

90% of allergic reactions are caused by major 9 allergens.

32 million people living in the U.S. have Food Allergies

- Food allergies have no cure
- Allergic reactions can be fatal
- Reactions can be caused by trace amounts of allergens
- If your customer has hives, facial swelling, or trouble breathing, call 911 and get the manager

Take Food Allergies Seriously

- Listen to the customer
- Get the manager or chef
- Read all labels
- Know your ingredients
- Never guess
