

Decolonize Tobacco Script

There are many things that people hold as sacred.

Our homes, our songs, and dances.

Our relatives and our medicines.

Our tobacco. Big companies have poisoned our tobacco.

Making money off addiction and pushing sickness to our people.

It's time to stand together and reclaim our traditions.

Keep tobacco sacred. Aho (Thank You)

Join me and share how you would decolonize tobacco, #DecolonizeTobacco, #ReclaimTraditions.
