Unfinished Business

Nomination Process Procedures

Activity	Timeline	Next Steps
1. Nomination packet is sent to NBS Program joint email: HHSNewbornAdvisoryCommittee@mt.gov	48 hours	Notify the sender that the packet was received.
2. CSHS & Lab (and potentially Chair and Vice Chair) decide if the nomination packet is complete. Additional information may be requested.	2 weeks	Notify the sender that the packet was complete / incomplete.
3. Send completed nomination packet to full Advisory Committee for review.	1 month prior to meeting where it will be reviewed*	Put the nominated condition on the next available meeting agenda.
4. Designated person (or Chair) leads the Advisory Committee through the nomination packet during the meeting. Additional information will be presented from SME, Lab, and Family Story as appropriate.	X number of meetings*	Vote on the nominated condition in a Committee meeting once the process is complete.
5. Hold vote for nominated condition at Committee Meeting	1 week	Send report to DPHHS Director for review

*Depends on the number of conditions that are already in the queue to be reviewed.

Nomination Flow Chart

Krabbe Nomination Packet Review

Selection Criteria Table

Selection Criteria			
	True	Unsure	No
1. It can be identified at a period of time (24 to 48 hours after birth) at which it would not ordinarily be clinically detected.	X		
2. A test with appropriate sensitivity and specificity is available.	X		
3. There is a significant risk of illness, disability, or death if babies are not treated promptly (within the recommended time frame for the condition).	X		
4. Effective treatment is available and access to follow-up care and counseling is generally available.			X
5. There are demonstrated benefits of early detection, timely intervention, and efficacious treatment.		X	
6. The benefits to babies and to society outweigh the risks and burdens of screening and treatment.		X	

Selection Criteria Table (continued)

Selection Criteria			
	True	Unsure	No
7. The public health laboratory can support the testing resources and expertise necessary to provide accurate and timely results.			X
8. There are minimal financial impacts on the family.			X
9. There is a public health benefit to conducting the test.		X	
10. There exist responsible parties who will follow up with families and implement necessary interventions.		X	
11. The condition's case definition and spectrum are well described.		X	

Krabbe Discussion
