<Salutation>,

It has been brought to this departments attention that you are advertising tattooing services on various Facebook classified sites (advertisement attached). Tattooing without appropriate licensure is a misdemeanor offense under 50-48-108, MCA, and subjects the operator to substantial daily penalties. Further, tattoo services cannot be performed in a private residence unless that residence has a licensed work room.

This letter is to inform you that you must **CEASE AND DESIST** all advertising and tattooing, until a valid license is issued to you from this department. If you wish to pursue legal licensure, please contact us using the information provided below.

Respectfully,
