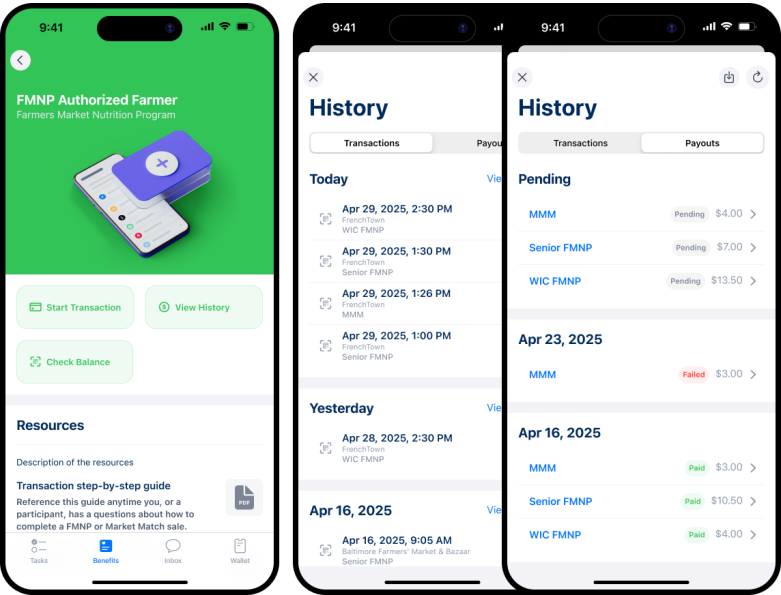

Scanning errors may include:

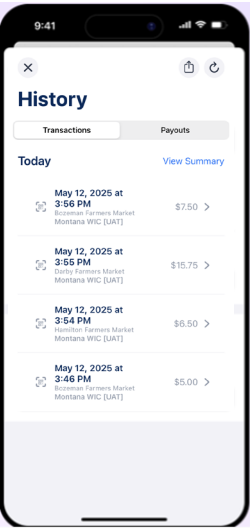

- Insufficient funds: participant does not have enough funds to cover the transaction.
- Benefits not available: Benefit was used before or after the season
- Unrecognized QR code: QR not reading
- Unauthorized Program: Farmer is not able to process payment, is not authorized
- QR Code Locked: QR code cannot process transactions because it is locked

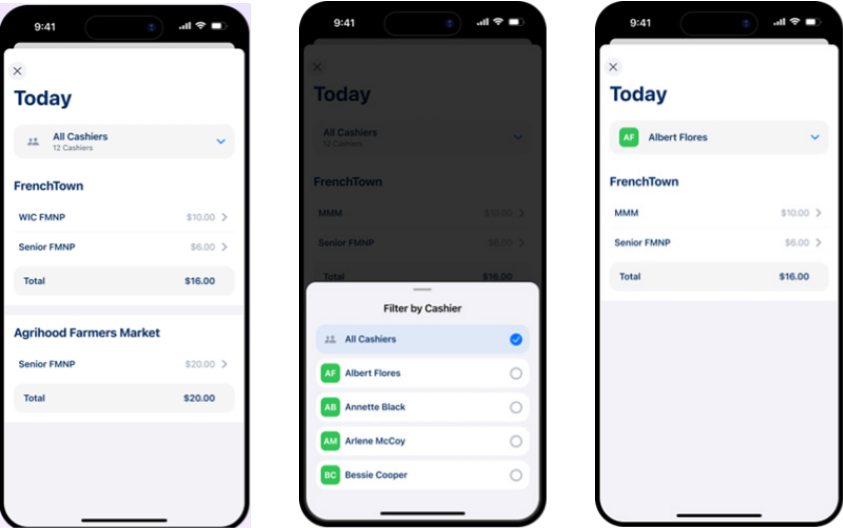

Transaction History

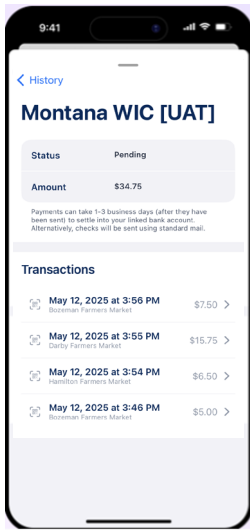

Farmers can view both their transaction and payout history in the app.

All transactions are listed in the history for both the primary account holder and cashiers.

If “View Daily Totals” is selected, primary account holders can see purchases by cashier.

Payout details are available on the primary account only.

STEP 8:

Get Paid

Farmers are encouraged to get paid by direct deposit by linking their Healthy Together account to their bank. If a farmer does not link to their bank account, the system will default to mailing checks to the farmer's address on file.

Farmer payouts are processed daily and bundle all transactions into one payment. Notifications to receive payouts can be emailed or texted to the farmer.

Notification that payout is pending:

Linking your bank to the system for direct deposit payments:

- Select your bank from the list or get paid a different way (mails paper checks).
- Securely log into your bank using your usual credentials.
- Select and verify the account to use.

This process includes a notification to *Manage your data*, which is required to give the Healthy Together system permission to access your banking information for the purposes of FMNP direct deposits.

Farmer Monitoring

Monitoring refers to the annual review of selected FMNP-authorized farmers to verify adherence to program policies and procedures. WIC staff conduct the monitoring, it may be covert, and they may do a test purchase.

eFMNP farmer monitoring reviews the following areas:

- The Use Your eFMNP Benefits Here sign is posted.
- No barriers to service exist.
- Transaction procedures are being followed.
- Nondiscrimination guidelines are being followed.
- The farmer is selling locally grown, eligible fresh fruits and vegetables.
- Prices for eligible WIC produce are clearly posted.

If the monitoring is covert, the farmer will be notified after WIC staff review and process the monitoring report. Any violation of WIC regulations will be documented on the monitoring form and correspondences will outline steps necessary to correct deficiencies found during the visit. Depending on severity, some program violations may result in a warning letter, corrective action plan, mandatory training, or disqualification.

Complaints Against FMNP Customers

Rarely, a WIC FMNP customer may violate program rules. If the farmer cannot resolve the conflict by informing the participant of the proper WIC procedures, then the farmer needs to report the incident on the [WIC Participant Complaint Form](#). WIC participants are not permitted to cause a disturbance at a farmer's location of sale, abuse a farmer's employees or violate the procedures for transactions.

When to Report a Complaint

WIC encourages farmers to report program violations, to ensure the behavior does not continue. If farmers have any questions about this process, they are encouraged to call the State WIC Office at 1-800-433-4298.

Any of the following constitutes a violation of the WIC Program.

If the WIC participant:

- Attempts to purchase ineligible produce or more produce than benefits allow;
- Is threatening or verbally or physically abusive to the farmer;
- Attempts to exchange FMNP benefits for cash, credit, or nonfood items, including produce in excess of the maximum value of the WIC participant's benefit; or Intentionally makes false or misleading statements or intentionally misrepresents or conceals information that affects their ability to redeem FMNP benefits.

Farmer Violations & Sanctions

Violation of WIC FMNP policies and procedures by an authorized farmer will be identified as class I, II, or III violation. Authorized farmers will be sanctioned if program regulations or the terms of the agreement are violated by doing any of the following:

Class I Violations

- Failing to clearly display the "Benefits Accepted Here" poster.
- Conducting an eFMNP transaction for produce which is not grown in Montana.
- Accepting FMNP benefits for unauthorized food items.
- Failing to clearly identify and separate produce which is not eligible to be paid for with FMNP benefits.

- Class III Violation will result in disqualification beginning 15 days from date of receipt of written notice, which will remain in effect for the remainder of the current market season and the following season.

The second offense of a:

- Class III Violation will result in permanent disqualification from the Montana WIC FMNP beginning 15 days from date of receipt of written notice.

FMNP authorized farmers may be prosecuted for fraud or abuse under applicable federal, state, or local laws. The penalty or fine for misuse or illegal use of program funds, property or assets of a value equal to or greater than \$100 shall not exceed \$25,000 or imprisonment for not more than five years, or both. Fair Hearings

Farmers may request a fair hearing to appeal a denial of application, sanctioning, or disqualification. All requested fair hearings will be conducted by Montana WIC within three weeks of the date the Program receives the request for a hearing. The following procedure will be followed:

1. The farmer has sixty (60) days from the date of the denial of application, sanctioning or disqualification to request a fair hearing. The request may be made through the WIC FMNP liaison or the Montana WIC State Office. The request for a fair hearing may be written or verbal.
2. The Montana WIC Program will set the hearing date within three weeks of the receipt of the request.

 - a. review the case file;

9. Expiration of an agreement with a farmer and claims actions under Section 248.20 are not subject to appeal.
10. An adverse action may, at the State Agency's option, be postponed until a decision in the appeal is rendered.

Civil Rights

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. Discrimination of a WIC participant is a serious violation of the Montana WIC FMNP Agreement and may result in a sanction or disqualification. Authorized WIC farmers must comply with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973,

the Age Discrimination Act of 1975, and Department of Agriculture regulations on nondiscrimination contained in Parts 15, 15a, and 15b and FNS instructions as outlined in Part 249.7 of Title 7 Code of Federal Regulations, as of May 26, 2005.

In order to provide reasonable accommodation to WIC participants please ensure that the front of your Point of Sale (POS) (booth, roadside stand, etc.) is clear and accessible for everyone. Also, please ensure that there is a hard surface available for participants who may have trouble signing the FMNP benefits.

All Civil Rights complaints are handled by the U.S. Department of Agriculture, not the Montana State WIC Agency. If a farmer is found in violation of Federal Civil Rights discrimination, the farmer will be disqualified.
