Extended Definitions for 3.5

EMERGENCY RESPONSE (PRIMARY RESPONSE AREA): Emergent or immediate response to an incident location, regardless of method of notification (e.g., 9-1-1, direct dial, walk-in, flagging down, air ambulance scene flight) or scene location (emergent responses to SNIF, ALF, dialysis center, clinic)

EMERGENCY RESPONSE (INTERCEPT): EMS unit meets another EMS unit with the intent of receiving a patient or providing a higher level of care.

EMERGENCY RESPONSE (MUTUAL AID): Response to a request for assistance in an emergency when local resources have been expended.

HOSPITAL-TO-HOSPITAL TRANSFER (INTERFACILITY TRANSFER): Any transfer, after initial assessment/stabilization, from and to a healthcare facility, (incl. specialty hospitals), for the purpose of continuation of acute care.

HOSPITAL TO NON-HOSPITAL FACILITY TRANSFER: Any transfer from a hospital to a non-hospital facility. E.g., transfer from hospital to a care center (SNF, ALF) but not to home.

NON-HOSPITAL TO NON-HOSPITAL FACILITY TRANSFER: Any transfer from one facility to another facility neither of which qualify as a hospital. An example of this is a transfer from a dialysis center to an out-patient clinic.

NON-HOSPITAL FACILITY TO HOSPITAL TRANSFER: Any scheduled transfer from a non-hospital facility to a hospital. E.g., dialysis center to a hospital.

OTHER ROUTINE MEDICAL TRANSPORT: Transports that are not between hospitals or that do not require immediate response; transportation to or from an appointment, performance of a procedure, or long-term care (e.g., hospital to home/hospice/rehabilitation/long-term care facility).

PUBLIC ASSISTANCE: The unit responded to provide non-traditional or EMS services not otherwise specified here (e.g., elderly or disabled patient assistance (lift assist), public education, injury prevention, immunization programs).

STANDBY: Initial request for service was for purposes of being available in case of an emergency (e.g., sporting/public events, fires, police action).

SUPPORT SERVICES: The unit responded to provide support not otherwise specified.

NON-PATIENT CARE RESCUE/EXTRICATION: The unit responded to provide rescue and/or extrication service, personnel or equipment.

CREW TRANSPORT ONLY: The unit responded to transport crew only.

TRANSPORT OF ORGANS OR BODY PARTS: This includes tissues, biological samples, organs, and body parts.

MORTUARY SERVICES: The unit responded to provide service or assistance in the event of a deceased patient (i.e. transport after pronouncement).

COMMUNITY INTEGRATED HEALTH: The responding unit provided mobile resources in the out-of-hospital environment. It may include, but is not limited to, services such as community paramedicine care, chronic disease management, preventive care or post-discharge follow-up visits.

EVALUATION FOR SPECIAL REFERRAL/INTAKE PROGRAMS: EMS provides an initial medical screening as part of the intake process for various specialty referral services or programs (such as "Safe Baby Haven", mental health or addiction, or similar programs).

ADMINISTRATIVE OPERATIONS: The unit provided EMS coordination, oversight and/or supervision of services.
