

School-related COVID-19 cases in Montana, 2021–2022 School Year

Updated 10/7/2021

This report includes school-related cases of COVID reported to Montana DPHHS. To allow local health jurisdictions and schools time to notify parents and the community about possible COVID exposures in schools, we will report infections reported through the end of the school week prior to this publication (10/1/2021). The column “Cases in Last 2 Weeks” reports the number of cases newly reported in the previous two weeks (9/17/21–10/1/21). Your school’s website may have a more up-to-date number of cases at the school, since they may be updating those number more frequently than this report. Please note that school names are not included in the table if no cases are reported from that school.
