All about Asthma/Asthma and Your Child

This two-sided “flip book” has information for children with asthma on one side and their parents on the other. The children’s section includes puzzles and games about asthma alongside educational information.

The parent’s section covers asthma basics, medications and triggers.

10 copies

Dusty the Asthma Goldfish Activity Book

A popular resource from the EPA, this activity book engages younger kids as they learn about asthma. [Dusty the Asthma Goldfish.](#)

10 copies

Help Your Child Gain Control Over Asthma

An EPA publication that reinforces the information included in the MAP curriculum, this would be a great booklet to have a parent or guardian read and complete after you have taught the curriculum to the family.

10 copies

Living Well with Asthma Workbook

This 32-page workbook is designed to help adult patients develop and achieve self-management goals. The workbook includes space to develop an AAP, maintain a symptom diary, and create an exercise plan.

10 copies

My Asthma Wallet Card

This pocket-sized wallet card has space to write in the patient’s medications, peak flow numbers, and information for their doctor and emergency contact. A mini asthma action plan, it helps patients stay attuned to their important asthma-related information.

10 copies

Asthma Apps Brochure

This brochure provides an overview of popular digital asthma apps and details how apps can help patients self-manage their asthma along with the advice of their healthcare provider. Tips are included on common features and how to choose the right app.

10 copies

Montana Asthma Home Visiting Program Brochure

This brochure provides information about the Montana Asthma Home Visiting Program, including contact information for local programs throughout the state.

- Mail to Attn: Carolyn Linden, Asthma Control, PO BOX 202951, Helena, MT 59620-2951

Please add me to the Montana Asthma Advisory Group.

The Montana Asthma Advisory Group, or MAAG, is a diverse team of stakeholders who meet regularly to provide guidance and advice on asthma control efforts statewide. The MAAG meets three times a year to discuss relevant program topics like access to health care, asthma reimbursement, environmental triggers, asthma in the school setting, and asthma control.

All materials are provided free of charge by the Montana Asthma Control Program to Montana healthcare providers. To request more copies or for more information e-mail CLinden2@mt.gov or call 406-444-5946.
