Naloxone Master Trainer Courses Available

Under contract with the EMS and Trauma Systems Section, Montana DPHHS, Best Practice Medicine is coordinating a statewide effort to train Naloxone Master Trainers as part of the strategic plan to combat mortality from opiate overdoses.

Become a **Naloxone Master Trainer** - train others in your workplace, school, agency or community.

Complete the hybrid course, two-step process at:

www.bestpracticemedicine.com/narcanmastertrn

Step 1:

After creating an account in the Best Practice Medicine training portal, complete the 90-minute on-line course module.

Step 2:

Attend a 90-minute Master Trainer Skills Session. You will need to bring your Certification of On-Line Course Module completion from Step 1 to this training.

Students who complete this DPHHS training are eligible to order Naloxone at no cost from or pharmacy vendor.

Note to ECPs: The Montana Board of Medical Examiners has approved [endorsements](#) to allow Emergency Medical Responders (EMR) and Emergency Medical Technicians (EMT) to be trained to administer Naloxone. The [ECP Statewide Protocols](#) have also been updated to allow Naloxone administration. Consult with your local medical director about attending the Master Trainer course and providing training to other ECPs.

Please contact Jim DeTienne at (406) 444-4460 or jdetienne@mt.gov if you have questions or need assistance.
