

# Responsive Practice: Inclusive Health Care Delivery Training

Enhance the ability of health care and public health professionals to deliver disability-competent health care and services that are accessible to people with intellectual, mobility, and other disabilities.

- **Virtual self-paced training.**
- **1.5-hours (2 modules).**
- **FREE with CE Credits included.**

For training objectives, details about CE credits, and module links visit [bit.ly/ResponsivePracticeMoreInfo](https://bit.ly/ResponsivePracticeMoreInfo) or contact [Mackenzie.Jones@mt.gov](mailto:Mackenzie.Jones@mt.gov).

This training is supported by the Montana Department of Public Health and Human Services and recommended by the former acting State Medical Officer, Dr. Maggie Cook-Shimanek.

**MODULE 1:** Providing Health Care and Screening to Individuals with Disabilities.

**MODULE 2:** Accessible and Adaptive Communication.
