Montana Public Health Directory

The Montana Public Health Directory allows selected public health officials to view and update relevant information for their local jurisdiction. In addition, all public health professionals will be able to view any jurisdiction in the state. *The information will not be distributed publicly. Please do not share the URL outside of your agency.*

Editors approved by DPHHS may edit or update information for their jurisdiction by Logging in using the "Login using ePass Montana" link in the upper right corner of this page. All other users can view information by selecting "Search" at the top of the page.

For assistance or more information, please contact the Public Health & Safety Division at 444-0919, or by emailing Melissa.Burch@mt.gov

Review the contact information and verify it is correct, and then “mark as reviewed”.

There are some that need to be reviewed quarterly, and some annually.

If there is a primary and secondary option, please do not put the primary contact info in twice if there is no secondary, just leave that one vacant.
