**Addendum to
Montana Section 1115 Waiver for Additional Services and Populations Demonstration
Section 1115 Annual Report Demonstration Reporting Period:
Demonstration Year 18
January 1, 2021 – December 31, 2021**

CMS requests an addendum to the annual report as we did for the 2020 report. It would be most helpful if the addendum could show the 2020 historical data and the new 2021 data in table form. Specifically, CMS requests the 2021 utilization data:

- # beneficiaries receiving Psychotropic prescription drugs
- # beneficiaries using Emergency Department for MH services
- # admissions to:
 - Crisis stabilization
 - Inpatient psychiatric facility
 - MT state hospital

Montana submits the below.

**Based on MT Medicaid Paid Claims with Dates of Service in CY 2020 and CY 2021, with Paid Dates of January 2020 through March 2022. The claims are pulled based on dates of service, therefore the numbers for CY 2020 are slightly different from what was submitted in 2021 due to runout.*
