| 80+ | 77% | 23% |
| Total | 76% | 24% |

NOTE: There are potential limiting factors are likely resulting in the calculation of >100% for the 60-69 and 70-79 age groups.

- 1) Population estimates are from 2019 and may be lower than 2021 numbers.
- 2) Due to excellent outreach in the county, some doses administered may have been given to out of state or out of country residents but due to missing residence information, they are defaulted to county of administration (in this case, Glacier).
