

## Application Instructions for the Licensee -Retail Food Establishment

**Number of Employees:** 50-50-205 MCA states that for each license issued to an establishment that does not have more than two employees working at any one time, the department shall collect a fee of \$85.00. Retail food establishment with three (3) or more employees working at any one time will pay a license fee of \$115.00.

**Licensee (Operator/Owner) Name:** The license for a facility is specific to a legal licensee. Write the name of the person or entity that is the legal operator of the facility. A new license is required when the owner or operator of an establishment changes, even if the name of the facility does not change. If the facility is leased, list the name of the lessee when that person is responsible for the establishment meeting public health requirements.

**Establishment Name:** Write the business name of the facility. If the business has several sites, the establishment name must be specific to the location for this application. When making license application for multiple locations, use a separate application form for each facility, and give the physical location (street and number) for each on its respective application form.

**Establishment Address:** This must be the physical location (street address) which includes city, zip and county of the establishment.

**Mailing Address:** The mailing address is where the license and renewal notice will be sent. **Late fees** may result if the renewal notice is sent to a seasonal facility location which is closed. If you desire the license(s) for one or several franchise operations to be sent to the head office or corporate office, or to a business agent, enter their mailing address in this space.

**Contact Information:** Please include the Establishment and Owner/Corporate phone number and email address for the establishment.

**Note:** *The space at the bottom of the application is to be completed by the regulatory authority.*

### **Type of Establishment:**

The type of establishment identifies the types of food operations that occur on a premise. A food establishment may have multiple types at the same location - check all that apply. **Only one annual retail license fee** is required, regardless of the number of types approved by the local health authority.

|  | Brief Description/Examples  |
|--|---|
|  | Food Service Establishment: Includes restaurants, cafeterias, catering kitchens, pizzerias, catering, etc. or other similar place where food or drink is prepared, served, or provided to the public with or without charge. Does not include mobile operation. |
