St. Labre Middle School
Superior School District
Sweet Grass County High School
Three Forks School
Troy School District
Twin Bridges School District
West Valley School
White Sulphur Springs School
Wibaux School District
Wolf Point School District

Important:

- Great Falls Public Schools submitted 15 records and only five of those had enough information to include.
- Harlowton High School did not include birth dates for the children so those records could not be used.
- Any records missing either parent name, address, or child's birth date were unusable and had to be discarded from our list. We provided a template so that schools would know what data to include, but many of them did not use the template.
