BEFORE THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES
OF THE STATE OF MONTANA

In the matter of the adoption of NEW RULES I through XCVI and the
repeal of ARM Title 37, chapter 95 pertaining to licensure of day care
facilities

NOTICE OF PUBLIC HEARING ON PROPOSED ADOPTION AND REPEAL

TO: All Concerned Persons

1. On November 13, 2023, at 9:00 a.m., the Department of Public Health and Human Services will hold a public hearing via remote conferencing to consider the proposed adoption and repeal of the above-stated rules. Interested parties may access the remote conferencing platform in the following ways:
   (a) Join Zoom Meeting at: https://mt-gov.zoom.us/j/85792227402?pwd=L2xzMVl6bmZuOGZnd1VjWU9YenJzUT09, meeting ID: 857 9222 7402, and password: 151321; or
   (b) Dial by telephone: +1 646 558 8656, meeting ID: 857 9222 7402, and password: 151321. Find your local number: https://mt-gov.zoom.us/u/kvdDc8V2E.

2. The Department of Public Health and Human Services will make reasonable accommodations for persons with disabilities who wish to participate in this rulemaking process or need an alternative accessible format of this notice. If you require an accommodation, contact the Department of Public Health and Human Services no later than 5:00 p.m. on October 30, 2023, to advise us of the nature of the accommodation that you need. Please contact Bailey Yuhas, Department of Public Health and Human Services, Office of Legal Affairs, P.O. Box 4210, Helena, Montana, 59604-4210; telephone (406) 444-4094; fax (406) 444-9744; or e-mail hhsadminrules@mt.gov.

3. The rules as proposed to be adopted provide as follows:

NEW RULE I  GENERAL DEFINITIONS
(1) "Applicant" means an individual or legal entity who has made a formal request for a child care license or registration.
(2) "Capacity" means the maximum number of children a facility is authorized by the department to have in care at any given time.
(3) "Child" is defined in 52-2-703, MCA, and means:
   (a) a person under 13 years old; or
   (b) a person with special needs, as defined by the department, who is under 18 years old or is 18 years old and a full-time student expected to complete an educational program by 19 years old.
(4) "Child care" has the same meaning as "day care," as defined in 52-2-703, MCA, and means care for children provided by an adult, other than a parent of the children or other person living with the children as a parent, on a regular basis for
daily periods of less than 24 hours, whether that care is for daytime or nighttime hours. The term does not include:

(a) school-age care, unless the provider opts to be licensed or registered;
(b) informal short term, drop-in care for children provided on an unscheduled or on-demand basis while parents attend discrete activities such as meetings, appointments, or leisure activities, unless the provider opts to be licensed or registered;
(c) recreational, creative, educational, or religious programs and camps operating at specific and limited times of the year;
(d) programs established chiefly for educational purposes that limit their services to children who are three years old or older, unless the provider opts to be licensed or registered;
(e) relative care, unless they opt to be registered; or
(f) Family, Friend, and Neighbor care, unless they opt to be registered.

(5) "Child care center" has the same meaning as "day-care center" as defined in 52-2-703, MCA, and means an out-of-home place in which child care is provided to 16 or more children on a regular basis. The term does not include a place where child care is provided if a parent of a child for whom child care is provided remains on the premises, unless the parent is a director/owner, staff member, support staff, or volunteer of the child care center, or unless the child care center is on the premises or campus of an employer who employs the parent.

(6) "Child care facility" has the same meaning as "day-care facility" as defined in 52-2-703, MCA.

(7) "Child Care Licensing (CCL)" is the program at the Montana Department of Public Health and Human Services that regulates and supports child care providers.

(8) "Continuous" means without interruptions, gaps, or stopping.

(9) "Department" means the Montana Department of Public Health and Human Services.

(10) "Discrimination" means unjust or prejudicial treatment in child admissions or employment of staff on the basis of race, sex, religion, creed, color, national origin, marital status, age, or physical or mental disability.

(11) "Drop-in child care" means a child care facility which only provides care to children on an unscheduled or on-demand basis while parents/guardians attend discrete activities.

(12) "Family child care facility" or "family day care home" is defined in 52-2-703, MCA, and means a private residence or other structure in which child care is provided to three to eight children on a regular basis. A person who provides child care in a private residence for six or fewer children may opt to be registered as a family child care facility if that person desires to receive child care subsidy payments as described in 52-2-713, MCA.

(13) "Family, Friend, and Neighbor (FFN)" means a child care provider who can provide care for no more than six children from separate families or all children from a "sibling group" and who opts to be registered.

(14) "Group child care facility" or "group day-care home" is defined in 52-2-703, MCA, and means a private residence or other structure in which child care is provided to nine to 15 children on a regular basis.
(15) "Group size" means the number of children in a defined space or intentionally grouped around an activity.

(16) "Harm to children" means harm to a child's health, safety, or welfare that falls within the definitions of child abuse or neglect in 41-3-102, MCA.

(17) "Infant" means a child through 11 months old.

(18) "Irregular" means periods of time less than six hours a day or for no more than three consecutive weeks at a time.

(19) "Lapsed registration/license" means:
(a) an application for registration/licensing renewal which is received by the department after the registration/licensing expiration date;
(b) an application which is incomplete and results in a break-in-license span; or
(c) any break in the registration/license span resulting from a lapse of required insurance or resulting from a failure to comply with another licensure requirement.

(20) "License" is defined in 52-2-703, MCA, and is required for child care centers and is optional for school-age care and drop-in child care facilities. License statuses include:
(a) "Probationary license" means a child care license with a status that has been reduced for a specified period of time based on a licensing violation and which will be reinstated to regular status upon successful completion of, and compliance with, remedial measures identified by the department to address specific deficiencies.
(b) "Provisional license" means a license status that is given to a child care provider if the provider does not meet all the requirements, but is attempting to comply. This status can be granted for a period of up to three months, and may be renewed. This license status is used for current licensees who are renewing and for new providers after their pre-licensing inspection.
(c) "Regular license" means a license status that is given upon determination that the child care provider is meeting all requirements set forth for that specific type of licensed child care.
(d) "Revocation" or "revoked license" means an enforcement action by the department to close a child care facility and permanently remove the license.
(e) "Suspended license" means an enforcement action by the department to put a license on hold to protect the health, safety, or welfare of enrolled children or the public.

(21) "Licensee," "owner," or "registered provider" means the legally responsible person or organization who holds a license or registration from the department.

(22) "Negative action" means denial, suspension, revocation, or modification of a license or registration.

(23) "Night care" or "non-traditional hours" means care provided for a child between the hours of 6 p.m. and 6 a.m.

(24) "Overlap care" means care provided at a registered family or group child care facility for children three years and older, and approved by the department for a designated time period not to exceed three hours when the number of children in care may exceed the number of children on the registration.
(25) "Parent" or "guardian" means birth parent, custodial parent, adoptive parent, foster parent, legal guardian, or an individual authorized to act with respect to a child by the parent or entity legally responsible for the welfare of the child.

(26) "Pre-inspection" means a child care licensing or registration inspection before a child care provider begins providing care. The pre-inspection ensures the applicant has the required components in place to be a licensed or registered child care facility, excluding FFNs and Relative Care Exempt providers.

(27) "Premises" means the private residence, facility, or other structure in which licensed or registered child care will be provided and the associated approved outdoor space.

(28) "Provider" means the applicant, the license holder, or registration holder.

(29) "Registration" is defined in 52-2-703, MCA, and is required for group child care facilities and family child care facilities. "Registration" also means department approval of a Relative Care Exempt provider or FFN provider who opts to be registered. Registration statuses include:

(a) "Probationary registration" means a child care registration that has been reduced for a specified period of time based on a registration violation and which will be reinstated to regular status upon successful completion of, and compliance with, remedial measures identified by the department to address specific deficiencies.

(b) "Provisional registration" means a registration status that is given to a family or group child care provider if the provider does not meet all the requirements, but is attempting to comply. This status can be granted for a period of up to three months, and may be renewed. This registration status is used for current registration holders who are renewing and for new providers after their pre-registration inspection. This status does not apply with respect to FFN or RCE (Relative Care Exempt) providers.

(c) "Regular registration" means a registration status that is given upon determination that a registered provider is meeting all requirements set forth for that specific type of registered child care.

(d) "Revocation" or "revoked registration" means an enforcement action by the department to close a child care facility and permanently remove the registration.

(e) "Suspended registration" means an enforcement action by the department to put a registration on hold to protect the health, safety, or welfare of enrolled children or the public.

(30) "Regular basis" is defined in 52-2-703, MCA, and means providing child care to children of separate families for any daily periods of less than 24 hours and for three or more consecutive weeks at a time.

(31) "Relative care" means the child is the brother, sister, nephew, niece, grandchild, or great grandchild of the persons providing child care and includes a child in a step, foster, or adoptive relationship.

(32) "Relative care exempt (RCE) provider" means a person providing relative care who opts to be registered by the department to receive payments to provide child care.

(33) "Renewal" is a process for providers to demonstrate ongoing compliance with licensing or registration requirements and for the department to reissue a license or registration to continue operating a child care facility.
"School-age care" means regularly scheduled care exclusively for school-age children during out-of-school-time hours, licensed by the department.

"School-age child" means a child who is five years old or older.

"Sibling group" means all children are from the same household.

"Staff" refers to all persons who work or substitute in a child care facility, including directors, and count in child-to-staff ratio.

"Supervision" means the provider and/or such staff as are necessary to maintain required child-to-staff ratios must be able to see or hear the children at all times.

"Support staff" means a staff member of a child care provider who does not participate in a caregiving role and is not counted in child-to-staff ratios. Examples of support staff are cooks, administrative staff, or cleaning staff.

"Technical assistance" means education, training, coaching, and other support provided by the department, its partners, or its contractors to child care providers and staff to assist in meeting licensing and registration requirements and enhancing quality of care.

"Toddler" means a child who is 12 months old through 36 months old.

"Waiver" means the department has approved an exception to a rule within this chapter.

NEW RULE II TYPES OF LICENSES AND REGISTRATION

(1) Montana has different types of child care licenses and registrations, which vary by the number of children in care, the care settings or facility type, and sometimes the ages of children in care. Providers have a choice in selecting their license or registration category based on the benefits and requirements associated with each type of care.

(a) Child care can be provided in child care centers, group child care facilities, family child care facilities, school-age care facilities, drop-in child care facilities, FFN providers, and RCE providers.

(b) Each rule in this child care licensing chapter describes the types of child care to which it applies.

(i) When the rule refers to "all licensed child care facilities," that includes child care centers, school-age care facilities if they choose to be licensed, and drop-in child care facilities if they choose to be licensed.

(ii) When the rule refers to "all licensed and registered child care facilities," that means licensed child care centers, licensed school-age care facilities, licensed drop-in care facilities, registered group child care providers, registered family child care providers, and registered FFN providers.

(iii) RCEs are only included when specifically referenced in the rule.

(2) Child care types are determined based on the following criteria:

(a) RCE providers provide care in a private residence either for a sibling group of any size or for no more than two children from separate households.

(b) FFN providers provide care in a private residence either for a sibling group of any size or for no more than six children from separate households.
(c) Family child care facilities provide care in a private residence or other structure for three to eight children on a regular basis.
(d) Group child care facilities provide care in a private residence or other structure for nine to 15 children on a regular basis.
(e) Child care centers provide care in an out-of-home setting for 16 or more children on a regular basis.
(f) School-age care facilities provide care on a regular basis only to school-age children and during out-of-school-time hours.
(g) Drop-in child care facilities provide care for children in an out-of-home setting on an unscheduled or on-demand basis while parents attend discrete activities, like meetings, appointments, or leisure activities.
(3) Any provider serving seven or more children on a regular basis must be licensed or registered.
(a) Child care centers must be licensed.
(i) Drop-in child care facilities and school-age care facilities have the option of being licensed.
(b) Group child care facilities serving nine to 15 children and family child care facilities serving seven or eight children must be registered.
(i) Providers serving three to six children have the option of registering as a family child care provider or as an FFN provider. Registration is required for providers who receive or wish to receive subsidy payments.
(ii) RCE and FFN providers have the option of being registered.

NEW RULE III  DETERMINING FACILITY TYPE AND COUNTING CHILDREN ON LICENSE OR REGISTRATION
(1) The facility type is determined by:
(a) the provider's application;
(b) the license or registration capacity for the facility;
(c) the space designated for the facility;
(d) the number of staff members available to meet the child-to-staff ratio requirements; and
(e) whether any other safety, health, or program requirements are affected or violated.
(2) Children of staff or owners who are present in the child care space during child care hours are included when counting children for license or registration type and capacity.
(a) Children of owners who attend school full time will not be included when counting children.

MAR Notice No. 37-1044  20-10/20/23
NEW RULE IV  CHILD-TO-STAFF RATIOS, STAFF NUMBERS, AND SUPERVISION

(1) A licensed or registered child care facility may not provide care for more than the number of children permitted by its license or registration at any one time.

(2) Child care centers and licensed drop-in child care facilities must meet the following requirements:
   (a) The child-to-staff ratio and maximum group size are:
      (i) 4:1 for children newborn through 11 months old with a maximum group size of 12;
      (ii) 6:1 for children 12 months through 23 months with a maximum group size of 12;
      (iii) 8:1 for children two years old with a maximum group size of 16;
      (iv) 10:1 for children three years through five years old with a maximum group size of 20; and
      (v) 20:1 for children six years old and over with a maximum group size of 40.
   (b) When children of different ages are mixed, the child-to-staff ratio and group size for the youngest child in the group must be maintained.
   (c) Only the director, site directors, lead teachers, teachers, substitutes, and trainees may be counted as staff when determining the child-to-staff ratio.
   (d) Group sizes must be maintained except for mealtimes, outdoor play, rest periods, or during large group activities, such as educational assemblies.

(3) At nap time in licensed child care centers, the child-to-staff ratio may be doubled for children two years and over when the following conditions are met:
   (a) at least half the children are sleeping;
   (b) another staff member is onsite in the center and is immediately available;
   (c) the maximum group size and room capacity are not exceeded; and
   (d) the staff member responsible for direct supervision of the napping children is not a trainee.

(4) Licensed school-age care providers must have a maximum child-to-staff ratio of 20:1 for children five years old and over with a maximum group size of 40.
   (a) Group sizes must be maintained except for mealtimes, outdoor play, rest periods, or during large group activities, such as educational assemblies.
   (b) School-age care providers may exceed the group size limitation during transportation.

(5) Family and group child care facilities must meet the following staffing requirements:
   (a) Family and group child care facilities serving mixed age groups may use an 8:1 child-to-staff ratio, with no more than three children under two years old.
      (i) Any time there are more than three children under two years old in a program serving mixed age groups, there must be at least two staff members present with the group of children.
   (b) Family and group child care facilities serving solely children under two years old must use a 4:1 child-to-staff ratio.
   (c) There must be sufficient staff so that an adult is always present and supervising all children.

(6) Overlap care may be approved by the department for family child care and group child care facilities in situations, such as before and after school, when
the number of children in care over three years old exceeds the licensed capacity for a short period of time. Overlap care must meet the following requirements:

(a) Overlap care for children under three years old is not permitted.
(b) Overlap care must not exceed three hours total in any day.
(c) Group child care facilities may care for up to four additional children during the approved overlap time.
(d) Family child care facilities may care for up to two additional children during the approved overlap time.
(e) Child care facilities providing two shifts of 12-hour care may be granted three hours of overlap care for each 12 hours of continuous care.
(f) During approved overlap care times, family and group child care facilities may use a 10:1 child-to-staff ratio.
(g) Facilities wanting to provide overlap care must submit a written plan to CCL which includes the specific hours in which the overlap will occur, proof of insurance to care for the total number of children, and documentation of square footage sufficient to care for the total number of children.
(h) A facility must not provide overlap care until it has received written approval of this plan from CCL.

(7) Children must be supervised at all times.
(8) Staff providing direct care must be responsible for protection, supervision, and guidance of children through active involvement or direct observation.

IMP: 52-2-703, 52-2-704, 52-2-713, 52-2-721, 52-2-722, 52-2-723, 52-2-731, 52-2-735, MCA

NEW RULE V LICENSE OR REGISTRATION APPLICATION (1) Any individual, agency, or group may apply for a license or registration to operate a child care facility. Applications may be obtained from the Department of Public Health and Human Services, Early Childhood and Family Support Division, Child Care Licensing Program, P.O. Box 4210, Helena, MT 59620-4210 or at https://dphhs.mt.gov/ecfsd/childcare/childcarelicensing.

(2) Applications for a license or registration by American Indians residing on American Indian reservations must follow the requirements of 52-2-722, MCA.

(3) The department will determine whether or not a license or registration will be issued within 30 days of receipt of the application.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-722, 52-2-723, 52-2-731, MCA

NEW RULE VI RCE AND FFN APPLICATION REQUIREMENTS (1) RCE and FFN providers must meet the following requirements to be registered under this chapter:

(a) be 18 years old or older;
(b) limit the care they provide to a period of less than 24 consecutive hours;
(c) have satisfactory results of background checks for the applicant as set forth in [NEW RULE LXXXI]. If care is provided in the applicant's home, all adults who reside there must also have satisfactory results of background checks;

(d) complete orientation approved by the department that includes health and safety training; and

(e) complete a department-approved health and safety review course at least every three years.

(2) In addition to the requirements in (1), FFN providers must hold current certification for infant, child, and adult CPR, infant choking response, and pediatric first aid. CPR certification must be completed in a hands-on setting.

(3) For payment purposes, subsidized care provided in a child's home can only be paid to FFN and RCE providers, pursuant to ARM 37.80.208.

IMP: 52-2-703, 52-2-704, 52-2-713, 52-2-721, 52-2-722, 52-2-723, 52-2-731, MCA

NEW RULE VII  ISSUING A LICENSE OR REGISTRATION  (1) The department must conduct a pre-inspection with all child care center, school-age care, drop-in child care, group child care, and family child care license or registration applicants before the applicant can care for children.

(a) FFN and RCE providers are not subject to pre-inspection requirements.

(2) The department will issue a 90-day provisional license or registration following successful pre-inspection. The facility can begin caring for children under the provisional license or registration.

(3) The department will observe the facility during the provisional license or registration period while children are in care to assess compliance with requirements before removing the provisional status.

(4) The department will issue a regular license or registration after the observation and completion of any required compliance measures. The department issues regular licenses and registrations for a period of one year.

(5) The department will recognize the status of, and will not require a state license or registration for, a facility that is licensed as a child care facility by a branch of the United States armed forces, including the United States Coast Guard.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-721, 52-2-723, 52-2-731, 52-2-732, 52-2-733, MCA

NEW RULE VIII  RENEWING A LICENSE OR REGISTRATION  (1) A child care provider must submit an application for renewal at least 60 days prior to expiration of the license or registration.

(2) Provided a complete renewal application is filed timely, the expiring license or registration will remain in effect until the department makes a determination on the renewal application.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-721, 52-2-722, 52-2-723, 52-2-731, MCA
NEW RULE IX LICENSE OR REGISTRATION APPLICATION DENIAL
(1) A child care license or registration application must be denied if:
(a) the application process has exceeded 90 days from the date the application is received because the applicant has not submitted all required materials to the department;
(b) the applicant discriminates in the provision of child care services on the basis of the race, sex, religion, creed, color, age, marital status, mental or physical disability, or national origin of the parent/guardian or the child; or
(c) background check results include offenses on the part of the applicant, any adult residing in the child care facility, or other adult who regularly or frequently stays in the facility.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-713, 52-2-721, 52-2-722, 52-2-731, MCA

NEW RULE X TECHNICAL ASSISTANCE (1) The department provides the following licensing and registration support:
(a) assistance to current and prospective providers to understand and meet licensing and registration requirements;
(b) consultation with child care providers on enrichment experiences for children, proper environment, and nutrition; and
(c) referral services and technical assistance to child care providers for staff training and development. Technical assistance may be concurrent with other department actions.

AUTH: 52-2-704, MCA
IMP: 52-2-731, 52-2-733, MCA

NEW RULE XI LICENSE OR REGISTRATION ASSIGNMENT (1) A license or registration is valid only for the licensee or registered provider and premises for which it was issued. A license or registration may not be sold, assigned, or transferred.
(2) Separate licenses or registrations are required for child care facilities maintained on separate premises, even when operated by the same provider.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-721, 52-2-723, 52-2-731, MCA

NEW RULE XII FACILITIES INSPECTIONS (1) The department may inspect the conditions and qualifications of licensed or registered child care facilities or applicants during child care business hours.
(a) The department may conduct unannounced inspections of licensed or registered child care facilities.
(b) The department must schedule inspections for FFN providers.
(2) The department is responsible for inspecting child care facilities in addition to those inspections required by the local health authority and/or local or state fire marshal inspections.
(3) The department must visit and inspect all licensed and registered child care facilities annually, except RCE providers.

(4) RCE providers and RCE applicants are not subject to any annual inspection or pre-inspection requirements.

AUTH: 52-2-704, MCA

NEW RULE XIII REQUIREMENTS FOR FACILITIES OPERATING WITH JOINT PROGRAMS  (1) A child care facility operating in connection with another activity unrelated to child care must meet the following requirements:

   (a) have separate staff and separate space for each program. However, staff and space may be shared for janitorial, maintenance, cooking, or other support services;

   (b) children attending the child care facility must not come in contact with other persons unrelated to child care in the facility unless the provider can prove to the department's satisfaction that those persons will not pose any threat to the health, safety, and well-being of the children in child care; and

   (c) if multiple programs, including multiple child care facilities in the same commercial building, increase the number of people regularly in the building to 16 or more children, the child care facility must comply with all fire, safety, and sanitation requirements for licensed child care facilities.

(2) Persons or organizations may be licensed or registered for more than one child care facility.

   (a) If the child care facility is located in a private single-family living structure, the department will issue only one registration or license for child care in the structure and premises.

   (b) If more than one child care facility exists in one retail or commercial structure, the department will grant individual licenses to each facility.

   (c) Multi-family structures, such as an apartment building or duplex, may house multiple child care facilities so long as each is individually licensed or registered and meets the requirements of (1)(a) and (b).

(3) A provider may be licensed or registered to provide care in a facility that is also licensed to offer foster or respite care services, or another licensed or certified human services program.

   (a) If the facility is licensed or registered as a child care facility and serves as a foster care home, the department's Child and Family Services Division (CFSD) and Early Childhood and Family Support Division (ECFSD) must both approve the dual license or registration.

AUTH: 52-2-704, MCA
IMP: 52-2-731, MCA

NEW RULE XIV WAIVERS AND PILOT PROJECTS  (1) New and renewal license or registration applications may include written requests to waive any provision of a rule within the child care licensing chapter. The department and its
partner agencies (e.g., local public health departments) may grant waivers if the department determines that the health and safety of the children in care are not diminished. The written request must:

(a) include the basis for request, such as significant hardship to provider or facility;
(b) propose an alternative that is consistent with best practices in early childhood or school-age care; and
(c) demonstrate that the alternative will meet the intent of the rule.

(2) Proposals for innovative pilot projects will be considered by the department upon written request. The department may grant an extended provisional license or registration for approved projects that meet all criteria for provisional license or registration status. Projects must not be implemented without prior written approval from the department. The department reserves the right to revoke such extended provisional licenses or registrations.

IMP: 52-2-704, 52-2-722, 52-2-723, 52-2-731, MCA

NEW RULE XV PROGRAMMING DEFINITIONS

(1) "Guidance approach" means the use of direction to resolve mistaken behavior without punishment.
(2) "Positive child guidance" means age-appropriate, non-punitive methods used to redirect a child to achieve a desired behavior.
(3) "Programming" means the activities, schedules, and curriculum of a child care facility.
(4) "Punishment" means any form of discipline that causes pain, discomfort, humiliation, shame, or fear, including name-calling, spanking, slapping, pinching, pulling, and hitting with an object.
(5) "Screen time" means time during which content on a mobile phone, tablet, computer, television, or other device can be viewed.

AUTH: 52-2-704, 53-4-212, MCA
IMP: 52-2-702, 52-2-703, 52-2-704, 52-2-713, 52-2-723, 52-2-725, 52-2-731, 52-2-735, 52-2-736, 53-2-201, 53-4-211, 53-4-212, 53-4-611, MCA

NEW RULE XVI GENERAL PROGRAMMING REQUIREMENTS

(1) Child care centers, group child care facilities, family child care facilities, and licensed drop-in child care facilities must have a written plan of daily activities and routines. Programming must:
(a) be flexible to accommodate the ages and needs of individual children and the group. Both active and passive learning experiences, and outdoor play each day except when precluded by weather, must be provided under direct supervision;
(b) ensure facilities provide durable, safe, clean, and child-sized furniture or furniture adapted for children's use; and
(c) limit screen time.
(2) Child care centers, group child care providers, family child care providers, and licensed drop-in child care providers offering night care must meet the following criteria in addition to compliance with other requirements:
(a) develop plans for staff, equipment, and space which will provide for the personal safety and emotional and physical care of children away from their families at night.

AUTH: 52-2-704, MCA
IMP: 52-2-702, 52-2-704, 52-2-722, 52-2-723, 52-2-724, 52-2-731, MCA

NEW RULE XVII  INFANT AND TODDLER ACTIVITIES  (1) Child care centers, group child care facilities, family child care facilities, and licensed drop-in child care facilities that provide care for children under 36 months old must have a written plan of daily activities and routines that ensures:
   (a) a child who is awake must not spend more than 30 minutes of consecutive time confined in a crib, playpen, jump chair, highchair, or other apparatus; and
   (b) each infant can maintain the infant's own pattern of sleeping and waking periods according to instructions from the parents/guardians.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-713, 52-2-721, 52-2-722, 52-2-731, MCA

NEW RULE XVIII  POSITIVE CHILD GUIDANCE  (1) All staff of licensed and registered child care facilities must use guidance approaches appropriate to the child's age and developmental level to help children resolve conflicts, manage transitions, engage in challenging situations, or express feelings, needs, and wants.
   (a) Positive child guidance should include forming positive adult-child relationships, clear direction, showing positive alternatives, redirection, and setting expectations and clear limits that foster the child's ability to self-regulate.
   (b) All staff must model appropriate behaviors for children.
   (2) All child care staff are prohibited from using abusive or physical punishment, including:
       (a) spanking or other forms of physical punishment;
       (b) shaking an infant or child of any age;
       (c) any punishment or discipline that is humiliating, shaming, frightening, or otherwise damaging to the child or their family; or
       (d) punishment for any toilet training issue.
   (3) Parental or guardian permission does not allow for the use of any physical punishments or other approaches to discipline listed in (2).

AUTH: 52-2-704, MCA

NEW RULE XIX  ADMINISTRATIVE DEFINITIONS  (1) "Abusive head trauma" means a preventable and severe form of physical child abuse that results in an injury to the brain of a child caused by violent shaking and/or blunt impact.
   (2) "Expulsion" or "expel" means terminating the enrollment of a child.
(3) "Shaken baby syndrome" is a preventable, severe form of physical child abuse resulting from violently shaking an infant by the shoulders, arms, or legs, and which may result from both shaking alone or from shaking with impact.

(4) "Suspension" means reducing the amount of time a child may be in attendance, either by requiring the child to stop attending for a particular period of time or reducing the number of days or hours a child may attend. Requiring a child to attend the facility in a special place away from the other children in the regular group setting is included in this definition.

(5) "Volunteer" means any person who is not compensated with employment pay or benefits.

AUTH: 52-2-704, 53-4-212, MCA
IMP: 52-2-702, 52-2-703, 52-2-713, 52-2-723, 52-2-725, 52-2-731, 52-2-735, 52-2-736, 53-2-201, 53-4-211, 53-4-212, 53-4-611, MCA

NEW RULE XX EMERGENCY COMMUNICATION (1) Each licensed or registered child care facility must have:
   (a) a working telephone;
   (b) telephone numbers of emergency services and the Emergency Montana Poison Control Center (800) 222-1222 posted where they are visible to staff; and
   (c) emergency contact information for each child easily accessible to staff in a location that maintains privacy for families.

AUTH: 52-2-704, 52-2-731, 52-2-735, MCA

NEW RULE XXI POLICY REQUIREMENTS (1) All licensed child care providers and registered group or family child care providers must adopt and follow written policies for first aid consistent with recommendations from Caring for Our Children: National Health and Safety Performance Standards, Guidelines for Early Care and Education Programs. These must include:
   (a) procedures for handling medical emergencies;
   (b) a plan for preventing and responding to emergencies due to food and allergic reactions;
   (c) a plan for providing cardiopulmonary resuscitation (CPR) in a timely manner;
   (d) directions to complete an incident or injury report:
      (i) if the incident requires only onsite first aid, a copy of the report must be provided to the parents/guardians of the children involved, and a copy retained on file at the child care facility.
      (ii) if the incident requires emergency services, hospitalization, or medical treatment, a copy of the report must be provided to the parents/guardians of the children involved, and a copy retained on file at the child care facility. The provider must inform also CCL within 24 hours of the incident;
   (e) directions for calling parents/guardians or someone else designated as responsible for the child when a child is sick or injured; and
(f) a medication administration policy which must include:
   (i) types of medication which may be administered;
   (ii) medication administration procedures for each child, including the route of
        medication administration, the amount of medication given, and the times when
        medication is to be administered; and
   (iii) a parent/guardian authorization.

(2) All licensed child care facilities and registered group or family child care
    facilities must have a written emergency disaster plan for each structure in which
    child care is provided. Emergency disaster plans must include:
    (a) plans for evacuation, including identification of at least one off-site
        gathering point;
    (b) plans to address children's individual needs, including mobility and
        special health care needs;
    (c) staff responsibilities;
    (d) plans for communicating with parents/guardians and reunifying children
        with their parents/guardians;
    (e) plans to shelter in place and for lock down; and
    (f) plans for continuity of operations.

(3) All licensed child care providers and registered group or family child care
    providers serving children under two years old must develop a written policy that
    describes the practices used to promote a safe sleep environment. All child care
    staff must sign an acknowledgment indicating that they read and understand the
    facility's safe sleeping policy.

(4) All licensed child care programs and registered group or family child care
    programs must have a written policy on identifying and preventing shaken baby
    syndrome and abusive head trauma. The policy must include:
    (a) how the child care provider will ensure all staff are knowledgeable about
        and able to recognize the signs and symptoms of shaken baby syndrome and
        abusive head trauma;
    (b) procedures for coping with a crying, fussing, or distraught infant or child;
        and
    (c) mandatory reporting of suspected child abuse and neglect.

(5) All licensed child care programs and registered group or family child care
    programs must have a written expulsion and suspension policy.

(6) If providing any transportation, the licensed child care provider or
    registered group or family child care provider must develop a written transportation
    policy that outlines safe transport practices.

(7) If providing any opportunity for children to use swimming pools or be near
    other bodies of water, the licensed child care provider or registered group or family
    child care provider must develop a written water safety policy that outlines safe
    supervision practices for children in and around water.

(8) FFN providers have limited policy documentation requirements. FFNs
    must provide written health and safety standards to parents/guardians and the
    department relating to:
    (a) managing infectious disease;
    (b) safe sleep practices, if caring for children under two years old;
    (c) medication administration;
NEW RULE XIX

(d) food and allergy emergencies;
(e) shaken baby syndrome and abusive head trauma;
(f) emergency preparedness;
(g) transportation safety, if applicable;
(h) expulsion and suspension; and
(i) mandatory reporting of suspected child abuse and neglect.

(9) If a child care provider obtains a waiver from the department of any rule in this chapter, the program must develop a written alternative plan that includes policies and procedures to maintain compliance.

(10) All policies must be reviewed and updated annually by the program.

AUTH: 52-2-704, 52-2-735, MCA

NEW RULE XXII  RECORD RETENTION  (1) Licensed and registered child care providers may maintain records in paper or electronic format, with the exception of the state-issued emergency contact and consent form, which needs to be in paper form. The department must be able to easily access such records. Records may be stored on-site or in the facility's administrative office, except the state-issued emergency contact and consent form which must be stored on-site.

(a) The provider must make records available during normal working hours to representatives of the department.

(2) Upon request, parents/guardians must be allowed to inspect the records pertaining to their child.

(3) All records that the department requires the provider to maintain must be kept for three years, unless otherwise provided by law.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-732, MCA

NEW RULE XXIII  PROGRAM RECORDS  (1) Licensed and registered child care providers must maintain the following records as applicable to the program type:

(a) All licensed and registered child care providers must maintain:
   (i) a copy of the current license or registration, inspection reports by department staff, and correction plans for deficiencies;
   (ii) documentation that any vehicle used for transportation of children while in care is registered and insured in accordance with state law;
   (iii) results of well-water tests and lead paint tests, as applicable;
   (iv) documentation that the facility complies with sewer requirements of this chapter;
   (v) a log of fire extinguisher and smoke detector checks;
   (vi) a medication administration log if medications are administered at the facility; and
   (vii) a real-time attendance record of the children in care.
(b) All licensed child care providers and registered group and family child care providers must maintain:
   (i) proof of current fire and liability insurance coverage for the provision of child care in the facility;
   (ii) a record of each emergency drill conducted;
   (iii) a master list of the names, addresses, and phone numbers of all children in care and their parents/guardians;
   (iv) for any injury or incident that occurs in the facility, reports which include the date, time of day, nature of the injury or incident, treatment or remediation, and whether the parents/guardians were notified; and
   (v) written menu records.

(c) Licensed child care providers must maintain:
   (i) an annual inspection report from the state fire marshal or the fire marshal's official designee indicating the fire safety rules have been met; and
   (ii) an annual inspection report from public health authorities certifying the satisfactory completion of training or a certificate of approval following inspection by local health authorities.

(2) If a child care provider obtains a waiver from any rule in this chapter, a copy of the alternate plan and its approval by the department must be on file.

AUTH:52-2-704, MCA
IMP: 52-2-704, 52-2-722, 52-2-723, 52-2-731, 52-2-732, MCA

NEW RULE XXIV CHILDREN'S RECORDS

(1) All child care staff and volunteers must maintain personal information about a child and the child's family as confidential.

(2) All licensed and registered child care providers must have the following information prior to a child being enrolled in a child care facility. Forms must be signed by the parent or guardian:
   (a) Written health information explaining any special medical needs of the child, including allergies, and a health care and medication plan if medication for chronic health conditions is required.
   (i) Child care providers administering medications must have necessary medical documentation, including medication authorizations, the name of a health care provider to be contacted in event of an emergency, and the prescription, if required.
   (b) Authorization of persons allowed to pick up the child.
   (c) An emergency contact and consent form. Once children are enrolled, this form must accompany staff when children are away from the child care site for activities.

(3) All licensed and registered child care providers must maintain the following records related to enrolled children:
   (a) the names, addresses, and phone numbers of children and their parents/guardians;
   (b) a medication administration log if medications are administered to children at the facility;
(c) for any injury or incident that occurs in the facility, documentation which includes the date, time of day, nature of the injury or incident, treatment or remediation, and whether the parents/guardians were notified;

(d) written parent/guardian permission to swaddle children under three months old, if desired by the parents/guardians;

(e) for children 12 to 18 months old who are placed on a cot or mat, a signed statement indicating that the parents/guardians have given permission for their child to be placed on a cot or mat;

(f) special dietary instructions written by parents/guardians;

(g) written consent from the parents/guardians for any transportation provided; and

(h) adequate documentation of immunization status as outlined in [NEW RULE LXVI(2) through (5)].

(4) Children’s records must be reviewed and updated as necessary, but not less frequently than once per year.

AUTH: 52-2-704, 52-2-735, MCA
IMP: 52-2-702, 52-2-704, 52-2-723, 52-2-731, 52-2-732, 52-2-735, 52-2-736, MCA

NEW RULE XXV STAFF RECORDS  (1) If a licensed or registered child care provider employs staff, the provider must maintain the following records for each staff member:

(a) contact information; and

(b) acknowledgment of, and agreement to follow, program policies for:

(i) identifying and preventing shaken baby syndrome and abusive head trauma;

(ii) mandatory reporting; and

(iii) safe sleep, if the program provides care for children under two years old.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-722, 52-2-723, 52-2-731, 52-2-732, MCA

NEW RULE XXVI FAMILY ACCESS TO INFORMATION  (1) Before a child is enrolled at any licensed child care facility or registered group or family child care facility, the following information must be made available to all parents/guardians:

(a) a typical daily schedule of activities;

(b) admission requirements, enrollment procedures, and hours of operations;

(c) frequency and type of meals and snacks served;

(d) fees and payment plan;

(e) regulations concerning sick children;

(f) transportation and trip arrangements, if applicable;

(g) positive child guidance policy; and

(h) expulsion and suspension policy.

(2) All child care facilities must post a copy of the facility license or registration and the phone number of state and local Early Childhood and Family Support Division offices in a place where parents/guardians can see them.
Parents/guardians should be encouraged to contact the division if they have questions regarding the license or registration or child care regulations.

(3) All child care facilities must allow custodial parents, non-custodial parents, and legal guardians access to the facility at any time during which child care is provided, unless there is a current court order preventing parent-child contact.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-713, 52-2-723, 52-2-731, 52-2-732, 52-2-735, 52-2-736, MCA

NEW RULE XXVII   NOTIFICATIONS TO THE DEPARTMENT   (1) Within ten days of the change, providers must notify the department of any changes that would affect the terms of the license or registration, including changes in staff, temporary or permanent closures, change in ownership of the program, changes in the category of license or registration based on the number and ages of children in child care, change to the business or mailing address, or changes to the child care property.

(2) All staff and owners of licensed and registered child care facilities are mandatory reporters of suspected child abuse and neglect pursuant to 41-3-201, MCA. Any child care staff member or owner who has reason to suspect that any child is or has been abused or neglected is required to personally report the matter to the department's child abuse hotline at (866) 820-5437. The staff member or owner must make the report within 24 hours of receiving information concerning suspected child abuse or neglect.

(3) All licensed and registered child care providers must report to CCL the following events involving the child care facility, regardless of whether it occurs on or away from the premises within 24 hours:
   (a) a lost or missing child or an incident involving a child being left alone;
   (b) suspected maltreatment of a child;
   (c) suspected sexual, physical, or emotional abuse by staff, other children, family members, or other adults;
   (d) injuries to children requiring medical or dental care;
   (e) illness or injuries requiring hospitalization or emergency treatment;
   (f) mental health emergencies;
   (g) health and safety emergencies involving parents, guardians, and visitors to the program;
   (h) death of a child or staff member, if the death was the result of a serious illness or injury that occurred on the premises of the child care facility, even if the death occurred outside of the child care facility;
   (i) the presence of a threatening individual who attempts or succeeds in gaining entrance to the child care facility;
   (j) fire involving the fire department; and
   (k) any environmental danger or other hazard at the facility that the provider is aware of that could affect the health, welfare, or safety of children in care.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-723, 52-2-731, MCA
NEW RULE XXVIII  SAFETY AND FACILITIES DEFINITIONS

(1) "Bodies of water" means rivers, streams, ponds, ditches, fountains, and other water sources into which a child can step.

(2) "Crib" means a bed that is designed to provide a sleeping environment for children under two years old that meets U.S. Consumer Product Safety Commission requirements.

(3) "Exit" means the point (door or window) that allows people inside the facility to leave and move to the outside of the facility.

(4) "Firm sleep surface" means a crib mattress or a cradleboard.

(5) "Means of egress" means a continuous and unobstructed path from any point inside a facility to a safe place outside of the facility.

(6) "Portable wading pool" means a structure which contains water, is used for aquatic activities, and is less than 24 inches high.

(7) "Remote means of egress" means two exits whose distance apart is equal to or greater than one-half the diagonal distance of the space occupied to minimize the possibility that both exits will be blocked off by a fire or other emergency condition.

(8) "Safe sleep environment" means an environment where a child under 12 months old is placed on a firm sleep surface with no incline and no items in the sleeping environment other than a pacifier, and a child 12 months old or older is placed on a firm sleep surface or on a cot or mat. A safe sleep environment does not include waterbeds, water mattresses, gel pads, or sheepskin covers.

(9) "Sauna" means a small room or structure used for hot-air or steam baths.

(10) "Spa" means a hot tub or similar large tub of hot water.

(11) "Transportation" means any time a child is transported in a motor vehicle.

AUTH: 52-2-704, 53-4-212, MCA
IMP: 52-2-702, 52-2-703, 52-2-704, 52-2-713, 52-2-723, 52-2-725, 52-2-731, 52-2-735, 52-2-736, 53-2-201, 53-4-211, 53-4-212, 53-4-611, MCA

NEW RULE XXIX  HAZARDS

(1) All licensed and registered child care providers are responsible for keeping hazardous materials and objects inaccessible to children in care, including personal property of staff and licensee.

(2) Cleaning materials, flammable liquids, aerosol cans, and other toxic materials must be kept in their original containers and in a place inaccessible to children. They must not contaminate play surfaces, food, food preparation areas, or constitute a hazard to the children when used.

(3) Bio-contaminants including blood, bodily fluids, and other infectious materials must be properly disposed of.

(4) The building and grounds used by children must be maintained to ensure the following:
   (a) the building is in good repair;
   (b) the floors, walls, ceilings, furnishings, and other equipment are easily cleanable and reasonably clean;
   (c) the building and grounds are reasonably free of insects, rodents, and other vermin;
(d) the building and grounds are reasonably neat and free from the accumulation of dirt, rubbish, or other health and safety hazards;
(e) all rooms must be dry, well ventilated, and well lit; and
(f) the children attending the facility must not be exposed to paint containing lead in excess of .0009%.
(5) During business hours, any guns stored on the premises of a child care facility must be kept in locked storage. Ammunition must be kept in locked storage separate from the gun.
(6) Electrical outlets must be tamper-resistant or covered in areas occupied by children under five years old, and exposed light sockets must be suitably protected to prevent electrocution.
(7) Toys, play equipment, and any other equipment used by the children must be sturdy and free from rough edges, sharp corners, splinters, and must be kept in good repair.
(8) Choking hazards must not be accessible to children who are still placing objects in their mouths, including:
   (a) toys and objects with a diameter of less than one inch (2.5 centimeters) and objects with removable parts that have a diameter of less than one inch (2.5 centimeters);
   (b) plastic bags;
   (c) Styrofoam objects; and
   (d) balloons.
(9) Full-size trampolines, ball pits, and other inflatable play structures are prohibited for use by children in care and, if they exist on the premises, must be inaccessible to children in care.
   (a) Mini trampolines are permitted when used according to manufacturer's specifications, by one child at a time, and with supervision.
(10) Bathtubs, buckets, water tables for play, and other water receptacles must be emptied immediately after use.
(11) Guardrails, gates, or protective barriers must be installed along open-sided walking surfaces including stairs, ramps, and landings, where there is more than a 36-inch vertical distance to fall.

AUTH: 52-2-704, 52-2-731, 52-2-735, MCA

NEW RULE XXX ANIMALS (1) Any pet or domesticated animal present at any licensed or registered child care facility, indoors or outdoors, must be in good health, show no evidence of carrying disease, and either pose no safety threat to children or adults, or be kept separate from children, families, and staff.
(2) Staff must closely supervise all interactions between children and animals and instruct children on safe behavior when near animals.
(3) The program is responsible for:
   (a) maintaining the animal's vaccinations and vaccination records; and
   (b) making vaccination records available to the department upon request.
(4) The child care provider must make reasonable efforts to keep stray animals off the premises.

AUTH: 52-2-704, 52-2-731, MCA
IMP: 52-2-702, 52-2-704, 52-2-723, 52-2-724, 52-2-731, 52-2-734, 52-2-735, MCA

NEW RULE XXXI  BUILDING REQUIREMENTS RELATED TO EXITS  (1) In an emergency, all occupants must be able to escape from a child care facility in a safe and timely manner.
   (a) Doorways, aisle ways, corridors, and stairs must be clear of any obstruction.
      (i) Gates or guards at the top and bottom of stairways are allowed if they have latching devices that are easily opened by adults in case of emergency.
      (ii) Sleeping equipment must be arranged to permit easy access to every child and unobstructed means of egress.
   (2) All facilities must have two exits that create remote means of egress on each level that is used for child care.
      (a) All nap rooms must have at least two means of egress.
      (b) Exits/means of egress must meet the following requirements:
         (i) one exit must be a door that is at least 32 inches wide and 80-inches tall; and
         (ii) the second exit may be a window that provides a clear opening of at least 20 inches in width or 24 inches in height and 5.7 square feet in area. The bottom of the exit must not be more than 44 inches above the floor.
   (3) Exit doors, windows, and their opening hardware must be maintained in good repair.
   (4) If a child care provider chooses to lock exterior facility doors to prevent unauthorized access to the facility or to prevent a child from escaping, the lock:
      (a) may not prevent free escape from the interior;
      (b) must be easily opened with one motion from the inside of the facility; and
      (c) may not prohibit access by parents/guardians. A facility may not use locking devices to prevent unannounced access by authorized individuals, including parents/guardians. If a lock is used, the provider must make adequate provision to allow authorized persons unannounced access to the facility and must provide authorized persons with information about how to gain access.
   (5) Children must be able to open every closet door from the inside without a key, a tool, or special knowledge or effort.
   (6) Every bathroom door must be designed to permit opening of the locked door from the outside in an emergency. The opening device must be readily accessible.
   (7) This rule applies to all licensed and registered child care facilities except RCE facilities.

AUTH: 52-2-704, 52-2-731, MCA
IMP: 52-2-702, 52-2-704, 52-2-723, 52-2-724, 52-2-731, 52-2-734, 52-2-735, MCA
NEW RULE XXXII_ INDOOR SPACE REQUIREMENTS

(1) All licensed and registered child care providers, except RCE providers, must ensure there is at least 35 square feet of usable floor space per child who will be in a room at any one time. A provider may request a waiver from this rule with an alternate plan, such as when limited indoor space is offset by sheltered outdoor space.

(2) Calculation of the required minimum 35 square feet of space per child must exclude food preparation areas of the kitchen, bathrooms, toilets, offices, staff rooms, corridors, hallways, closets, lockers, laundry areas, furnace rooms, cabinets, shelving, and other storage spaces.

(3) When play and sleep areas for children are in the same room, a minimum of 35 square feet of usable space per child must be provided except for:
   (a) when large group activities, such as educational assemblies, occur; and
   (b) periods when children are using their rest equipment.

(4) During sleep periods, the area must be sufficient to provide spacing between the children using sleep equipment.

(5) The equipment and furniture arrangement must permit unobstructed floor area sufficient to allow play appropriate for each group of children in care.

(6) In licensed child care facilities that include infants and toddlers, play areas for infants must be separate from play areas used by children over two years old, or not be used for any children over two years old while being used for children under two years old. Sleeping areas must be separate from play areas.

(7) A licensed child care facility must have space, furniture, and equipment to provide for support functions, such as storage, food preparation, custodial services, laundry, and administrative office functions.

(8) Facilities that use shared spaces should care for children in the licensed/registered, dedicated space most of the time.

(9) Family and group child care providers must not use third stories in private homes for child care purposes; such stories must be barricaded or locked to prevent entry by children. The use of second or higher stories in commercial or apartment buildings is subject to fire and building code requirements.

AUTH: 52-2-704, , MCA
IMP: 52-2-702, 52-2-704, 52-2-723, 52-2-731, 52-2-734, MCA

NEW RULE XXXIII_ OUTDOOR SPACE REQUIREMENTS

(1) Outdoor play space must contain a minimum of 75 square feet of usable space per child accessing the play space at any given time. A provider may request a waiver from this rule if a facility does not have enough outdoor play space to accommodate all enrolled children at one time with an alternate plan such as:
   (a) offsetting limited outdoor space with indoor space not included in indoor space calculations, such as a gym, permitting an equivalent activity program; or
   (b) offsetting limited outdoor or unfenced space with the availability or use of a nearby school playground, parks, or other safe outdoor play areas.

(2) Outdoor play areas at all child care facilities must be surrounded by a fence or natural barrier that is at least four feet high and in good repair without any holes or spaces greater than four inches in diameter.
(a) If a provider submits an alternative plan for outdoor space that includes space not completely surrounded by a fence, the provider must include, in the plan, details about supervision to maintain safety.

(3) Any outdoor play area must be maintained free from health and safety hazards.

(4) Provisions must be made for both sunny and shady activity areas.

(5) Outdoor areas must be designed or monitored so that all parts are always visible, allowing for direct supervision by child care staff.

(6) All licensed and registered child care providers except RCE providers must anchor outdoor equipment, such as a climbing apparatus, slides, and swings, firmly, and place in a safe location according to manufacturer's specifications.

(7) All licensed child care providers must maintain ground cover under outdoor equipment, which must be a shock-absorbing surface as defined by the U.S. Consumer Product Safety Commission, or with a minimum of six inches of sand, fine gravel, or woodchips.

(a) School-age care facilities operating on school premises or utilizing other inspected outdoor space must follow the outdoor equipment requirements of the premises and are not subject to additional licensing requirements.

AUTH: 52-2-704, 52-2-731, MCA

NEW RULE XXXIV  FIRE SAFETY REQUIREMENTS  (1) Licensed child care facilities must meet International Fire Code requirements to open and operate as a child care facility. New child care center, school-age care, or drop-in care providers should consult with their local jurisdiction or state fire marshal before selecting a facility.

(2) Licensed child care providers must provide CCL an annual inspection report from the state or local jurisdiction fire marshal indicating the fire safety rules have been met.

(a) Providers using a commercial or public space that receive an annual fire safety inspection, such as a school, do not need a separate inspection. The child care provider is responsible for providing a copy of the inspection reports to CCL.

(3) Group child care, family child care, and FFN providers must meet fire safety requirements by:

(a) having a fire extinguisher that:

(i) is easily accessible on each floor level that is used by the child care;

(ii) has a minimum level of extinguisher classification of 2A10BC with a hose; and

(iii) is installed and maintained in accordance with the manufacturer's specifications;

(b) having operational UL smoke alarms on each floor of the facility that is used for child care that are:

(i) installed in accordance with the manufacturer's specifications;

(ii) installed in front of the doors to stairways, in corridors of all floors, and in all rooms where children sleep; and
(iii) tested at least once a month to ensure that they are operating correctly and replaced every ten years or in accordance with the manufacturer's instructions;
(c) ensuring all wood burning stoves meet building codes and have a protective enclosure if used during the hours of care;
(d) not using portable electric or unvented fuel-fired heating devices, and ensuring all radiators, if too hot to touch, have a protective enclosure; and
(e) using extension cords according to the manufacturer's specifications and not using extension cords to supply electricity to equipment or appliances that are fixed in place.

NEW RULE XXXV  EMERGENCY AND DISASTER PREPARATION  (1) All licensed and registered child care providers must have a written emergency disaster plan. The plan for each structure used for child care must be developed in such a way that the plan can be followed in the event of a natural or human-caused disaster or emergency.
(2) All licensed child care providers and registered group and family child care providers must conduct eight emergency drills per year, including six fire drills, and two other disaster drills. Providers should identify problems that occurred during the drill and take corrective actions.
(3) FFN providers must conduct at least two disaster drills per year, including one fire drill and one other disaster drill.
(4) All emergency drills must be documented and include the following minimum information:
(a) who conducted the drill;
(b) date and time of the drill;
(c) the number of adults and children present during the drill; and
(d) the length of time to evacuate.
(5) All licensed and registered child care facilities must have an emergency disaster kit including an emergency supply of blankets, water, food, and supplies.

AUTH: 52-2-704, MCA

NEW RULE XXXVI  SAFETY AROUND BODIES OF WATER  (1) All licensed and registered child care providers except RCE providers must ensure all in-ground and above-ground swimming pools located in the outdoor play space area or accessible to children are surrounded by a fence that is least five feet high with a locked gate to prevent access to children. The fence must come within 3 1/2 inches of the ground and be constructed to discourage climbing. Exit and entrance points must have self-closing, positive latching gates with locking devices a minimum of 55 inches from the ground. The child care building wall must not constitute one side of the fence unless there are no openings in the wall.
(2) Children must not be permitted in hot tubs, spas, or saunas.
   (a) Hot tubs must have bolted and securely locked covers.
   (b) Spas and saunas must be inaccessible to children.
(3) Ponds and other bodies of water on child care premises must be surrounded by a fence that is at least five feet high to prevent access by children.
(4) Portable wading pools are permitted. If the portable wading pool is filled with water and will sit unused for any period of time prior to use by children, the program must equip the wading pool with a fence, wall, gate, or screen that locks to prevent unsupervised access by children.
(5) When children are swimming or in any body of water, children must be continuously supervised consistent with the following requirements:
   (a) Children under 36 months old must have 1:1 supervision and always be either in direct contact or within arm’s reach of the supervising adult who must be in the water.
   (b) Children ages three to five years old must be supervised using 4:1 child-to-staff ratio. Children must be within arm’s reach of the supervising adult who must be in the water.
(6) When children of any age are swimming in a pool or in a body of water without a lifeguard, a staff member with an advanced lifesaving or an equivalent certificate by a recognized organization must continuously supervise children. This staff member must not be counted in the child-to-staff ratio. One person with an advanced lifesaving or an equivalent certificate is required for each group of 25 or fewer children.
   (a) A staff member must continuously supervise children using a portable wading pool.
(7) Each swimming pool more than six feet in width, length, or diameter must be equipped with an easily accessible ring buoy and rope and either a throw line or a shepherd's hook of sufficient length to reach the center of the pool from the edge of the pool.
(8) Swimming pool safety rules must be posted near the swimming pool.

NEW RULE XXXVII TRANSPORTATION SAFETY  (1) If providing any transportation, all licensed child care providers and registered group and family child care providers must:
   (a) obtain written consent from the parents/guardians for any transportation provided; and
   (b) develop a written transportation policy that outlines safe transport practices. The plan must describe how children are transported to and from the program, in an emergency, and on field trips. The plan must also address the safety and supervision of children who walk or who arrive by public transportation once they arrive on the child care premises. The plan must include any special arrangements for children with disabilities.
   (2) All licensed and registered child care providers providing transportation for children of any age must ensure:
(a) that the operator of the vehicle transporting children be at least 18 years old and possess a valid Montana driver's license;
(b) that the passenger doors on the vehicle transporting children be locked whenever the vehicle is in motion;
(c) with the exception of public transportation that is not required by law to be equipped with safety restraints, that no vehicle begin moving until all children are seated and secured in age and weight-appropriate safety restraints, which must remain fastened at all times the vehicle is in motion;
(d) that all car seats and booster seats be used according to National Highway Traffic Safety Administration standards; and
(e) that children never be left unsupervised in a vehicle.

(3) All licensed and registered child care providers providing transportation for children under six years old must ensure that an adult accompanies each child to and from the vehicle to the child's home or the home authorized by the parents/guardians to receive the child.

(4) Providers using school buses must comply with the school bus regulations defined in ARM 10.7.110(3) through (5) and ARM 10.64.301.

NEW RULE XXXVIII SLEEPING (1) In all licensed and registered child care facilities, except those used by school-age care programs, there must be adequate opportunities for sleep periods during the day in a safe sleep environment suited to individual needs.

(2) In all licensed and registered child care facilities, except school-age care programs, each child must have age-appropriate rest equipment and supervision that create a safe sleep environment, meaning:
(a) for infants:
   (i) each infant must be provided with a firm sleep surface;
   (ii) if an infant sleeps in a crib, a firm mattress must be covered by a tight-fitting sheet. Mattresses must fit snugly to prevent the infant from being caught between the mattress and crib siderail;
   (iii) unless the parents/guardians have provided medical documentation from a health care provider ordering otherwise, infants must be placed on their back and on a firm surface with no incline while sleeping;
   (iv) no items are allowed in the crib when an infant is laid down for sleep except for a pacifier that does not include a string;
   (v) sleep sacks and similar safe sleep clothing may be used if the item does not restrict the infant's arms;
   (vi) infants under three months old may only be swaddled with written parent/guardian permission on file with the program;
   (vii) infants over three months old or able to roll over must not be swaddled; and
   (viii) when cribs are used, infants must be continuously supervised through sight or hearing, including proper use of audio or video monitors.
(A) In a licensed child care center, a staff member who is not a trainee must remain with children while they are sleeping;
  (b) for toddlers 12 through 36 months old:
      (i) children 12 to 18 months old who are placed on a cot or mat must have a signed permission statement in the file indicating that parents/guardians have given permission for their child to be placed on a cot or mat;
      (ii) toddlers may be provided a clean washable blanket or other suitable covering for their use while sleeping; and
      (iii) when cots and mats are used, toddlers must be continuously supervised through sight or hearing, including proper use of audio or video monitors.
(A) In a licensed child care center, a staff member who is not a trainee must remain with children while they are sleeping.
(3) All cries of children during sleep times must be investigated.
(4) Any facility providing night care must have a supervision plan which involves practices where no child is left unattended. Staff must be in the immediate vicinity and on the same floor level of sleeping children to adequately hear and respond to the children if they wake up and to respond to any emergency.
(5) Children of any age must not be allowed to sleep in a car seat, infant swing, bouncy seat, or other infant apparatus.
(6) Sleeping equipment must be thoroughly cleansed before assignment to another child.
(7) Crib mattresses must be waterproof and easily sanitized.
(8) Cot or mat surfaces may be of plastic or canvas or other material which can be cleaned with detergent solution and allowed to air dry.
(9) Each child's bedding must be stored separately.
(10) Cribs must be made of durable, cleanable, nontoxic material, and have secure latching devices.
(11) All cribs must meet the requirements as specified by the U.S. Consumer Product Safety Commission.
(12) Cribs, cots, or mats must be spaced to allow for easy access to each infant and toddler, adequate ventilation, and easy exit.
(13) The use of stackable cribs for infants is permitted until the infants reach one year old or weigh 26 pounds, whichever comes first.
(14) Licensed child care providers and registered group and family child care providers must develop a policy that describes the practices to be used to promote a safe sleeping environment when children are sleeping.

AUTH: 52-2-704, 52-2-731, 52-2-735, MCA

NEW RULE XXXIX  MEDICAL HEALTH DEFINITIONS  (1) "CPR" means cardiopulmonary resuscitation.
(2) "Health care provider" means a person who is licensed, certified, or otherwise authorized by any U.S. state or by Canada to provide health care and who meets the additional qualifying criteria specified in 20-5-405, MCA.
(3) "Local health authority" or "local health jurisdiction" means a local health officer, local department of health, or local board of health.

(4) "Medication" includes "prescription medication" and "over-the-counter medication" as defined in this rule.

(5) "Over-the-counter medication" means any medication, ointment, or cream that is topical or oral and is not specifically prescribed by a health care provider, but is recommended by a health care provider or a parent or guardian for a specific child.

(6) "Physician" means a person licensed to practice medicine in any jurisdiction in the United States or Canada and who holds a degree as a doctor of medicine or of osteopathy.

(7) "Prescription medication" means medication prescribed by a licensed health care provider for a specific person which may only be obtained through a pharmacy.

(8) "Supplement" means vitamins, herbals, and other topical or oral substances that are not regulated by the U.S. Food and Drug Administration.

AUTH: 52-2-704, 53-4-212, MCA
IMP: 52-2-702, 52-2-703, 52-2-704, 52-2-713, 52-2-723, 52-2-725, 52-2-731, 52-2-735, 52-2-736, 53-2-201, 53-4-211, 53-4-212, 53-4-611, MCA

NEW RULE XL  MEDICATION ADMINISTRATION  (1) No child care staff of any type of licensed or registered child care provider may administer any medication or supplement to a child without the written authorization of a parent or guardian. The authorization must include the child's name, duration of the authorization, dosage instructions (amount and time), and the signature of the child's parent or guardian.

(2) Any medication or supplement brought into the facility for use by a specific child must be labeled with the following information:
   (a) the date range and duration of use;
   (b) the child's first and last name;
   (c) the expiration date and specific, legible instructions for administration and storage (i.e., the manufacturer's instructions); and
   (d) the name of the health care provider, parent, or guardian who made the recommendation.

(3) Any prescription medication brought into the facility by the parent or guardian of a child must be kept in the original container labeled by a pharmacist with the date the prescription was filled.

(4) All medications and supplements for children and staff must be kept in a location inaccessible to children.

(5) All medications for children and staff, refrigerated or unrefrigerated, must:
   (a) have child-protective caps;
   (b) be kept in an orderly fashion; and
   (c) be stored away from food and at proper temperatures.

(6) Medication and supplements must not be used beyond the date of expiration. Expired medication and supplements must be properly disposed of or removed from the child care facility.
(7) If an emergency arises and the parent or guardian of the child is unavailable, child care staff may administer medication to a child if either:
   (a) a health care provider provides a written authorization containing the child's name, dates for which the authorization is applicable, dosage instructions, and the health care provider's signature; or
   (b) a health care provider, emergency service provider, or 911 responder verbally directs the child care staff to immediately administer a medicine to the child, in which case the child must then be transported to a health care facility or a health care provider for follow up care within a reasonable time by the child's parent or guardian or by child care staff.

(8) Child care staff may not give medication to a child in a manner that is inconsistent with the container instructions on dosage or frequency unless directed to do so by a health care provider as provided in 52-2-736, MCA.

(9) If the child care provider elects to administer medication or supplements to children, the provider must maintain a medication administration log with the time, date, and dosage each time the medication is administered to an individual child.

AUTH: 52-2-704, MCA

NEW RULE XLI MANAGEMENT OF ILLNESS

(1) All licensed and registered child care providers must designate a staff member to check daily the health status of each child immediately upon that child's entry into the child care facility.

(2) All licensed and registered child care providers must exclude any child or staff member with an illness until symptoms have resolved, adequate treatment has been received, or a health care provider states that the person is noninfectious. The following symptoms or illnesses require exclusion:
   (a) a fever of 100.4°F that is accompanied by behavior change or other symptoms;
   (b) diarrhea;
   (c) vomiting more than two times in the previous 24 hours;
   (d) mouth sores with drooling, if unable to contain drool, unless a health care provider states that it is a noninfectious condition;
   (e) a rash with fever or behavioral change or a rash that is quickly spreading, unless a health care provider states that it is a noninfectious condition;
   (f) active tuberculosis, until a health care provider states that the person is noninfectious and can return;
   (g) group A strep pharyngitis (strep throat) until the person appears well and at least 12 hours after beginning appropriate antimicrobial therapy;
   (h) impetigo, until treatment is initiated and if lesions on exposed skin are covered with a waterproof dressing;
   (i) head lice, scabies, or ringworm, until treatment is started. Children and staff can remain in the child care setting until the end of the day;
(j) chickenpox (varicella), until sores have dried or crusted. Child care providers must not purposefully expose susceptible children to chickenpox, even with the permission of the susceptible child's parents/guardians;

(k) rubella, until seven days after the rash appears;

(l) pertussis, until five days after antibiotic treatment was initiated;

(m) mumps, until five days after onset of parotid gland swelling;

(n) measles, until four days after onset of rash;

(o) hepatitis A, until one week after onset of illness or as directed by the local health authority;

(p) shigellosis, salmonella, or E. coli, until a local health authority clears the person for readmission; or

(q) if the child is unable to participate in activities or needs care from staff that compromises the health or safety of other children.

(3) Children and staff must be excluded from all child care facilities, and a health care provider must evaluate the conditions to ensure the person’s return will not harm that person or the other people, when a child or staff:

(a) has symptoms of severe illness, such as fever with behavior change, lethargy, uncontrolled coughing, breathing difficulty or wheezing, stiff neck, irritability, persistent crying, poor food or fluid intake, progressive rash with any other symptoms, or a seizure; or

(b) has persistent abdominal pain for two or more hours, or intermittent abdominal pain associated with fever, dehydration, or other signs or symptoms of illness.

(4) A child or staff member does not need to be excluded, but a child’s parents/guardians should be notified of new onset, for minor illnesses or symptoms including:

(a) a runny nose or cough not accompanied by a fever;

(b) pinkeye or other eye discharge not accompanied by fever;

(c) fever without behavior change for people aged four months and older, including children with immunization-related fevers; or

(d) rash without behavior change or fever and that is not quickly spreading.

(5) If a child develops symptoms of any illness other than those included in (2) or (3) while at the child care facility and after the parents/guardians have left, the child care provider must:

(a) isolate the child immediately from other children in a room or area segregated for that purpose; and

(b) contact and inform the parents/guardians as soon as possible about the illness and request they pick up the child.

(6) Disease charts that identify reportable diseases are available from the department. A child care provider must notify the local health authority, on the same day or as soon as possible if no contact can be made the same day, if:

(a) a child becomes ill or is suspected of having a communicable disease reportable to the health department while in care;

(b) a child is absent and a reportable communicable disease is suspected; or

(c) there is an outbreak of any reportable communicable disease detected in a child care facility.
NEW RULE XLII  FIRST AID  (1) All child care facilities must maintain a complete, well-stocked, portable first aid kit. The first aid kit must accompany staff and children on trips away from the facility and must contain:

(a) sterile, absorbent bandages;
(b) antiseptic wipes or product to clean wounds and hands;
(c) a cold pack;
(d) tape and a variety of adhesive bandages;
(e) tweezers and scissors; and
(f) disposable single use gloves.

(2) Child care staff must take appropriate precautions to minimize the risk of any child suffering sunburn, heat stroke, or receiving insect bites. Children under six months old should be kept out of direct sunlight.

(a) Sunscreen must be applied to children over six months old when outdoor conditions dictate.

NEW RULE XLIII  ENVIRONMENTAL HEALTH DEFINITIONS  (1) "Public sewage system" means a system of collection, transportation, treatment, or disposal of sewage that is designed to serve or serves 15 or more families or 25 or more persons for a period of at least 60 days out of the calendar year.

(2) "Public water supply system" means a system for the provision of water for human consumption from any community well, water hauler for cisterns, water bottling plant, water dispenser, or other water supply that is designed to serve or serves 15 or more families or 25 or more persons daily or has at least 15 service connections at least 60 days out of the calendar year.

(3) "Smoke-free environment" means no smoking, vaping, or use of e-cigarettes.

AUTH: 52-2-704, MCA
IMP: 52-2-704, MCA

NEW RULE XLIV  HEALTH RULES INCLUDED IN INSPECTION BY PUBLIC HEALTH AUTHORITIES  (1) Licensed child care providers must provide to CCL an annual training or inspection certificate from their local health authority, except:

(a) Providers using a commercial or public space that receive an annual public health inspection, such as a school, do not need a separate inspection. The child care provider is responsible for providing a copy to CCL.

(2) Child care facilities requiring a public health inspection may request a waiver of any of the environmental health rules in this subchapter. Child care providers will submit a written plan to CCL describing an alternative approach with
respect to the rule from which they are seeking a waiver, and how this approach supports child and staff health and safety.

AUTH: 52-2-735, MCA
IMP: 52-2-735, MCA

NEW RULE XLV SMOKE-FREE ENVIRONMENT (1) All licensed and registered child care providers except RCE providers must provide and ensure a smoke-free and tobacco-free environment for children, ensuring there will be no smoking or use of vapor, tobacco, or alternative nicotine products other than cessation products indoors during child care hours, or outdoors while children are outdoors.

AUTH: 52-2-704, 52-2-731, MCA
IMP: 52-2-704, 52-2-731, MCA

NEW RULE XLVI OUTDOOR AIR QUALITY (1) All licensed and registered child care providers except RCE providers must reference the guidelines in ARM 37.111.827 to determine local air quality conditions and whether to cancel outdoor activities.

AUTH: 52-2-704, 52-2-731, MCA
IMP: 52-2-704, 52-2-731, MCA

NEW RULE XLVII INDOOR AIR QUALITY (1) Centralized ventilation systems and air filters in child care facilities, excluding RCEs, must be properly maintained.

(2) Licensed child care facilities must ensure that the temperature is maintained at a minimum of 65°F in the areas used for child care.

AUTH: 52-2-704, 52-2-731, MCA
IMP: 52-2-704, 52-2-731, MCA

NEW RULE XLVIII HAND HYGIENE (1) Staff, volunteers, and children in all licensed and registered child care facilities, excluding RCEs, must learn and follow good handwashing practices at the following times:

(a) before and after:
   (i) preparing or handling food or beverages, eating, or feeding a child;
   (ii) giving medication or applying a medical ointment or cream; and
   (iii) diapering;
   (b) after:
   (i) using the toilet or helping a child use a toilet;
   (ii) handling bodily fluid (mucous, blood, vomit) from sneezing, wiping and blowing noses, or from mouths or from sores;
   (iii) handling animals or cleaning up animal waste;
   (iv) cleaning or handling the garbage; and
   (v) applying sunscreen and/or insect repellent.
(2) All licensed child care providers and registered group and family child care providers must provide soap and disposable or single-use towels or other hand-drying devices at all hand washing sinks. Common-use cloth towels are prohibited.

(3) All licensed child care providers must post hand washing signs in all food preparation, hand washing, diapering, and toileting areas.

AUTH: 52-2-704, 52-2-735, MCA
IMP: 52-2-704, 52-2-735, MCA

NEW RULE XLIX. BATHROOM HYGIENE

(1) Licensed child care facilities must provide lavatories (sinks), water closets (toilets), and urinals in the ratio of the number of each to the number of individuals using them, including children, staff, and volunteers, as follows:
   (a) lavatories (sinks): 1:15;
   (b) water closets (toilets): 1:15; and
   (c) for urinals, substitute half of the number of toilets required, if over 20 males.

(2) All licensed and registered child care facilities must provide toilet tissue next to all toilets.

(3) Hand sinks in all licensed and registered child care facilities must have water at a temperature of at least 100°F and not more than 120°F.

(4) In licensed and registered child care facilities where tooth brushing is an activity, toothbrushes must be managed in a way that avoids contamination.

AUTH: 52-2-704, 52-2-735, MCA
IMP: 52-2-704, 52-2-735, MCA

NEW RULE LI. SOLID WASTE MANAGEMENT

(1) All licensed and registered child care providers must ensure that solid waste is safely stored and disposed of.
   (a) Store all solid waste between removals in containers which have lids and are corrosion resistant, fly-tight, watertight, and rodent-proof.
   (b) Clean all solid waste containers frequently.
   (c) Store solid waste containers in a way that prevents the containers from being tipped, protects them from deterioration, and allows easy cleaning below and around them.
   (d) Remove solid waste at least weekly.

AUTH: 52-2-704, 52-2-731, MCA
IMP: 52-2-704, 52-2-731, MCA

NEW RULE LI. LAUNDRY AND CLOTHING

(1) All licensed and registered child care providers must ensure that children's wet or soiled clothing is changed promptly. Facilities must have a supply of spare clothing to allow at least one change per day. Soiled clothing must be placed in a sealed bag and returned to the parent or guardian.
(2) Licensed and registered child care providers must ensure that soiled laundry does not endanger the health of children by:
   (a) refraining from storing soiled laundry in a dining, food preparation, or food storage room;
   (b) ensuring soiled laundry is not accessible to children;
   (c) providing sufficient space for sorting and storing clean and soiled laundry so clean and soiled laundry do not contact the same surface or each other; and
   (d) laundering bedding whenever it is soiled.
(3) Staff working with infants in licensed child care facilities must ensure clothing worn to and from work is covered by or replaced with a clean, comfortable, nonirritating, and washable smock or similar clothing.

AUTH: 52-2-704, 52-2-731, MCA
IMP: 52-2-704, 52-2-731, MCA

NEW RULE LII SANITATION (1) All licensed and registered child care providers must:
   (a) provide sanitary drinking facilities for each child;
   (b) clean and sanitize their toys routinely. Toys must be cleaned and sanitized in a solution containing one tablespoon of unscented household bleach to one gallon of water, and then either washed through the sanitizing cycle of the dish washer or rinsed with clean hot water, and then air dried;
   (c) use cleaning products in accordance with the manufacturer's instructions;
   (d) keep cleaning devices for toilets and urinals, sinks, and tubs separate from each other, and do not use such cleaning devices for any other purpose; and
   (e) store cleaning compounds, pesticides, and cleaning devices for toilet bowls, toilet seats, or urinals separately and out of the reach of children. Cleaning compounds must be disposed of in accordance with the manufacturer's instructions.

AUTH: 52-2-735, MCA
IMP: 52-2-735, MCA

NEW RULE LIII DIAPERING (1) All licensed child care providers and registered group and family child care providers that care for children requiring diapers must:
   (a) provide an adequate and cleanable area for diaper changing separate from food preparation and play areas;
   (b) ensure diapering and toileting areas contain a wash basin that is separate from that used for food preparation;
   (c) have available a sufficient supply of clean, dry diapers, and change diapers as frequently as needed. Disposable diapers, a commercial diaper service, or reusable cloth diapers supplied by the child's family may be used;
   (d) use soft, absorbent, disposable towels, or clean reusable towels which have been laundered between each use for cleaning the child;
   (e) keep safety pins out of reach of children;
   (f) not leave children being diapered unattended on a surface from which they might fall;
(g) specifically label all toilet articles for each child. Each item must be separated and kept in a sanitary condition;

(h) clean surfaces after each diapering and change the pad or disposable sheeting (if used). Sanitize surfaces using a solution of one tablespoon of unscented household bleach to one gallon of water, rinse with clean water, and air dry;

(i) store soiled disposable diapers in easily cleanable or lined receptacles with tight-fitting lids in an area inaccessible to children; and empty, clean, and wash the receptacles once per day or more often as needed. Soiled disposable diapers must be disposed of immediately into an outside trash disposal or discarded indoors in a way that is inaccessible to children until outside disposal is possible;

(j) place soiled reusable cloth diapers in a labeled container with a tight-fitting lid provided by a commercial diaper service, or in a sealed waterproof bag or container for removal from the facility by an individual child's family. Soiled cloth diapers should be sent home with the child at the end of each day. The containers or sealed diaper bags of soiled cloth diapers should not be accessible to any child; and

(k) ensure the hands of the diapered child are washed after changing.

(2) Toilet training must only be initiated when the child is ready and in consultation with the child's parents or guardian. There must not be a routine attempt to toilet train children under 18 months old.

AUTH: 52-2-735, MCA
IMP: 52-2-735, MCA

NEW RULE LV  BATHING  (1) If bathing is necessary, licensed child care providers and registered group or family child care providers must:

(a) directly supervise children when being bathed;
(b) sanitize bathing materials after bathing each child;
(c) use non allergenic soap; and
(d) make sure children cannot turn on hot water while being bathed. Water supply to bathing area must not exceed 120°F.

(2) Bathing facilities must be separate from food service, food preparation, and play or sleeping areas.

AUTH: 52-2-704, 52-2-735, MCA
IMP: 52-2-704, 52-2-735, MCA

NEW RULE LV  WATER SUPPLY SYSTEM  (1) All child care facilities must provide an adequate and potable supply of water that is connected to a public water supply system in accordance with 75-6-102, MCA.

(2) If the child care facility uses a nonpublic water system source, the program must:

(a) have the water source tested prior to operation and at least once each January and once each June for the total coliform bacteria and fecal coliform or E. coli bacteria;
(b) provide laboratory test results to the department as part of the licensing and registration or license/registration renewal process; and
(c) take corrective action as needed to ensure the water is safe to drink.
(3) Prior to operation, the water source of all licensed child care facilities must be tested to determine that the maximum contamination levels for nitrate (10 milligrams per liter) and nitrite (1 milligram per liter) are not exceeded, and documentation of testing must be retained on the premises for 24 months from the date of the test.

IMP: 52-2-704, 52-2-735, MCA

NEW RULE LVI SEWAGE SYSTEM (1) All child care facilities must have an adequate and safe sewage system.
(2) The child care facility must:
(a) be connected to a public sewage system in accordance with 75-6-102, MCA; or
(b) if a nonpublic system is used, retain documentation that it has complied with sewage disposal requirements adopted by the local board of health in the jurisdiction in which the child care facility is located as well as documentation of any necessary sewage system repairs or replacement.

IMP: 52-2-704, 52-2-735, MCA

NEW RULE LVII SWIMMING POOL SANITATION (1) All licensed child care providers and registered group and family child care providers must allow children to only use swimming pools that are maintained in accordance with ARM 37.115.102, 37.115.103, and 37.115.106.
(2) Licensed child care providers and registered group and family child care providers using a portable wading pool must add one tablespoon household bleach to 100 gallons of water to the pool on the day of use, drain, clean, and refill it with fresh water daily and as otherwise needed. Bleach must be added any time the pool is refilled.

AUTH: 52-2-735, MCA
IMP: 52-2-735, MCA

NEW RULE LVIII FOOD PREPARATION AND HANDLING (1) At a minimum, all licensed child care providers and registered group and family child care providers must:
(a) cook food to the proper temperatures:
(i) chicken, poultry, stuffed foods, and leftovers to 165°F;
(ii) ground meats (including fish, e.g., fish sticks) to 155°F;
(iii) eggs, whole cuts of pork and fish to 145°F; and
(iv) vegetables and fruits for hot holding to 135°F;
(b) hold hot food prior to serving and after cooking at 135°F or hotter;
(c) keep cold food at or below 41°F;
(d) use milk and other dairy products that are pasteurized;
(e) require that hands be properly washed, and single use gloves, tongs, single use napkins, utensils, or deli tissues be used to handle food; and
(f) ensure no people with open wounds or communicable diseases handle food or food utensils.

(2) Licensed child care providers must at a minimum:
(a) obtain food from sources that comply with the Montana Food, Drug and Cosmetic Act, Title 50, chapter 31, MCA, and not use home canned foods;
(b) dispose of food that has been in family-style service containers, on the table, or in the service area after the meal; and
(c) manage food that is not served family-style in the following way:
(i) cool food and place in the refrigerator within two hours of the meal; and
(ii) reheat food to 165°F within one hour prior to meal service and do not mix with new batches of food.

(3) All licensed child care providers and registered group and family child care providers must ensure that a probe type thermometer is available in the facility to check food temperatures and that the thermometer is calibrated and used following the manufacturer's specifications.

(4) If using a domestic style dishwasher, all licensed child care providers and registered group and family child care providers must use the heat option to dry the dishes.

(a) Licensed child care facilities must provide at least a two-compartment sink as a backup in the event the dishwasher becomes inoperable.

(5) If any licensed child care facility uses a two-compartment sink to hand-wash dishes, the provider must use the wash, rinse, and sanitize three-step process.

(a) All dishware, utensils, and food service equipment are thoroughly cleaned in the first sink compartment with a hot detergent solution, at a concentration indicated on the manufacturer's label, then rinsed with clear water separately, and then dipped/soaked in sanitizer solution in a separate compartment or container that will provide the equivalent bactericidal effect of a solution containing at least 50 ppm of available chlorine at a temperature of at least 75°F for one minute. Dishes must be air dried before being stored.

NEW RULE LIX  NUTRITION AND FOOD SERVICE DEFINITIONS

(1) "CACFP" means the Child and Adult Care Food Program as designated in section 17 of the National School Lunch Act as amended (codified at 42 USC 1766 and effective as of December 13, 2010).

(2) "Nutritious meals and snacks" means quality and quantity of food that meets the USDA CACFP guidelines in 7 CFR 226.20 as of February 7, 2022.

(3) "USDA" means the United States Department of Agriculture.

AUTH: 52-2-704, 53-4-212, MCA
NEW RULE LX  NUTRITION REQUIREMENTS  (1) All licensed child care providers and registered group and family child care providers must:
   (a) provide nutritious meals and snacks to children in such quality and quantity to meet the USDA CACFP recommended dietary allowances for children of each age or have a policy stating that parents/guardians are required to send food for meals and/or snacks;
   (b) serve meals and snacks at standard times, to ensure that:
       (i) children in care for five to ten daytime hours are offered at least one meal and two snacks or two meals and one snack. Children must be offered a mid morning snack if they are not offered breakfast at the child care facility less than 2 1/2 hours before lunch;
       (ii) children in care for a continuous period of ten hours or more must be provided at least one meal every six hours and one snack between meals. The six-hours requirement does not apply during the hours that the child is sleeping when night care is provided;
       (iii) children receiving night care are offered dinner and/or breakfast, and a bedtime snack; and
       (iv) children in care for fewer than five hours are offered one snack every 2 1/2 hours;
   (c) for each child with nutritional therapeutic needs, request and carefully follow written special dietary instructions from either the child's parents/guardians or health care provider. Food brought from home for special dietary purposes must be carefully labeled with the child's name;
   (d) plan menus in advance, post menus for parents/guardians, and serve meals and snacks in accordance with the planned menus;
   (e) supervise children if they prepare food and while they eat;
   (f) ensure that drinking water is freely available and offered at regular intervals to all children; and
   (g) retain written menu records and any special dietary instructions.

AUTH: 52-2-704, 52-2-735, MCA
IMP: 52-2-702, 52-2-704, 52-2-723, 52-2-731, 52-2-735, MCA

NEW RULE LXI  INFANT FEEDING  (1) All licensed and registered child care providers must provide an individualized diet and feeding schedule for infants according to a written plan submitted by the parents/guardians. A change of diet and schedule must be noted on each infant's daily diet and feeding schedule.
   (a) Licensed child care providers must post each infant's diet and schedule in an area clearly visible to the center's infant care staff.
   (2) A day's supply of breast milk in nursing bottles or formula must:
       (a) require no more preparation than dilution with water and must be provided by the parents/guardians, unless an alternative agreement is reached between the parents/guardians and child care provider that ensures the infant's nutritional needs are sufficiently met; and
(b) be clearly labeled with each infant's name and date and be immediately refrigerated.

(3) Special dietary foods that infants require must be prepared by the parents/guardians.

(4) Bottles must be prepared in a sanitary food preparation sink or other sink separated by at least six feet from diapering and bathroom areas.

(5) Bottles must not be propped. Children too young to sit in high chairs must be held in a semi-sitting position for all bottle feedings.
   (a) Infants must not be allowed to lie on their backs when drinking from a bottle or spill-proof cup (sippy cup).
   (b) Infants who show a preference for holding their own bottles may do so if the infant is still held for the bottle feeding and the infant remains in a semi-sitting or upright position.

(6) If the parents/guardians are unable to bring sufficient or usable formula or breast milk, the program may use commercially prepared and packaged formula.

(7) Older infants must be provided suitable foods which encourage freedom in self-feeding.

(8) Bottles must be refrigerated immediately if not used, and contents discarded if not used within 24 hours.

(9) Bottles and nipples must be cleaned and sanitized using generally accepted means of sanitation.

AUTH: 52-2-704, MCA
IMP: 52-2-702, 52-2-704, 52-2-713, 52-2-721, 52-2-722, 52-2-731, MCA

NEW RULE LXII  FOOD SERVICE EQUIPMENT
(1) All licensed and registered child care providers must provide one piece of age-appropriate feeding equipment for every four infants or toddlers. This includes safe high chairs, baby feeding tables, booster seats, and child-size tables and chairs. These types of equipment must be used in accordance with the manufacturer's specifications.

(2) Portable high chairs that hook onto tables are not allowed in any licensed or registered child care facility.

AUTH: 52-2-704, MCA

NEW RULE LXIII  IMMUNIZATION DEFINITIONS
(1) "ACIP" means the Advisory Committee on Immunization Practices, which provides advice to the U.S. Centers for Disease Control and Prevention on routine administration of vaccines to pediatric and adult populations.

(2) "Adequate documentation" means documentation which meets the specifications set forth in [NEW RULE LXVI].

(3) "CLIA" means the federal clinical laboratory improvement amendments of 1988.
(4) "Conditional attendance" means that children are allowed to attend child care on a conditional basis until they meet the requirements of an established vaccination schedule.

(5) "Conditional Attendance Form (HES 103)" means the form used by parents or guardians and health care providers to allow children to attend child care on a conditional basis until they meet vaccination requirements on a set schedule.

(6) "DT vaccine" means a vaccine containing a combination of diphtheria and tetanus toxoids.

(7) "DTP vaccine" and "DTAP vaccine" mean vaccines containing diphtheria and tetanus toxoids and pertussis (whooping cough) vaccine combined, including a vaccine referred to as DTaP, diphtheria, tetanus toxoid, and acellular pertussis vaccine combined.

(8) "Hep B vaccine" means a vaccine containing Hepatitis B vaccine.

(9) "Hib vaccine" means a vaccine immunizing against infection by Haemophilus influenza type B disease.

(10) "Immunization information system" means a confidential, computerized, population-based system managed and maintained by the department that collects and consolidates vaccination data from vaccine providers.

(11) "Medical exemption" means a vaccination exemption from a health care provider indicating that the physical condition of the child is such that one or more vaccinations would endanger their life or health or is medically contraindicated.

(12) "Medical Exemption Statement Form (HES 101A)" means the form provided by the department to document a medical exemption(s) from one or more vaccinations.

(13) "MMR vaccine" means a vaccine containing a combination of measles, mumps, and rubella vaccines.

(14) "Montana Certificate of Immunization Form (HES 101)" means the form provided by the department to consolidate immunization history.

(15) "MR vaccine" means a vaccine containing a combination of measles and rubella vaccines.

(16) "Official vaccination record" means a standard electronic or paper record that is maintained by the department, by another state's principal health agency, or by a healthcare provider to record the vaccination status of a child, and includes the following:

(a) child's legal name;
(b) birth date;
(c) sex; and
(d) vaccination date (month, day, and year) by vaccine type, or, in the case of a post secondary record, the month and year of vaccine administration.

(17) "PCV vaccine" means a vaccine containing pneumococcal conjugate vaccine.

(18) "Polio vaccine" means a trivalent polio vaccine.

(19) "Religious exemption" means a vaccination exemption based on an affidavit of exemption on religious grounds attesting that receipt of a vaccine or vaccines is contrary to an individual's religious belief, observance, or practice.

(20) "Religious exemption form" means an affidavit of exemption on religious grounds from vaccine administration.
(21) "Td vaccine" means a vaccine containing tetanus and diphtheria toxoids.
(22) "Tdap vaccine" means a vaccine containing tetanus and diphtheria toxoids, and acellular pertussis.
(23) "Vaccine" means:
   (a) if administered in the United States, an immunizing agent recommended by ACIP and licensed by the U.S. Food and Drug Administration; or
   (b) if administered outside of the United States, an immunizing agent administered by a person licensed to practice medicine in the country where it is administered or by an agent of the principal public health agency of that country and properly documented as required by ARM 37.114.708.
(24) "Varicella vaccine" means an attenuated, live virus vaccine to prevent chicken pox disease.

IMP: 52-2-702, 52-2-703, 52-2-704, 52-2-713, 52-2-723, 52-2-725, 52-2-731, 52-2-736, 52-2-735, 52-2-736, 53-2-201, 53-4-211, 53-4-212, 53-4-611, MCA

NEW RULE LXIV  MINIMUM CHILD IMMUNIZATION REQUIREMENTS
(1) Children attending all licensed and registered Montana child care facilities are required to be immunized against certain diseases. Minimum child immunization requirements apply to children in all child care facilities with exceptions described in [NEW RULE LXV]. Before a child may attend any licensed or registered Montana child care program, a program must be provided with documentation that the child has been vaccinated, as required for the child's age group, against measles, rubella, mumps, poliomyelitis, diphtheria, pertussis (whooping cough), tetanus, varicella, hepatitis B, pneumococcal disease (pneumonia), and Haemophilus influenza type B, unless the child qualifies for conditional attendance in accordance with (5) or has a medical or religious exemption:

(*) varies depending on vaccine type used or the ACIP catch-up schedule.

(2) Hib and PCV vaccines are not required or recommended for children five years old and older.

(3) Doses of MMR and varicella vaccines, to be acceptable under this rule, must be given no earlier than 12 months old, and a child who received a dose prior to 12 months old must be revaccinated; however, vaccine doses given up to four days before the minimum interval or age are counted as valid. Live vaccines not administered at the same visit must be separated by at least four weeks.
(4) Vaccines immunizing against diphtheria, pertussis, and tetanus must be administered as follows:
   (a) a child less than seven years old must be administered four or more doses of DTP or DTaP vaccine, at least one dose of which must be given after the fourth birthday;
   (b) DT vaccine administered to a child less than seven years old is acceptable for purposes of this rule only if accompanied by a medical or religious exemption exempting the child from pertussis vaccination; and
   (c) a child seven years old or older who has not completed the requirement in (1) must receive additional doses of Tdap vaccine or Td vaccine to become current in accordance with the ACIP schedule.

(5) A child may initially conditionally attend a child care facility if:
   (a) the child has received at least one dose of each of the vaccines required for the child's age;
   (b) documentation of the child's conditional immunization status is on file at the child care facility; and
   (c) the child is not past due for the next required dose (as noted on the conditional enrollment form) of the vaccine in question.

(6) Children attending licensed school-age care facilities serving only school-age children must meet the minimum student immunization requirements defined in ARM 37.114.702 and 20-5-403, MCA.

(7) Children in a sibling group receiving care from a registered FFN in the children's home are not subject to the immunization requirements, provided there are no unrelated children also receiving care.

(8) Children receiving care through registered RCE providers are not subject to vaccination requirements.

AUTH: 52-2-704, 52-2-735, MCA

NEW RULE LXV EXEMPTIONS FROM VACCINATION (1) A child is exempt from receiving the required vaccinations when the requirements of any of the following are met:
   (a) Medical exemption: A child is not required to have any vaccinations which are medically contraindicated. A written and signed statement from a health care provider that a vaccination otherwise required by [NEW RULE LXIV] is medically contraindicated will exempt a child from those vaccination requirements as deemed necessary by the health care provider. It is preferred, but not mandatory, that a health care provider's medical exemption be recorded on HES-101A. Medical exemption documentation must include:
       (i) which specific vaccination is contraindicated;
       (ii) the period of time during which the vaccination is contraindicated;
       (iii) the reasons for the medical contraindication; and
       (iv) when deemed necessary by a health care provider, the results of immunity testing. The tests must indicate serological evidence of immunity and must be performed by a CLIA approved lab.
(b) Religious exemption: A child seeking to attend a child care program is not required to be vaccinated if the child's parent or guardian attests that vaccination is contrary to their religious belief, observance, or practice. An exemption on religious grounds must be maintained on an Affidavit of Exemption on Religious Grounds Form (HES-113) prescribed by the department.

(i) A certificate of religious exemption is required only for the required vaccines listed in [NEW RULE LXIV].

(c) A child experiencing homelessness or a child in foster care is exempt from required vaccinations outlined in [NEW RULE LXIV(1)] for a 30-day grace period beginning the first day the child attends a child care program as verified on the sign-in/sign-out records.

(i) The child experiencing homelessness must meet the definition in 42 U.S.C. 11434a (2).

(ii) A child is in foster care when the foster care environment meets ARM 37.50.101(4).

(iii) A child must meet the vaccination requirement for conditional enrollment outlined in [NEW RULE LXIV(5)] before the end of the 30-day period.

(iv) A child may not be granted consecutive grace periods.

(2) Family child care providers, group child care providers, and registered FFN providers may choose whether to enroll children who have a medical or religious exemption to the minimum immunization schedule included in [NEW RULE LXIV(1)]. These providers must have written policies and procedures to notify the parents/guardians of prospective and enrolled children of this choice.

(a) These policies will be made available upon request to families prior to enrolling their children with a child care provider.

(b) Policies must be submitted to CCL.

(3) School-age care facilities serving only school-age children must accept school vaccination exemptions, including medical exemption statements from ARM 37.114.715 and religious exemptions defined in ARM 37.114.716.

AUTH: 52-2-704, 52-2-735, MCA

NEW RULE LXVI REQUIREMENTS FOR ADEQUATE DOCUMENTATION OF IMMUNIZATION STATUS

(1) All licensed and registered child care providers must have received completed immunization documentation, in accordance with this rule, before any child can be enrolled into a child care facility. The child care provider must maintain a record of immunization status for each enrolled child, and any child of a staff member who resides at the child care facility, with respect only to the vaccines, number of doses, and timing set forth in [NEW RULE LXIV]. The provider must make those records available during normal working hours to representatives of the department or the local health authority.

(2) The following are considered adequate documentation of vaccination for the purposes of this chapter:

(a) a record from any local health department in the United States, signed by a local health officer or nurse;

(b) a certificate signed by a local health officer or nurse;
(c) any official immunization record, if information has been recorded and signed by a physician, physician's designee, local health officer, or that officer's designee; or an official report from the statewide immunization information system, or a health care provider's medical record system;
(d) immunization recorded on a form approved by the U.S. government;
(e) any state's official parent-maintained immunization record;
(f) an international certificate of vaccination on a form approved by the World Health Organization; or
(g) in the case of a vaccine administrated outside of the United States, a record of the vaccination signed by an official of the principal public health agency of the country where the vaccination occurred.

(3) Vaccine administration data may not be filled out by a parent, guardian, or other person unless they are a health care provider, health department official, or person otherwise authorized to do so by this subchapter.

(4) The following are considered adequate documentation in lieu of receiving required vaccines:
(a) the conditional enrollment form prescribed by the department;
(b) a medical exemption;
(c) a religious exemption; or
(d) documentation of immunity from varicella, measles, mumps, or rubella by laboratory evidence or diagnosis/verification of disease by physician, nurse practitioner, or physician's assistant. The tests must indicate serological evidence of immunity and must be performed by a CLIA-certified lab. A copy of the test results must be attached to the child's official immunization record.

(5) Parents or legal guardians of students attending school must provide a written parental statement that the required immunization is on file with the child's school. Parents/guardians of these students do not have to provide other immunization documentation to school-age care facilities.

IMP: 52-2-704, 52-2-732, 52-2-733, 52-2-735, MCA

NEW RULE LXVIII  IMMUNIZATION STATUS AS CONDITION OF ATTENDANCE  (1) In order to continue to attend a licensed or registered child care facility, a child must continue to be vaccinated on the schedule described in [NEW RULE LXIV(1)] and must be immediately excluded from attendance if the child:
(a) is not vaccinated on that schedule with all of the required vaccines;
(b) does not have on file at the child care program a record of medical exemption, religious exemption, a conditional enrollment form which indicates that no vaccine dose is past due; or
(c) does not meet the exemption for a child experiencing homelessness or a child in the foster system.

IMP: 52-2-704, 52-2-735, MCA

NEW RULE LXIX QUALIFICATIONS AND TRAINING DEFINITIONS
(1) "Director" means the person designated as the person responsible for the daily operation of a child care facility. A director is also responsible for implementing appropriate child development principles and knowledge of family relationships in providing daily care to the children cared for in the facility.
(2) "Lead teacher" means the lead staff person in charge of a child or group of children who implements facility activities.
(3) "On-the-job training" is training provided by the director or designee, during business hours, to educate new staff members on facility and provider-specific policies, procedures, and department requirements pertaining to their role.
(4) "Orientation training" means initial required training to educate new staff.
(5) "Practitioner Registry" is a statewide registry that is used to help develop and track a knowledgeable and skilled child care workforce based on an individual's verified professional achievements.
(6) "Site director" means the person who plans and implements child care services at one site of a multi-site program under the oversight of the director.
(7) "Staff" refers to all persons who work or substitute in a child care facility and count in the child-to-staff ratio during hours when children are or may be present, excluding licensees or registration holders.
(8) "Substitute" means any person not regularly employed by a child care provider who temporarily takes the place of an approved staff person, other than the director.
(9) "Teacher" means a program staff member who carries out assigned caregiving and teaching tasks under the guidance and oversight of a lead teacher or program director.
(10) "Trainee" means a staff member who has been approved to work in a child care facility based on initial criteria but has not yet completed required training.

NEW RULE LXX DIRECTOR RESPONSIBILITIES AND QUALIFICATIONS
(1) All facilities except RCEs must have a director.
(a) For the purposes of this rule, FFN providers are considered a director.
(2) A director and their program staff are responsible for the health, safety, supervision, protection, and guidance of the children in care. The director is responsible for operating the child care program at all times.
(3) A director must demonstrate knowledge and ability to carry out day-to-day operations and is responsible for being on-site at the facility, unless there is a site director, designated staff member, or substitute filling the on-site role.

(4) Directors must meet the following qualifications:

(a) be at least 18 years old;
(b) have satisfactory results of background checks as set forth in [NEW RULE LXXXI];
(c) be current on the Practitioner Registry;
(d) have current CPR and pediatric first aid certification;
(e) successfully complete orientation training; and
(f) have a combination of education, training, other licensing, or experience in working with children to demonstrate an ability to fulfill the director responsibilities for the licensed or registered facility type, subject to approval through the Practitioner Registry or to department approval.

(5) If the director will be absent from the facility for more than 30 continuous days, the director must notify the department in writing of the individual who has been appointed as the designee. The appointed designee must meet all the requirements of this rule.

(6) The director must ensure compliance with all applicable administrative rules within this chapter.

(7) The director or designee must review every incident or accident causing injury to a child resulting in medical or dental care and document the appropriate corrective action taken to avoid a reoccurrence.

NEW RULE LXXXI  SITE DIRECTOR RESPONSIBILITIES AND QUALIFICATIONS  
(1) Site director is an optional role. Providers may employ site directors when they have multiple facilities in geographically dispersed locations. An individual may only serve as a site director at one location or site. Site directors plan and implement facility services under the oversight of the director/owner.

(2) Site directors must meet the following qualifications:

(a) be at least 18 years old;
(b) have satisfactory results of background checks as set forth in [NEW RULE LXXXI];
(c) be current on the Practitioner Registry;
(d) have current CPR and pediatric first aid certification;
(e) successfully complete orientation training;
(f) complete on-the-job training; and
(g) have a combination of education, training, other licensing, or experience in working with children to demonstrate an ability to fulfill the site director responsibilities for the licensed or registered facility type, subject to approval through the Practitioner Registry or to department approval.

(3) The site director is responsible for being on-site during the facility's operating hours and providing regular supervision and mentoring of lead teachers, teachers, substitutes, support staff, and volunteers.
(4) One person may be the director and site director.
(5) A site director may also serve as a lead teacher.
(6) The director absence requirements in [NEW RULE LXX] apply to site directors.

NEW RULE LXXII LEAD TEACHER RESPONSIBILITIES AND QUALIFICATIONS
(1) Lead teacher is an optional role.
(2) Lead teachers are responsible for facility activity planning and delivery.
(3) A lead teacher must:
   (a) be at least 18 years old;
   (b) have satisfactory results of background checks as set forth in [NEW RULE LXXXI];
   (c) complete on-the-job training;
   (d) be current on the Practitioner Registry;
   (e) have current CPR and pediatric first aid certification;
   (f) successfully complete required orientation training; and
   (g) have a combination of education, training, other licensing, or experience in working with children to demonstrate an ability to fulfill the lead teacher responsibilities for the licensed or registered facility type, subject to approval through the Practitioner Registry or to department approval.

NEW RULE LXXIII TEACHER RESPONSIBILITIES AND QUALIFICATIONS
(1) Teacher is an optional role.
(2) Teachers help a lead teacher or director provide instructional support to children and implement developmentally appropriate programming.
(3) Teachers must:
   (a) receive oversight and guidance from a lead teacher, site director, or director;
   (b) be at least 16 years old;
   (c) have satisfactory results of background checks as set forth in [NEW RULE LXXXI];
   (d) complete on-the-job training;
   (e) be current on the Practitioner Registry;
   (f) have current CPR and pediatric first aid certification; and
   (g) successfully complete required orientation training.

NEW RULE LXXIV SUBSTITUTE RESPONSIBILITIES AND QUALIFICATIONS
(1) Substitutes must:
(a) have satisfactory results of background checks as set forth in [NEW RULE LXXXI];
(b) meet the age requirement for the role for which they are substituting;
(c) complete on-the-job training;
(d) be current on the Practitioner Registry;
(e) have current CPR and pediatric first aid certification; and
(f) successfully complete required orientation training.

NEW RULE LXXV  TRAINEE RESPONSIBILITIES AND QUALIFICATIONS
(1) Trainees must:
(a) have satisfactory results of background checks as set forth in [NEW RULE LXXXI];
(b) be at least 16 years old;
(c) not be left alone with children until they complete the required 30-day orientation training;
(d) receive oversight and guidance from an onsite lead teacher, site director, or director; and
(e) not remain in this role for longer than 90 days.

IMP: 52-2-704, 52-2-723, 52-2-731, MCA

NEW RULE LXXVI  SUPPORT STAFF QUALIFICATIONS  (1) Support staff who do not provide direct care for children must:
(a) have satisfactory results of background checks as set forth in [NEW RULE LXXXI]; and
(b) complete on-the-job training.
(2) Support staff do not count toward compliance with required child-to-staff ratios.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-723, 52-2-731, MCA

NEW RULE LXXVII  VOLUNTEER QUALIFICATIONS  (1) Volunteers may include a parent or guardian helping on a field trip, special guest presenters, or a parent or guardian, family member, or community member helping with a cultural celebration, or other activity. Volunteers:
(a) must be at least 15 years old; and
(b) must have satisfactory results of background checks as set forth in [NEW RULE LXXXI] if they will have unsupervised access to children.
(2) Volunteers do not count toward compliance with required child-to-staff ratios.

AUTH: 52-2-704, MCA
NEW RULE LXXVIII ORIENTATION TRAINING (1) All staff and owners included in child-to-staff ratios must complete department-approved orientation training. Orientation training includes 30-day and 90-day training requirements.
(2) Within 30 days of hire and before providing unsupervised care to children, the following training is required:
   (a) infant, child, and adult CPR, infant choking response, and pediatric first aid. CPR certification must be completed in a hands-on setting. Alternatively, staff can provide verification of current infant, child, and adult CPR, infant choking response, and pediatric first aid certification from the American Heart Association, American Red Cross, or other CCL-approved entity;
   (b) if the child care license or registration permits care for infants, prevention of sudden infant death syndrome and use of safe sleep practices;
   (c) if the child care license or registration permits care for infants or toddlers, prevention of shaken baby syndrome and abusive head trauma.
(3) The staff and owners of licensed and registered child care facilities providing care exclusively to school-age children are not required to take infant CPR, infant choking response, sudden infant death syndrome, safe sleep, and shaken baby syndrome training.
(4) Within 90 days of hire, the following orientation training is required:
   (a) prevention and control of infectious diseases, including immunization;
   (b) child development;
   (c) administration of medication, consistent with standards for parental/guardian consent;
   (d) prevention and response to emergencies due to food and allergic reactions;
   (e) building and physical premises safety;
   (f) emergency preparedness and response;
   (g) proper handling, storage, and disposal of hazardous materials;
   (h) appropriate disposal of toxic (bio-contaminants) materials including blood, bodily fluids, and other infectious materials;
   (i) transportation; and
   (j) recognizing and mandatory reporting of child abuse and neglect to proper state authorities.
(5) Orientation training will be counted toward annual training requirements.

IMP: 52-2-704, 52-2-723, 52-2-731, MCA

NEW RULE LXXIX ANNUAL TRAINING (1) All staff and owners working more than 500 hours annually at any licensed or registered child care facility must successfully complete required annual training as defined in the Practitioner Registry.
   (a) Staff and owners of licensed child care centers, and registered group and family child care facility must complete 16 hours of annual training.
(b) Staff and owners of licensed school-age care or registered FFN providers must complete eight hours of annual training.
(2) The training must be approved through the Practitioner Registry.
(3) Education and training must relate to the Montana Early Care and Education Knowledge Base.

NEW RULE LXXXI BACKGROUND CHECK DEFINITIONS (1) "May deny crime" means a crime that gives the department the ability to determine that a background check result is unsatisfactory, and an individual is not eligible to work or be present in a child care facility.
(2) "Must deny crime" means a crime that requires the department to determine that a background check result is unsatisfactory, and an individual is not eligible to work or be present in a child care facility.
(3) "Satisfactory results of background checks" means that the results do not include any conviction, pending charge, or child abuse or neglect determination from a state’s child protective agency that the department has determined makes an individual ineligible to work in a child care program.
(4) "Unsatisfactory results of background checks" means that the results include a conviction, pending charge, or child abuse or neglect determination from a state’s child protective agency that is a must deny or may deny crime or offense.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-723, 52-2-726, 52-2-731, MCA

NEW RULE LXXXII FINGERPRINT AND BACKGROUND CHECKS (1) The following individuals must provide satisfactory results of background checks prior to approval of any license or registration, or staff approval:
(a) child care directors, owners, site directors, lead teachers, teachers, substitutes, trainees, support staff, and volunteers who have unsupervised contact with children; and
(b) any adult residing in the child care facility, or other adult who regularly or frequently stays in the facility, unless care is being provided in the home of a child or children who belong to the same sibling group.

MAR Notice No. 37-1044 20-10/20/23
In the case of a FFN provider caring for children from more than one sibling group in a child's home, all adults residing in the home must have satisfactory results of a background check.

The following background checks are required prior to working in a child care facility and annually thereafter, with the exception of national background checks, which are required every five years:

(a) a fingerprint background check by the Montana Department of Justice (DOJ) and Federal Bureau of Investigation; and
(b) the national Sexual Offender Registry from the National Criminal Information Center (NCIC);
(i) fingerprints must be processed by a trained individual within a certified fingerprinting agency. Results will be transmitted electronically to the department by DOJ;
(c) a check of the Montana Sex Offender Registry;
(d) a child protective services check for Montana and any state where the individual has resided in the preceding five years; and
(e) a name-based criminal records check for Montana and any state where the individual has resided in the preceding five years.

NEW RULE LXXXIII  BACKGROUND CHECK RESULTS THAT MUST RESULT IN THE DENIAL OF AN APPLICANT
(1) After written notice to the applicant, licensee, or registration holder, the department must deny, suspend, restrict, revoke, or reduce to a provisional or probationary status a license or registration upon finding that any person who is required to have a background check has been convicted of a crime that must make an individual ineligible to work in a child care facility. These crimes are felonies and misdemeanors that are direct crimes against a person's physical or emotional well-being. Convictions for the following crimes make an individual ineligible to work or be present in a child care facility:
(a) a serious crime, such as homicide, sexual intercourse without consent, sexual assault, aggravated assault, assault on a minor, assault on an officer, assault with a weapon, kidnapping, aggravated kidnapping, robbery, or arson; or
(b) a crime pertaining to children or families, including child abuse or neglect, incest, child sexual abuse, ritual abuse of a minor, felony partner or family member assault, child pornography, child prostitution, internet crimes involving children, felony endangering the welfare of a child, felony unlawful transactions with children, or aggravated interference with parent-child contact.

NEW RULE LXXXIV  BACKGROUND CHECK RESULTS THAT MAY RESULT IN THE DENIAL OF AN APPLICANT
(1) After written notice to the applicant, licensee, or registered provider, the department may deny, suspend,
restrict, revoke, or reduce to a provisional or probationary status a license or registration upon finding that any person who is required to have a background check has been convicted of a crime that may make an individual ineligible to work in a child care facility. These are direct crimes against a person's physical or emotional well-being. Conviction or determination of the following may make an individual ineligible to work or be present in a child care facility:

(a) a conviction for misdemeanor partner/family member assault, misdemeanor endangering the welfare of a child, misdemeanor unlawful transaction with children, prostitution, burglary, or a crime involving an abuse of the public trust;

(b) being named as a perpetrator in a substantiated report of abuse or neglect;

(c) being named as a perpetrator in a founded report of abuse or neglect, although this cannot be the sole basis for denial;

(d) abuse, neglect, or exploitation of an elderly person or a person with a developmental disability; or

(e) a felony conviction for a drug-related offense within the previous five years, including distribution or possession of controlled substances, criminal possession of precursors to dangerous drugs, criminal manufacture of dangerous drugs, criminal possession of imitation dangerous drugs with the purpose to distribute, criminal possession, manufacture or delivery of drug paraphernalia, or driving under the influence of alcohol or other drugs.

NEW RULE LXXXV OFFENSES AND INVESTIGATIONS THAT ARE PENDING RESOLUTION

(1) Any staff member, support staff, trainee, volunteer, or other adult residing in the child care facility, or other person who regularly or frequently stays in the facility, who is charged with a crime that will potentially make them ineligible to work in a child care facility must not provide care or be present in the facility when children in care are on the premises, pending the resolution of the charges.

(a) Child care providers must notify the CCL program within 48 hours if any charges are filed against any staff member, support staff, trainee, volunteer, or other adult residing in the child care facility, or other person who regularly or frequently stays in the facility, who is charged with a crime that will potentially make them ineligible to work in a child care facility.

(2) Any staff member, support staff, trainee, volunteer, or other adult residing in the child care facility, or other person who regularly or frequently stays in the facility, who is subject to an investigation by CFSD may be ineligible to be present in the child care facility when children in care are on the premises.

NEW RULE LXXXVI PROCESS TO REQUEST ADMINISTRATIVE RECONSIDERATION OF BACKGROUND CHECK RESULTS AND DEPARTMENT
DETERMINATION (1) If an unsatisfactory background check occurs based upon a conviction or determination identified in [NEW RULE LXXXIII], [NEW RULE LXXXIV] or [NEW RULE LXXXV] the staff applicant in conjunction with the license or registration holder, if different, may submit additional information to correct any inaccuracies or errors in the background check results.

(2) The staff applicant, in conjunction with the license or registration holder, if different, may request an administrative reconsideration of a denial based on a may-deny background check finding. The requester and license or registration holder must establish that the person has been sufficiently rehabilitated to warrant the public trust and not pose a risk to children.

NEW RULE LXXXVII COMPLAINTS AND INVESTIGATIONS (1) Any individual, group, or other agency may submit a written complaint against a child care facility or provider. The complainant's personal information is not public information.

(2) Any individual, group, or other agency may request that the department determine whether a child care facility should be licensed or registered according to law. Referral may be either in writing or by telephone.

(3) An authorized representative of the department may conduct an on-site visit of a facility and property without prior notice to the owner or staff of the program whenever the department considers it necessary and when children are in care.

AUTH: 52-2-704, MCA

NEW RULE LXXXVIII LICENSING OR REGISTRATION CORRECTIVE ACTION (1) At the department’s discretion, when a program is not in compliance with this chapter or Title 52, chapter 2, part 7, MCA, a corrective action plan may be required.

(2) The department will apply progressive corrective actions in plans based on:

(a) the scope and severity of non-compliance;
(b) the potential threat or actual harm to the health, safety, and well-being of the children in care;
(c) the number of times the licensee or registration holder has not complied with rules in this chapter or under Title 52, chapter 2, part 7, MCA; and
(d) mitigating and aggravating factors.

(3) The department's corrective action plan includes:

(a) a description of non-compliance and the rule or law that was violated;
(b) the date by which the finding of non-compliance must be corrected; and
(c) information about other licensing or registration actions that may be imposed if compliance does not occur by the required date.
(4) The provider must submit a response within ten business days of receiving the corrective action plan, including a statement from the provider regarding the proposed plan to comply with the rule or law.

(5) The provider may submit additional information as to why the provider believes non-compliance did not occur.

AUTH: 52-2-704, MCA
IMP: 52-2-704, 52-2-723, 52-2-726, MCA

NEW RULE LXXXIX TIME PERIOD FOR CORRECTING NON-COMPLIANCE  
(1) The length of time a licensee or registered provider has to make corrections will be determined by the department, which must consider:
   (a) the scope and severity of non-compliance;
   (b) the potential threat or actual harm to the health, safety, and well-being of the children in care;
   (c) the number of times the licensee or registration holder has not complied with rules in this chapter or under Title 52, chapter 2, part 7, MCA; and
   (d) mitigating and aggravating factors.

IMP: 52-2-704, 52-2-723, 52-2-726, 52-2-731, MCA

NEW RULE XCI VIOLATIONS THAT MAY RESULT IN NEGATIVE LICENSING OR REGISTRATION ACTION  
(1) The department may deny, suspend, or revoke a license or registration, or take another action such as requiring an individual be excluded from a facility, when:
   (a) the provider, any staff member, support staff, trainee, volunteer, or any person residing or staying in the child care facility on a frequent or regular basis has been named as the perpetrator in a substantiated report of abuse or neglect;
   (b) the licensee/registered provider, staff member, support staff, trainee, volunteer, or any person residing or staying in the child care facility on a frequent or regular basis is disqualified under the child care licensing background check rules;
   (c) the department requests and is denied access to the licensed or registered facility;
   (d) the child care program has not met or is no longer meeting the requirements for licensure or registration set forth in these rules;
(e) the program has made any material misrepresentations to the department, either negligent or intentional, including an omission of information the provider is obligated to disclose to the department, regarding any aspect of the child care facility or its operations;

(f) through a CCL investigation, it is determined that the owner/director, staff member, trainee, support staff, volunteer, or adult residing in the facility or staying in the facility on a regular or frequent basis has violated a CCL regulation that has resulted in child abuse or neglect pursuant to 41-3-102, MCA, whether or not a criminal prosecution is initiated or that person was prosecuted or convicted of child abuse or neglect;

(g) upon referral of suspected child abuse or neglect regarding an operating child care facility, the initial investigation by the department or law enforcement determines that there is probable cause to believe that a child in the facility may be in danger of harm;

(h) the provider or any staff member has failed to report an incident of suspected abuse or neglect of any child to the department as required by 41-3-201, MCA, within 24 hours of receiving information pertaining to the incident;

(i) the provider or any staff member, trainee, support staff, volunteer, or adult residing in the facility or staying in the facility may pose any risk or threat to the safety or welfare of a child in the child care program;

(j) the child care provider has failed to protect the health, welfare, or safety of a child, or the child care facility presents a reasonably foreseeable serious hazard to the health, safety, or welfare of a child; or

(k) the licensee's or registered provider's child is removed from the licensee or registered provider by the Child and Family Services Division.

(2) Suspension or revocation may be immediate upon a determination by the department that public health, safety, or welfare imperatively requires emergency action.

NEW RULE XCIII  ISSUING A PROBATIONARY LICENSE OR REGISTRATION  (1) When the department issues a probationary license or registration, the licensee, registered provider, or owner must:
(a) provide the parents and guardians of enrolled children notice of the probationary license or registration in a department-approved format within five working days of the licensee, registered provider, or owner receiving the probationary license or registration;
(b) provide documentation to the department that parents or guardians of enrolled children have been notified within seven working days of the licensee, registered provider, or owner receiving the probationary license or registration;
(c) inform parents or guardians of probationary status before enrolling new children; and
(d) post documentation of the probationary license or registration.

NEW RULE XCIV PROVIDING UNLICENSED OR UNREGISTERED CARE
(1) If the department determines a person is providing unlicensed or unregistered care when a license or registration is required, the department will send a notice including:
(a) the department's basis for determining unlicensed or unregistered child care is being provided when a license or registration is required;
(b) how to respond to the department;
(c) the law that requires child care to be licensed or registered;
(d) that unlicensed or unregistered child care must stop being provided;
(e) the consequences of providing unlicensed or unregistered care and the penalties that may be imposed; and
(f) how to apply for a license or registration and the benefits of licensure or registration.
(2) If the department finds that a facility is providing unlicensed or unregistered care when a license or registration is required, it will take steps pursuant to 52-2-741, MCA.

NEW RULE XCV REAPPLICATION AFTER DENIAL, SUSPENSION, OR REVOCATION
(1) Applicants who have been denied due to an incomplete application may reapply for a license or registration immediately.
(2) Individuals or legal entities that have had a child care license or registration suspended may not reapply for licensure or registration within one year of the suspension.
(3) If the suspension is contested and upheld after an administrative hearing, the reapplication may not be made until one year after the date of the final agency decision.
(4) Individuals or legal entities that have had a child care license or registration revoked are permanently ineligible for licensure, registration, or a staff position at a child care facility.
NEW RULE XCVI  FAIR HEARING  (1) An applicant, licensee, or registered provider who is subject to a negative licensing action is entitled to a fair hearing in accordance with ARM 37.5.103.

5. STATEMENT OF REASONABLE NECESSITY

The Department of Public Health and Human Services (department) proposes to repeal the entirety of ARM Title 37, chapter 95, and create an updated, restructured child care licensing and registration framework under a new chapter. In accordance with the Gianforte administration's commitment to expanding access to quality and affordable child care for Montana families, the department intends for these changes to remove unnecessary regulatory barriers for licensed and registered child care providers in Montana, while maintaining requirements necessary to ensure the safety and well-being of children in care.

The current organization of child care licensing regulations is unclear and hard to navigate, with some rules organized by license or registration type and others by topic area, resulting in duplication and inconsistency throughout the chapter. The proposed new rules are organized by topic with subchapters focused on general requirements, program activities, administrative requirements, safety and facilities, medical health, environmental health, nutrition and food service, immunizations, staff qualifications and training, background checks, and enforcement. Requirements specific to each license or registration type are specified within each rule. This reorganized approach allows readers to see applicable content in one part of the rules, versus having to navigate to disparate rules located throughout the child care licensing chapter.

The proposed rule repeals and restructuring will decrease barriers and increase capacity for quality and affordable child care, address stakeholder requests for increased clarity and consistency, meet the guidelines of Governor Gianforte's Red Tape Relief/Regulatory Reform Initiative (RRI), and implement or be consistent with legislation passed during the 2021 and 2023 sessions of the Montana Legislature.
Throughout these proposed rules, the department also carefully balanced its obligations to ensure the health and safety of children in care with the elimination of unnecessary regulatory burdens.

The department conducted a comprehensive needs assessment to determine how it could make child care licensing and registration work better for child care providers and families. From September 2021 through April 2022, the department received feedback from over 700 families, child care providers and their staff, state and local agency partners, local business leaders, and other interested parties about the challenges of providing child care and the opportunities to decrease barriers and increase capacity for licensed and registered child care.

- 319 licensed and registered child care providers responded to a survey, which represents 25% of all licensed and registered child care providers in the state.
- Focus groups were conducted with 78 currently or formerly licensed or registered child care providers.
- 18 individuals who provided child care, but were not licensed or registered, responded to a survey. Most provided care in preschools, for school-age children, or for a small number of children in their home (fewer than four).
- 120 families with children aged 11 years or younger responded to a survey. 75% of the families with children aged 0-5 and 50% of the families with children aged 6-11 used licensed or registered child care.

Families who responded to the survey overwhelmingly identified cost, safety, convenience, and quality as their top priorities when looking for child care. The majority of families and providers did not rank child care licensing and registration regulations as one of the top three barriers to improving child care capacity and access. However, nearly one-third of providers did rank child care licensing and registration regulations as the first or second most important barrier limiting capacity. These findings suggest the need to review and revise child care licensing and registration rules with the goal of reducing unnecessary burdens of time and cost for providers, thereby bringing down the cost of care for families, while maintaining a core commitment to safety and quality for Montana's children. Individuals providing child care who are not currently licensed or registered expressed interest in licensing and registration if the requirements could be made more feasible and appropriate to the type of care they are providing.

The information learned through this process informed the streamlining and updating of regulations proposed in this rule change package. After engaging many families and providers through surveys and focus groups, the department undertook a detailed process that included job-shadowing and site visits to identify gaps in the current application of child care licensing and registration rules; detailed rule review meetings with the department and other agencies (fire, environmental health, infectious disease), and worked with a group of school-age care providers to ensure
that the rule review process supported diverse options for licensed and registered child care.

This process led to the proposed reorganization of child care licensing and registration rules to be by topic rather than provider type and a reduction by almost 20% in the word count of the child care licensing and registration rule chapter. These revisions were undertaken to make the child care licensing and registration rules easier to understand for providers and families.

The process also led to the creation of a new type of child care license, for out-of-school time providers, with decreased requirements that align with the needs of school-age children. Making it easier for out-of-school-time providers to become licensed will increase the number of families that can utilize child care subsidies for school-age children. This will support the Montana workforce and business community by ensuring that employees have the child care they need for their school-age children to receive care during working hours.

In summary, the proposed rule repeals and restructuring are largely informed by feedback from relevant stakeholders and other interested parties.

Additionally, the department reviewed and applied the RRI criteria to each existing rule, evaluating if each rule serves a legitimate purpose, is not redundant, creates the lowest burden possible to meet the need, and is clear in language and intent.

Overall Structure
In the proposed rules, the department proposes a wholesale reorganization of the child care licensing and registration regulations in ARM Title 37, chapter 95. The department recognizes that the current organization by provider type has created confusion and duplication. To remedy this, the proposed rules will be reorganized by topic and will clarify, within each new rule, the applicability of the rule to each type of providers or facilities. Separately, the department would provide, online, companion documentation for each provider type to ensure that there is an easy way for each provider type to understand the rules that apply to them. The proposed rule subchapters are:

1. General
2. Program Activities
3. Administrative
4. Safety and Facilities
5. Medical Health
6. Environmental Health
7. Nutrition and Food Service
8. Immunizations
9. Staff Qualifications and Training
10. Background Checks
11. Enforcement
Under each of these subchapter readings below, the department will discuss the rules being repealed, the new rules being established (and how they are derived from current child care licensing and/or registration requirements), and the reasons for any changes made in the wording or the requirements in the new proposed rules.

General

Rules Repealed

The department proposes to repeal ARM 37.95.104, 37.95.128, and 37.95.168.

- The content from ARM 37.95.104 has been simplified and streamlined in proposed NEW RULE III.
  - ARM 37.95.104 describes how a child care provider's own children are included in counting to determine the license or registration type and capacity.
  - NEW RULE III incorporates the details of ARM 37.95.104 into a single rule about how to count children for the purposes of determining a license type.

- Parts of ARM 37.95.128 have been eliminated and other parts, which are contained in current ARM 37.95.141, are included in proposed NEW RULE XXIV.
  - Parts of ARM 37.95.128 require documentation of special health risks for children under the age of two. This current rule creates unnecessary administrative burden for families and providers. The elimination of this rule will result in less required paperwork before a child may be enrolled in child care, and less paperwork that providers will have to store and maintain after enrollment.
  - Proposed NEW RULE XXIV includes the standard medical form currently required by ARM 37.95.141, which is sufficient to ensure the health and safety of children under the age of two.

- All of ARM 37.95.168 has been eliminated.
  - Current ARM 37.95.168 gives the department the right to require a physical, psychological, or other health evaluation if deemed necessary. The rule as is creates the potential for inappropriate intrusions into the private medical information of child care staff by the department.

The department proposes to repeal ARM, 37.95.102, 37.95.103, 37.95.105, 37.95.106, 37.95.108, 37.95.110, 37.95.114, 37.95.121, 37.95.146, 37.95.149, 37.95.172, 37.95.623, 37.95.640, 37.95.718, 37.95.730, and 37.95.1105.

NEW RULE I GENERAL DEFINITIONS

The department proposes to adopt a new general definitions regulation that is substantially similar to current ARM 37.95.102. The department intends this new rule would help ensure clarity throughout the entire chapter, reflect additional topical
areas, and increase readability and useability. To ease readability and understanding, the department also proposes moving some of the definitions currently in ARM 37.95.102 to the beginnings of the new, proposed subchapters when the terms relate exclusively to the topic of that subchapter.

To offer greater clarity, the following additional terms would be defined in this proposed rule: applicant, capacity, child, child care, continuous, department, license, licensee, owner, or registered provider, negative action, parent or guardian, pre-inspection, premises, regular basis, relative care exempt provider, school-age care, school-age child, and technical assistance.

The department intends this new structure to be more user-friendly by providing one location for general, commonly used definitions, as well as discrete, topic-specific definitions.

NEW RULE II  TYPES OF LICENSES AND REGISTRATION
The proposed rule would combine and condense provisions from ARM 37.95.103, 37.95.108, 37.95.110, and 37.95.1105. This proposed rule is intended to provide a clear understanding about the types of child care programs that exist in Montana. This includes increased clarity regarding what types of programs are required to be licensed, have the option to be licensed, are required to be registered, or have the option to be registered. The intent of this proposed rule is to improve understanding among providers and families about the options and requirements for a child care license or registration. This would help new child care programs decide what kind of licensure or registration may be required for their business given their business plan; help current providers know what is expected of them to maintain licensure or registration; and help parents make informed decisions about what child care program is the best fit for their children.

NEW RULE III  DETERMINING FACILITY TYPE AND COUNTING CHILDREN ON LICENSE OR REGISTRATION
The department proposes to combine and condense ARM 37.95.104 and 37.95.105, to streamline the requirements on how children are counted when determining the type of license or registration, if any, for which a provider should apply. The proposed new rule reflects changes necessitated by the passage of House Bill 556 (HB 556) during the 2023 Legislative Session. HB 556 generally revised laws related to persons providing care to permit six or fewer children in a private residence without the requirement of a child care registration. For these providers, HB 556 removed the registration requirement if the providers do not receive child care subsidy payments administered by the department. NEW RULE III updates the number of children who can be cared for without a required registration to align with HB 556. The proposed rule also contains new language that would clarify how a provider's own children are counted when determining the number of children in care, which dictates the type of license or registration that may be applicable to the facility.
NEW RULE IV  CHILD-TO-STAFF RATIOS, STAFF NUMBERS, AND SUPERVISION
The department proposes to combine and condense ARM 37.95.103, 37.95.106, 37.95.172, 37.95.623, 37.95.702, and 37.95.718, all related to the child-to-staff ratios, ages of children in care, program type, and the timing of child care provided. The proposed new rule aligns with House Bill 422 (HB 422) from the 2023 Legislative Session, which increased the number of children who can be supervised by a single staff member (the child-to-staff ratio). HB 422 increases ratios depending on the age of the children, and allows ratios to be doubled during nap time. HB 422 includes higher ratios and larger group sizes for older children in child care centers and in school-age care facilities. These proposed increases in the child-to-staff-ratios are warranted because older children require less assistance with basic tasks and can better understand rules related to safety than can younger children. The proposed rule would simplify the explanation of family and group child care program staff requirements, including for overlap care.

NEW RULE V  LICENSE OR REGISTRATION APPLICATION
The department proposes to include some provisions from ARM 37.95.106 in the proposed rule. This proposed rule would make information about how to apply for a child care license or registration very clear and easy to find.

NEW RULE VI  RCE AND FFN APPLICATION REQUIREMENTS
The proposed rule would combine content from ARM 37.95.103 and 37.95.110. The proposed rule would provide a clear, concise explanation of the requirements for prospective Relative Care Exempt (RCE) and Family, Friend, and Neighbor (FFN) providers to become registered child care providers.

NEW RULE VII  ISSUING A LICENSE OR REGISTRATION
The proposed rule would combine some provisions from ARM 37.95.108 with additional detail to provide a clear step-by-step process on how a child care license or registration is issued. This proposed rule would better notify applicants of the department's licensing and registration processes and its obligations to applicants.

This proposed rule also incorporates the statutory changes made pursuant to House Bill 336 (HB 336), which was passed during the 2023 Legislative Session. HB 336 requires the department to recognize a child care facility that has been licensed by any branch of the United States armed forces and therefore not require a separate state license or registration.

NEW RULE VIII  RENEWING A LICENSE OR REGISTRATION
This proposed rule would clarify content from ARM 37.95.106, to provide clear information on license and registration renewal in a logical place—after the proposed rule on issuance of a new license or registration. The proposed rule would require renewal applications to be submitted 60 days before the current license or registration expires to allow sufficient time for the renewal application to be processed. The proposed rule would also ensure providers retain a full license or
registration to allow for continuity of services if there are delays in processing the renewal application.

**NEW RULE IX  LICENSE OR REGISTRATION APPLICATION DENIAL**
This proposed rule would clarify content from ARM 37.95.103 and provide straightforward information in one rule on why certain new or renewal applications must be denied, to promote clarity and understanding.

**NEW RULE X  TECHNICAL ASSISTANCE**
The department proposes to combine content from ARM 37.95.640 and 37.95.730, to centrally highlight the department's responsibilities to provide licensing and registration support to providers.

**NEW RULE XI  LICENSE OR REGISTRATION ASSIGNMENT**
This proposed rule would combine content from ARM 37.95.146 and 37.95.149, to provide concise, condensed language on license and registration assignment and the need for a license or registration for each facility maintained on separate premises.

**NEW RULE XII  FACILITIES INSPECTIONS**
This proposed rule would update content from ARM 37.95.103, 37.95.108, 37.95.640, and 37.95.730, to provide one rule about department inspections of licensed child care programs and registered FFN programs. The proposed rule clarifies that inspections can only occur during child care business hours. In addition to promoting clarity, these proposed changes are necessary to balance the department's responsibility to ensure child care programs are safe with provider privacy, especially those who provide child care in their homes. The department proposes this change in response to feedback that home-based facilities thought the current rule was unclear and allowed the department to inspect homes at any time, day or night. Importantly, the proposed rule clarifies that RCE providers and applicants are not subject to any annual inspection or pre-inspection requirements.

**NEW RULE XIII  REQUIREMENTS FOR FACILITIES OPERATING WITH JOINT PROGRAMS**
This proposed rule uses content from ARM 37.95.117, and would clarify how a child care facility can be located in a building, including a multi-family structure, with another program not related to the child care program.

**NEW RULE XIV  WAIVERS AND PILOT PROJECTS**
This proposed rule includes requirements from ARM 37.95.106, regarding waivers, and clarifies that the department and its partner agencies, e.g., local public health departments, can grant waivers to any child care licensing rule if the health and safety of children can be ensured. The proposed rule would also add a new option for providers to develop pilot projects under a provisional license to test new, innovative approaches to child care delivery. These proposed changes provide needed regulatory flexibility to pilot projects while still providing for the safety and well-being of children attending these programs.
Programming

The department proposes to repeal ARM 37.95.106, 37.95.169, 37.95.602, 37.95.606, 37.95.613, 37.95.619, 37.95.715, 37.95.718, 37.95.720, 37.95.1011, 37.95.1015, 37.95.1021, 37.95.1110, 37.95.1150, and 37.95.1180.

NEW RULE XV PROGRAMMING DEFINITIONS
The department proposes to add content-specific programming definitions: guidance approach, positive child guidance, programming, punishment, and screen time. These proposed organizational and substantive changes would increase useability of the rules by providing clear definitions of the terms used in the proposed rules on child care programming.

NEW RULE XVI GENERAL PROGRAMMING REQUIREMENTS
The department proposes to combine and condense content from ARM 37.95.106, 37.95.602, 37.95.613, 37.95.715, 37.95.720, 37.95.1110, and 37.95.1150, focusing on requirements related to daily activities, equipment, and materials to support child development. The proposed rule would remove some of the specificity of current ARM 37.95.715 and add separate requirements for the newly created category of school-age child care programs. This would provide guidance on programming that is age-appropriate and allow for flexibility to align with provider preferences while maintaining quality for children in care. The proposed rule would maintain, but streamline, core requirements that ensure child development and safety.

NEW RULE XVII INFANT AND TODDLER ACTIVITIES
The department proposes to combine and condense content from ARM 37.95.103, 37.95.1011, 37.95.1015, and 37.95.1180 that relate to activity and programming requirements for infants and toddlers. The proposed rule would remove unnecessary requirements to reduce burden and increase flexibility for providers. Bringing these requirements into a single rule would make it easier for providers and families to identify requirements for the youngest children in care. The proposed rule would maintain, but streamline, core requirements that ensure child development and safety.

NEW RULE XVIII POSITIVE CHILD GUIDANCE
The department proposes to combine and condense content from ARM 37.95.169, 37.95.606, 37.95.715, and 37.95.1110 on child guidance and discipline. The proposed rule would use the language and description of positive child guidance, which is an updated term for positive discipline, and maintain prohibitions against abusive physical or emotional punishment. This would give providers more clarity on best practices associated with positive child guidance and would give parents assurance that no abusive punishment will be used.

Administrative
The department proposes to repeal ARM 37.95.103, 37.95.106, 37.95.115,
37.95.121, 37.95.124, 37.95.139, 37.95.140, 37.95.153, 37.95.155, 37.95.156,
37.95.160, 37.95.165, 37.95.169, 37.95.171, 37.95.183, 37.95.184, 37.95.613,
37.95.622, 37.95.702, 37.95.703, 37.95.704, 37.95.708, 37.95.711, 37.95.1110,
37.95.1130, and 37.95.1140.

NEW RULE XIX ADMINISTRATIVE DEFINITIONS
The department proposes to add a definitions rule specific to terms used in the
proposed rules on administrative requirements: abusive head trauma, expulsion or
expel, shaken baby syndrome, suspension, and volunteer. This change would
increase readability and useability of the new subchapter by providing providers,
staff, and families with clear definitions of the terms used in the administrative rules,
collected in one place.

NEW RULE XX EMERGENCY COMMUNICATION
The department proposes to combine content from ARM 37.95.103, 37.95.121,
37.95.183, 37.95.613, 37.95.708, and 37.95.1140, related to emergency
communication. The proposed rule would collapse duplicative content from each of
the current rules into one rule. This would make it easier for providers to
immediately identify the requirements associated with emergency communication.

NEW RULE XXI POLICY REQUIREMENTS
The department proposes to combine content from ARM 37.95.103, 37.95.124,
37.95.139, 37.95.155, 37.95.169, 37.95.171, 37.95.183, and 37.95.1140, on the
policies that each type of provider is required to maintain. The proposed rule would
collapse duplicative content from each of the current rules, without change, into one
rule. It would also clarify a smaller set of policy requirements specific to licensed
school-age care facilities and registered FFN providers. This would offer clarity to
providers to ensure all necessary policies, depending on provider type, have been
developed and implemented, and provide families with a clear and concise list of
policies they should expect a licensed or registered child care provider to have.
Importantly, it clarifies that school-age care and FFN providers must have only a
limited number of policies. The proposed rule would maintain, but streamline, core
policy requirements that ensure health and safety of children in care.

NEW RULE XXII RECORD RETENTION
The department proposes to repeal ARM 37.95.155 and replace it with NEW RULE
XXII to clarify how long, and in what format, providers are required to maintain
records. The proposed rule would add the option for electronic files/records and
make clear that department representatives only have the authority to request
access to records during regular business hours. This would give providers more
flexibility in how they maintain records and decrease the burden that comes from
uncertainty about record retention formats and the duration of their record retention
obligation. It would also make clear that the department cannot make records
requests at unreasonable times.

NEW RULE XXIII PROGRAM RECORDS

MAR Notice No. 37-1044    20-10/20/23
The department proposes to combine content from ARM 37.95.106, 37.95.141, 37.95.702, 37.95.711, and 37.95.1110, related to recordkeeping about the program and facility. The proposed rule would add detail to clarify which records are required of all licensed and registered providers, which are required only of licensed providers, and which are required only of providers with 16 or more children receiving care. This would give providers a clear checklist of records they are required to keep and will decrease the burden associated with determining the applicable requirements and maintaining the required records. The proposed rule would retain, but streamline, core required records that ensure the health and safety of children in care and the safety of the facility.

NEW RULE XXIV CHILDREN'S RECORDS
The department proposes to combine and condense content from ARM 37.95.139, 37.95.141, 37.95.156, 37.95.184, 37.95.702, 37.95.703, and 37.95.1130, on recordkeeping about children in care. This would collapse duplicative content from each of the current rules into one rule. It would also integrate records related to safe sleep into general recordkeeping. This proposal would give providers a clear checklist of records they are required to keep and decrease the burden on providers and families of having to complete more paperwork or at a higher frequency than is necessary. The proposed rule would maintain, but streamline, core required records that ensure the health and safety of the children in care.

NEW RULE XXV STAFF RECORDS
The department proposes to combine and condense content from ARM 37.95.106, 37.95.160, 37.95.169, 37.95.184, 37.95.1005, and 37.95.1110, on record keeping about staff training and responsibilities. The proposed rule would remove requirements for records related to health statements and immunizations, as the department proposes to eliminate these requirements. This would decrease the burden on staff and providers to ensure that staff meet all requirements and streamline staff requirements by aligning child care staff requirements with staff requirements applicable in public school settings. Based on feedback from the assessment of child care providers and their staff, the department believes that streamlining staff record requirements would decrease the burden on child care programs to obtain and maintain such records, and on new staff hires to provide detailed and personal information to the child care programs. The department believes that this may increase interest in child care staff positions, support provider recruitment and retention efforts, and ultimately increase the overall labor pool for child care.

NEW RULE XXVI FAMILY ACCESS TO INFORMATION
The department proposes to combine and condense content from ARM 37.95.103, 37.95.115, 37.95.141, and 37.95.183, on how families can access program and child-specific information, as well as information about the facility itself. The proposed rule would clarify which information is required to be made available to parents and at what times. This would give providers and parents a clear and shared understanding related to communication. Providing parents with the child
care program's policies on the listed topics prior to enrollment would help them make informed decisions in choosing a child care program.

NEW RULE XXVII  NOTIFICATIONS TO THE DEPARTMENT
The department proposes to combine and condense ARM 37.95.103, 37.95.153, 37.95.165, 37.95.171, and 37.95.183, related to situations in which the department must be contacted by the provider. The proposed rule would clarify the regulatory language and combine content that is identical across several current rules. This would give providers a clear and simple list of reporting requirements, decreasing uncertainty and unnecessary reporting and/or paperwork.

Safety and Facilities

The department proposes to repeal ARM 37.95.103, 37.95.106, 37.95.121, 37.95.124, 37.95.127, 37.95.132, 37.95.205, 37.95.207, 37.95.210, 37.95.610, 37.95.611, 37.95.613, 37.95.705, 37.95.706, 37.95.718, 37.95.720, 37.95.1005, 37.95.1015, 37.95.1016, 37.95.1021, 37.95.1105, 37.95.1110, 37.95.1120, 37.95.1140, and 37.95.1180.

NEW RULE XXVIII  SAFETY AND FACILITIES DEFINITIONS
The department proposes to add content-specific definitions, so that the grouping of proposed rules on safety and facilities would have definitions of terms that are specific to these topics: bodies of water, crib, exit, firm sleep surface, means of egress, sauna, spa, and transportation. This would increase the readability and useability of the rules by giving providers, staff, and families clear definitions regarding safety and facilities issues.

NEW RULE XXIX  HAZARDS
The department proposes to combine and condense content from ARM 37.95.103, 37.95.121, 37.95.207, 37.95.705, and 37.95.1110, related to minimizing safety hazards in and around child care facilities. The proposed rule would collapse content that is identical across several current rules into one rule. The proposed changes would clarify that safety standards as they relate to firearms specifically are applicable during child care business hours, and add guidelines for guardrails on tall platforms (decks, stairs). This reorganization would give providers a single location to assess whether their facility has any hazard concerns, which may reduce the burden of uncertainty around specific safety requirements. The proposed rule would maintain, but streamline, safety standards for children in care.

The proposed rule language related to keeping the building and grounds reasonably free of insects, rodents, and other vermin and reasonably neat and free from the accumulation of dirt, rubbish, or other health and safety hazards is related to the child care premises only, not to the general location of the child care facility, including ranches or farms.

NEW RULE XXX  ANIMALS
The department proposes to combine content from ARM 37.95.121 and 37.95.1110, on the presence of animals in a child care facility. The proposed rule would provide clear guidance on how to include domesticated animals at facilities. This would give in-home providers more flexibility to include pets and other domesticated animals in their child care programs. The proposed rule would maintain but streamline requirements to protect the safety of children in care.

NEW RULE XXXI  BUILDING REQUIREMENTS RELATED TO EXITS
The department proposes to combine and condense content from ARM 37.95.121, 37.95.610, 37.95.705, and 37.95.1110, related to exits and egress. The proposed rule would clarify content that is similar, but not identical, across several current rules and align building exit and egress requirements with international fire and building codes. New content is proposed to make it explicit that there are opportunities for child care providers to use apartment buildings and basements as child care facilities, provided there are adequate fire safety options in place. This would standardize building requirements across all provider types, except for RCE facilities (which would be exempt from the requirements) and decrease confusion about exits and egresses. It would also support increased capacity for providers residing in different types of residential settings. The proposed rule would support, but streamline, core fire safety and building code requirements.

NEW RULE XXXII  INDOOR SPACE REQUIREMENTS
The department proposes to combine and condense content from ARM 37.95.610, 37.95.611, 37.95.705, 37.95.1021, 37.95.1120, and 37.95.1180, related to indoor space requirements. The proposed rule would combine content that is identical across several rules, eliminating redundancy, and reduce regulations on how indoor space may be used. Consistent with fire codes, the proposed rule would bar the use of the third floors of private residences for child care purposes. The proposed rule would add flexibility for programs in shared spaces to utilize some indoor space on an infrequent basis (like a school gym or library). It also would make explicit that there are opportunities for child care providers to use apartment buildings and basements as child care facilities, provided there are adequate fire safety options in place. This would increase flexibility for many types of providers in shared spaces, as well as for providers residing in different types of residential settings. These changes are being proposed with the goal of increasing overall child care capacity and diversity. The proposed rule would maintain, but streamline, core safety requirements of indoor spaces.

NEW RULE XXXIII  OUTDOOR SPACE REQUIREMENTS
The department proposes to combine and condense content from ARM 37.95.103, 37.95.121, 37.95.610, 37.95.1015, and 37.95.1120, on the requirements for outdoor space. The proposed rule would clarify content that is similar, but not identical, across multiple current rules. The proposed rule would add flexibility to requirements for utilizing shared outdoor space if that space meets alternative, but equally rigorous, safety standards. This would give school-age care facilities and programs interested in different types of outdoor education more flexibility in meeting outdoor space requirements. It would also support programs in urban settings,
without access to private outdoor space, to use public outdoor space to meet requirements. These changes are intended to increase overall child care capacity and diversity. The proposed rule would maintain, but streamline, core safety standards for outdoor spaces.

NEW RULE XXXIV  FIRE SAFETY REQUIREMENTS
The department proposes to combine and condense content from ARM 37.95.103, 37.95.106, 37.95.121, 37.95.706, and 37.95.1110, related to fire safety. The proposed rule would clarify content that is similar, but not identical, across several current rules. The proposed rule would also identify the minimum fire safety requirements that group child care, family child care, and FFN providers must meet. The proposed rule would clarify the role of the fire marshal in inspecting child care facilities with 16 or more children. These provisions would decrease confusion among providers about fire safety requirements and increase consistency in expectations across all provider types, which could improve overall safety of children and staff.

The proposed rule would also clarify that an extension cord cannot be used to supply electricity to equipment or appliances that are fixed in place because such use is a fire hazard.

The proposed rule would maintain, but streamline, core fire safety standards.

NEW RULE XXXV  EMERGENCY AND DISASTER PREPARATION
The department proposes to combine and condense content from ARM 37.95.103, 37.95.106, 37.95.124, and 37.95.1140, related to emergency preparedness. The proposed rule would combine content that is similar, but not identical, across several current rules, and add detail to clarify and align requirements for registered FFN providers with federal health and safety requirements, specifically 45 CFR § 98.41(a)(1)(vii). This would decrease burden on providers by providing a checklist of plans and actions necessary for emergency preparedness, improving overall safety of children and staff.

NEW RULE XXXVI  SAFETY AROUND BODIES OF WATER
The department proposes to combine and condense content from ARM 37.95.103 and 37.95.127, related to safety around swimming pools and other bodies of water. The proposed rule would remove confusing language, and detail supervision requirements for children around swimming pools and other bodies of water. The proposed rule would provide the strongest supervision requirements for the youngest children, who are unable to swim or touch the bottom of most bodies of water, and lessen the requirements for older children, without jeopardizing the safety of older children in care. This would give school-age care facilities more flexibility to take children on field trips involving water bodies without jeopardizing child safety.

NEW RULE XXXVII  TRANSPORTATION SAFETY
The department proposes to repeal ARM 37.95.132, and replace it with NEW RULE XXXVII, to reduce unnecessary and redundant detail, and to add detail that aligns
transportation safety requirements with the needs of school-age care providers. The proposed rule would consolidate requirements related to child seats and restraints, and overall safe driving practices. It also would clarify how providers may use school buses for program-related transportation. This would decrease the burden of an overly prescriptive rule and give school-age care providers the option to utilize various forms of transportation, which could increase overall child care capacity for school-age children.

NEW RULE XXXVIII  SLEEPING
The department proposes to combine and condense content from ARM 37.95.103, 37.95.121, 37.95.210, 37.95.613, 37.95.619, 37.95.718, 37.95.720, 37.95.1005, 37.95.1016, 37.95.1105, and 37.95.1110, on safe sleep environments. The proposed rule would combine content that is similar, but not identical, across several rules, and reduce redundancy. The proposed rule would use the definition of firm sleep surface, proposed in another proposed rule, which includes cradleboards. This proposed rule would provide a single, clear location for all sleep requirements and guidance, which could improve the safety of children while in a sleep environment by using a simple, clear explanation of what is needed to establish a safe sleep environment. It is also intended to support a culturally inclusive approach to safe sleep by clarifying when and how a firm sleep surface, including cradleboards, can be used. The proposed rule would maintain, but streamline, core sleep safety standards.

Medical Health

The department proposes to repeal ARM 37.95.103, 37.95.181, 37.95.182, 37.95.183, 37.95.184, 37.95.1015, and 37.95.1110.

NEW RULE XXXIX  MEDICAL HEALTH DEFINITIONS
The department proposes to organize the definitions of terms specific to medical and health issues in this proposed rule, so that the definitions of such terms are located in the same new subchapter with the rules that address such issues and topics. To offer providers greater clarity, the following additional terms would be defined in this proposed rule: health care provider, medication, and supplement. The department expects that the grouping of the definitions with the related issues and topics would increase the readability and useability of the rules.

NEW RULE XL  MEDICATION ADMINISTRATION
The department proposes to combine and condense content in ARM 37.95.103, 37.95.181, 37.95.182, and 37.95.1110, related to the handling, storage, and administration of medications. The proposed rule would combine content that is similar, but not identical, across a number of current rules and remove the redundancy in the current rules. This would give providers and parents a single location for all requirements related to medication, which could improve child safety through better medication management. The proposed rule would maintain, but streamline, core medication safety standards.
NEW RULE XLI MANAGEMENT OF ILLNESS
The department proposes to combine and condense content from ARM 37.95.103, 37.95.139, 37.95.184, and 37.95.1110, on the management of illnesses in children and staff. The proposed rule would update many exclusion and inclusion criteria (when a child must be sent home because of illness and when they can stay in, or return to, child care) to align with current standards from the American Academy of Pediatrics. It would also align exclusion requirements with House Bill 702 (HB 702) passed in the 2021 Legislative Session, which barred discrimination based on immunization status. HB 702 excludes from the bar on discrimination vaccination requirements set forth for day care facilities pursuant to Title 52, chapter 2, part 7, MCA (Montana Child Care Act). However, other child care rules that do not constitute "vaccination requirements" are subject to HB 702’s bar on vaccination status discrimination. Current ARM 37.95.140(8) makes distinctions between people based on their vaccination status, and the proposed rule would remove this distinction to align with HB 702. This would decrease burden on families because fewer illnesses would require full exclusion from child care, and give providers more flexibility in how they manage day-to-day illnesses. The proposed rule also clarifies the appropriate communication pathways in the event of a communicable disease outbreak, which could decrease overall impact on child care availability by increasing timely communication among child care providers, families, and the local health authority. The proposed rule would not increase health risks to children.

NEW RULE XLII FIRST AID
The department proposes to combine and condense content from ARM 37.95.183, 37.95.1015, and 37.95.1110, on required first aid supplies and procedures. The proposed rule includes only content from existing rules that directly relates to first aid; no new requirements are being proposed. However, the proposed reorganization of the requirements into one rule would give providers and families a clear understanding of how first aid is to be administered in child care settings.

Environmental Health
The department proposes to repeal ARM 37.95.103, 37.95.106, 37.95.126, 37.95.184, 37.95.205, 37.95.206, 37.95.207, 37.95.210, 37.95.214, 37.95.225, 37.95.226, 37.95.227, 37.95.708, 37.95.1001, 37.95.1002, 37.95.1004, 37.95.1021, 37.95.1110, and 37.95.1180.

NEW RULE XLIII ENVIRONMENTAL HEALTH DEFINITIONS
The department proposes to group definitions related to environmental health in this new rule at the beginning of the new subchapter on environmental health. In the proposed rule, one definition of a new term has been added: smoke-free environment. The proposed reorganization is intended to increase readability and useability.

NEW RULE XLIV HEALTH RULES INCLUDED IN INSPECTION BY PUBLIC HEALTH AUTHORITIES
The department proposes to repeal content from ARM 37.95.106, on the role of public health authorities in inspecting licensed child care programs of 16 or more children, and to create NEW RULE XLIV. The proposed rule does not include the list of rules that fall under environmental health or the current requirement for multiple, duplicative inspections when a child care program utilizes a space that is independently subject to public health inspections. This proposed change would decrease the burden on any child care program operating in a shared space and clarify the role of public health inspections for licensed child care centers and other providers with 16 or more children.

NEW RULE XLV  SMOKE-FREE ENVIRONMENT
The department proposes to combine content from ARM 37.95.103 and 37.95.126, related to smoke-free environments. The proposed rule would add vapor product use to the list of prohibited activities while children are in care. This would clarify for child care providers and staff that all child care facilities must be completely smoke-free during child care hours, which could improve overall child health, while not arbitrarily prohibiting adult use of tobacco, nicotine, and vapor products outside of child care hours. Under the proposed rule, RCE providers would be exempt from this proposed rule.

NEW RULE XLVI  OUTDOOR AIR QUALITY
The department proposes to add a rule on outdoor air quality standards that would align with public health requirements applicable to public schools (ARM 37.111.827). The proposed rule would require providers to follow outdoor air quality guidelines to determine when and where outdoor activities should occur. This would protect children from the negative impacts of smoke and other outdoor air pollutants by giving providers and staff clear guidelines about when exposure to outdoor air would be harmful, which could improve overall child health.

NEW RULE XLVII  INDOOR AIR QUALITY
The department proposes to add a rule related to indoor air quality. The proposed rule is a simplified version of public school requirements related to indoor air quality (ARM 37.111.826) and includes air temperature as well. Based on updated information about how to decrease the likelihood of communicable disease and allergens indoors, the department believes that buildings with centralized HVAC systems should maintain minimum cleanliness standards. This proposed rule would protect children from airborne pathogens and allergens, which could improve overall child health.

NEW RULE XLVIII  HAND HYGIENE
The department proposes to combine and condense content from ARM 37.95.103, 37.95.184, 37.95.207, 37.95.708, and 37.95.1110, on handwashing. The proposed rule would decrease the number of regulations on hand washing and focus on the desired outcome, which is consistent hand washing before and after key activities. This should decrease the burden of following overly detailed rules, which could increase compliance and, thus, improve the overall health of children. The proposed rule would maintain, but streamline, protections for child health.
NEW RULE XLIX  BATHROOM HYGIENE
The department proposes to combine and condense content from ARM 37.95.103, 37.95.207, 37.95.210, 37.95.214, 37.95.708, and 37.95.1001, related to maintaining clean bathrooms and bathroom routines. The proposed rule would combine content that is similar, but not identical, across multiple current rules. It also separates out proposed requirements on bathrooms from content on diapering (proposed NEW RULE LIII). This would decrease the burden on providers to maintain specific bathroom configurations and instead focus on the desired outcome, which is the avoidance of illness related to poor hygiene. The proposed rule would maintain protections for child health.

NEW RULE L  SOLID WASTE MANAGEMENT
The department proposes to combine and condense content from ARM 37.95.103, 37.95.205, 37.95.210, 37.95.708, 37.95.1001, and 37.95.1002, related to solid waste management. The proposed rule would reduce the requirements about how to dispose of solid waste, and focus instead on the desired outcome, which is the avoidance of contamination from solid waste. The proposed rule would decrease the regulatory burden on providers, while maintaining and streamlining protections for child health.

NEW RULE LI  LAUNDRY AND CLOTHING
The department proposes to combine and condense content from ARM 37.95.103, 37.95.184, 37.95.206, 37.95.210, 37.95.708, 37.95.1002, 37.95.1021, 37.95.1110, and 37.95.1180, on laundry and soiled clothing. The proposed rule would reduce the number of current requirements, and focus on the desired outcome, which is clean laundry that is not contaminated by soiled laundry and, thus, does not present a health hazard to children. This proposed rule would decrease the current burden on child care providers to comply with very specific regulatory requirements, such as the temperature of hot water.

NEW RULE LII  SANITATION
The department proposes to combine and condense content from ARM 37.95.207 and 37.95.708, related to sanitizing surfaces and toys in a child care facility. The proposed rule would eliminate many of the detailed requirements of ARM 37.95.207, and add clarifying language to other requirements.

NEW RULE LIII  DIAPERING
The department proposes to combine and condense content from ARM 37.95.103, 37.95.210, 37.95.1001, and 37.95.1180. The proposed rule would not adopt many of the detailed requirements in ARM 37.95.1001, but maintain most required diapering practices. The proposed rule would also clarify and simplify requirements related to handling cloth diapers. This would decrease the burden on child care providers to ensure that they are meeting all diaper-related sanitation requirements, and increase family choice by giving such providers guidance on accepting and utilizing cloth diapers.
NEW RULE LIV  BATHING
The department proposes to combine and condense content from ARM 37.95.207, 37.95.210, and 37.95.1004, related to bathing children. The proposed rule would combine requirements for bathing into one location and provide clarity to child care providers in meeting bathing requirements.

NEW RULE LV  WATER SUPPLY SYSTEM
The department proposes to combine and condense content from ARM 37.95.103, 37.95.225, and 37.95.708, related to water systems. The proposed rule is not substantially different from ARM 37.95.225, but would omit duplicative requirements from other current rules. This proposed rule would provide clarity on water system requirements for child care facilities.

NEW RULE LVI  SEWAGE SYSTEM
The department proposes to combine and condense content from ARM 37.95.103, 37.95.225, 37.95.226, and 37.95.708, related to sewage systems. The proposed rule is not substantially different from ARM 37.95.226, but would omit duplicative requirements from other current rules. This proposed rule would provide clarity on sewage system requirements for child care facilities.

NEW RULE LVII  SWIMMING POOL SANITATION
The department proposes to adopt this proposed rule to clarify swimming pool sanitation requirements. The proposed rule mirrors the existing public health rule on the same topic, ARM 37.115.106, providing common sense alignment.

NEW RULE LVIII  FOOD PREPARATION AND HANDLING
The department proposes to combine and condense content from ARM 37.95.103, 37.95.214, and 37.95.708, on preparing and handling food, as well as the cleaning of dishes and utensils. The proposed rule would decrease the overall specificity of the current rules, and align with ARM 37.95.708. This proposed rule would decrease burden on child care providers to maintain equipment in a specific way, and instead focus on the desired outcome, which is the avoidance of food-borne illness or other food-related challenges. The proposed rule would maintain but streamline core food safety requirements that maintain child health and well-being.

Nutrition and Food Service
The department proposes to repeal ARM 37.95.102, 37.95.103, 37.95.215, 37.95.711, 37.95.720, 37.95.1003, 37.95.1016, 37.95.1021, 37.95.1105, 37.95.1160, and 37.95.1180.

NEW RULE LIX  NUTRITION AND FOOD SERVICE DEFINITIONS
The department proposes to group definitions related to nutrition and food service health in this proposed rule, immediately before the substantive rules on these subjects, in a new subchapter. In the proposed rule, the definition of USDA has been proposed. The intent of this proposed reorganization is to increase readability...
and useability of the rule chapter by providing clear definitions immediately before the rules in which the terms are used.

NEW RULE LX NUTRITION REQUIREMENTS
The department proposes to combine and condense content from ARM 37.95.215, 37.95.619, 37.95.711, and 37.95.1160, related to nutrition. The proposed rule would decrease the overall specificity and detail of the current rules, and align with ARM 37.95.711. The current rule falls within the local health authority subchapter; the new structure and content make it clear that local health authority staff are not responsible for overseeing these requirements.

NEW RULE LXI INFANT FEEDING
The department proposes to condense and combine content from ARM 37.95.103, 37.95.1003, 37.95.1021, and 37.95.1180, related to infant feeding. The proposed rule would combine content that is similar, but not identical, across multiple current rules, and align with ARM 37.95.1003.

The proposed rule is being updated to reflect current best practices related to infant feeding pursuant to Caring for Our Children (CFOC), chapter 4.3.1 Nutrition for Infants. CFOC is a set of national standards that represents the best practices for quality health and safety policies and practices in early care and education settings. This would decrease the burden on child care providers to make decisions about how they manage infant feeding, which could increase overall child care capacity for infants by improving providers’ comfort with serving this population.

NEW RULE LXII FOOD SERVICE EQUIPMENT
The department proposes to combine and condense content from ARM 37.95.103, 37.95.163, 37.95.720, 37.95.1003, 37.95.1016, and 37.95.1105, related to equipment for meal times. The proposed rule would combine content that is similar, but not identical, across multiple current rules, and add safety details about chairs that hook onto counters. This would decrease the burden on providers by providing a single location for these requirements.

Immunizations

The department proposes to repeal ARM 37.95.102, 37.95.140, and 37.95.1130 and remove staff immunization requirements from repealed ARM 37.95.160, 37.95.184, 37.95.622, 37.95.703, and 37.95.704.

NEW RULE LXIII IMMUNIZATION DEFINITIONS
The department proposes to adopt the definitions in ARM 37.95.102 and would add the following additional definitions in this proposed rule: adequate documentation, CLIA, conditional attendance, conditional attendance form, immunization information system, medical exemption, medical exemption statement form, Montana certificate of immunization form, MR vaccine, official vaccination record, polio vaccine, religious exemption, religious exemption form, Td vaccine, and Tdap vaccine. This would...
ensure that all terms related to immunizations are defined in this proposed rule, immediately adjacent to the proposed rules on immunizations.

The department proposes to align the definitions of these vaccination terms with those used in ARM 37.114.701 through 37.114.799: Immunization of School Children. Aligning such terms and exemptions with the terms and exemptions applicable to schools allows for consistency for a parent or guardian as the child transitions from a child care facility to school, ease of understanding, and gives a parent or guardian the same exemption options allowed in K-12 schools. This would also increase the readability and useability of the rules by providing clear definitions of the terms used in this specific topical area.

NEW RULE LXIV  MINIMUM CHILD IMMUNIZATIONS REQUIREMENTS
The proposed new rule reiterates the ACIP (Advisory Committee on Immunization Practices) child immunization schedule in current ARM 37.95.140. The department proposes to clarify that there are no new or additional vaccine requirements for a child care program outside of the vaccines listed in proposed NEW RULE LXIV. The specific immunizations required in this proposed rule, as well as those for school-age children listed in ARM 37.114.703, align with federal guidelines on immunization categories and schedules, and thus meet the requirements of federal regulation at 45 CFR § 98.41(a)(1)(i). This provides clarity as to the minimum requirements for children attending child care and allows for parental choice with respect to any additional vaccines. The proposed rule additionally clarifies there are no immunization requirements for RCE providers or for FFN providers caring for children from one sibling group.

NEW RULE LXV  EXEMPTIONS FROM VACCINATION
The department proposes to update its regulatory provisions on vaccine exemptions. The department proposes to add a religious exemption for all vaccines. It also proposes to clarify the requirements and applicability of medical exemptions. The department further proposes to clarify that vaccine records for children at a child care program are limited to child immunizations under the vaccine schedule listed in the proposed rule. The department proposes adding language that a home-based child care provider (FFN, family, or group child care facility) has the option about whether they enroll children who are not vaccinated in accordance with the schedule in the proposed rule. Home-based providers would have to maintain policies and procedures to inform parents and guardians if the child care provider accepts children with exemptions from required vaccines. This, thus, would give choice to families with medical or religious exemptions; ensure compliance of the current and proposed vaccination requirements with the Montana Religious Freedom Restoration Act, Senate Bill 215 from the 2021 Montana Legislative Session; allow for parental choice in any additional vaccines a parent may choose for their child; simplify the documentation requirements for a parent or guardian because the same document could be used when a child who is not yet school-age transitions into a school setting; and give in-home providers the choice to set different policies to align with the needs of their own households. Ultimately, a parent or guardian would determine the child care setting that best suits the needs of their child(ren). If the
parent or guardian is informed of the child care provider's vaccination policy, they can make the best decision for their child(ren). Under the proposal, child care centers would not have the same flexibility (1) in order to ensure there are child care settings supporting parents' and guardians' needs and choices regarding vaccinations; and (2) because the concerns that led to the proposal to provide flexibility for in-home providers do not apply to child care centers.

Home-based business owners caring for mixed age groups would be allowed autonomy in their choice to serve vaccination-exempt children; this will allow home-based providers to make choices for their own health and the health of their family members and the children in their care, who may not be old enough to be vaccinated.

In contrast, child care centers are required to separate children by age group, which has the effect of protecting younger children who have not yet had the opportunity to be vaccinated. The department will maintain a list of providers by vaccination policy type.

NEW RULE LXVI REQUIREMENTS FOR ADEQUATE DOCUMENTATION OF IMMUNIZATION STATUS
The department proposes to align vaccination documentation requirements with ARM 37.114.703: Requirements for Adequate Documentation of Immunization Status, which applies to immunization of school children. The proposed rule would clarify the acceptable forms of documentation and remove the requirement that school-age children attending public school provide immunization documentation to school-age care providers. This would simplify the documentation requirements for a parent or guardian and make it easier for school-age care providers to verify immunization status, which reduces burden on those child care providers and could increase overall capacity. The department believes these changes would simplify documentation requirements for parents and guardians because the same document could be used when a child who is in child care transitions into a school setting.

NEW RULE LXVII EXAMINATION AND AUDIT OF OFFICIAL CHILD IMMUNIZATION RECORDS
The department proposes to add a rule clarifying that the department and local health authority representatives can audit child immunization records during annual inspections of all licensed or registered child care providers other than FFNs and RCEs, or during unannounced inspections for licensed child care providers. This proposed requirement would align with 45 CFR § 98.42(b)(2)(i)(B), requiring an inspection and verification of child immunization records during the annual inspection process.

For children who attend public school, New Rule LXVI allows for a signed parental statement that the required immunization record is on file with the school, and auditing of the immunization records of children cared for by a licensed school-age care provider would look at these signed statements. This is an appropriate level of
oversight because attendance in a public school requires adequate documentation of immunization status that is verified by a school administrator or medical staff.

**NEW RULE LXVIII  IMMUNIZATION STATUS AS CONDITION OF ATTENDANCE**
The department proposes to clarify the immunization statuses that allow children to continue to attend a licensed or registered child care facility. The proposed rule adds language related to religious exemptions. This aligns with the Montana Religious Freedom Restoration Act, SB 215 from the 2021 Montana Legislative Session, and the changes made through NEW RULES LXIV, LXV, and LXVI. This would additionally provide clear and concise standards for child care providers and parents.

**Staff Qualifications and Training**
The department proposes to repeal ARM 37.95.102, 37.95.103, 37.95.162, 37.95.163, 37.95.622, 37.95.624, 37.95.703, 37.95.704, and 37.95.1170.

**NEW RULE LXIX  QUALIFICATIONS AND TRAINING DEFINITIONS**
The proposed rule would edit and delete definitions from ARM 37.95.102, related to staff qualifications and training. The proposed rule would also add the following new definitions: on-the-job training, orientation training, and site director. Other terms have been updated, specifically removing the modifier "early childhood" before "lead teacher" and "teacher." These proposed definitions would align with the proposed rules on child care staff and training, including the new licensing track for school-age care providers with its focus on caring for school-age children, in comparison with the current terminology focused primarily on early childhood educators.

**NEW RULE LXX  DIRECTOR RESPONSIBILITIES AND QUALIFICATIONS**
The proposed rule would combine content from ARM 37.95.624, 37.95.703, and 37.95.1170, to consolidate director responsibilities and qualifications into one rule. The proposed rule would include streamlined qualifications allowing for increased diversity in this role, which is needed to accommodate the broad array of professionals and program settings. This proposed change responds to feedback provided by stakeholders through the child care licensing assessment process, allowing individuals with diverse education, training, and professional experience to meet the requirements to serve in the director role. This is important and necessary to grow Montana's child care system and workforce, which is essential to increase its child care capacity.

**NEW RULE LXXI  SITE DIRECTOR RESPONSIBILITIES AND QUALIFICATIONS**
The proposed rule would add site director as a new staff role, which supports multi-site providers, including school-age care providers. Through the child care licensing assessment process, stakeholders conveyed to the department that this role was needed to accurately represent their staffing models. The education, training, other licensure, and experience qualifications for the role of site director would follow the model established in NEW RULE LXX with respect to the required qualifications of a
child care program director. This proposed rule is further designed to support a diverse, qualified child care workforce and to expand Montana’s child care capacity.

NEW RULE LXXII LEAD TEACHER RESPONSIBILITIES AND QUALIFICATIONS
The proposed rule would combine content from ARM 37.95.622, 37.95.704, and 37.95.1170, to consolidate lead teacher responsibilities and qualifications in one rule. The proposed rule changes the title of the position from "early childhood lead teacher" to "lead teacher," to incorporate the different needs of all lead teachers, including school-age care program lead teachers who would not care for children in early childhood. As with NEW RULE LXXI, the education, training, other licensure, and experience qualifications for the role of lead teacher would follow the model established in NEW RULE LXX with respect to the required qualifications of a child care program director. As there, this proposed rule is further designed to support a diverse, qualified child care workforce and expand Montana’s child care capacity.

NEW RULE LXXIII TEACHER RESPONSIBILITIES AND QUALIFICATIONS
The proposed rule would combine content from ARM 37.95.622 and 37.95.704, to consolidate teacher responsibilities and qualifications in one rule. The proposed rule would provide a consistent qualifying age for this role of 16 years of age. As with NEW RULE LXXII, the proposed rule would remove "early childhood" from the title of the role to be inclusive of teachers in school-age care facilities.

NEW RULE LXXIV SUBSTITUTE RESPONSIBILITIES AND QUALIFICATIONS
This proposed rule would incorporate content from ARM 37.95.162 and 37.95.622, in modified form, to provide a consolidated and concise rule for substitutes across all staff roles.

NEW RULE LXXV TRAINEE RESPONSIBILITIES AND QUALIFICATIONS
This proposed rule would incorporate content from ARM 37.95.622 and 37.95.704, in modified form, to provide a consolidated and concise rule for trainees. The proposed rule would extend the time a staff member can be a trainee from 30 to 90 days in order to allow more time to complete required trainings. This change is proposed in response to child care licensing assessment findings.

NEW RULE LXXVI SUPPORT STAFF QUALIFICATIONS
The proposed rule would add new requirements related to support staff. The proposed rule would clarify and ease understanding of required qualifications for support staff, as well as align with 45 CFR § 98.43(a)(2)(ii).

NEW RULE LXXVII VOLUNTEER QUALIFICATIONS
The proposed rule would add new requirements related to volunteers, clarifying required qualifications. These proposed changes are based on the feedback provided by child care programs during the child care licensing assessment process indicated a need for clarity about volunteer roles and responsibilities; the proposed rule is intended to provide the requested clarification.

NEW RULE LXXVIII ORIENTATION TRAINING
The proposed rule would incorporate content from ARM 37.95.163, in modified form, and provide concise information on who is required to complete orientation training, when, and what the training must cover.

NEW RULE LXXIX  ANNUAL TRAINING
The proposed rule would incorporate requirements from ARM 37.95.162. It would clarify and streamline annual training requirements for staff with respect to each child care license or registration type. The proposed changes are intended to support a broader diversity of annual training options aligned with providers’ specific needs, including training focused on school-age children or more advanced training options for experienced teachers.

NEW RULE LXXX  HEALTH AND SAFETY REFRESHER COURSE
The proposed rule incorporates content from ARM 37.95.162, in modified form, to clean up and clarify current rule language.

Background Checks

The department proposes to repeal ARM 37.95.103, 37.95.106, 37.95.108, 37.95.110, 37.95.161, 37.95.173, 37.95.176, 37.95.704, and 37.95.1110.

NEW RULE LXXXI  BACKGROUND CHECK DEFINITIONS
The department proposes to group definitions related to background checks in this proposed rule, immediately before the substantive rules on background checks, in a new subchapter on the subject. In the proposed rule, the following new definitions have been proposed: may deny crime, must deny crime, satisfactory results of background checks, and unsatisfactory results of background checks. The intent of this proposed reorganization of definitions is to increase readability and useability of the rules by offering providers, staff, and families clear definitions of the terms used in connection with background checks immediately before the rules in which the terms are used.

NEW RULE LXXXII  FINGERPRINT AND BACKGROUND CHECKS
The department proposes to combine and condense content from ARM 37.95.103, 37.95.106, 37.95.110, 37.95.161, and 37.95.704, related to background checks for all adult household members or staff in child care facilities. The proposed rule would clarify who is required to have a background check conducted and the frequency of each type of required background check. The proposed rule would require background checks for any adult living where a FFN or RCE provides care; however, a parent would not require a background check when care is provided in the child’s home. This would streamline expectations and timelines for new staff hires and staff renewals, which may decrease the burden of hiring and retaining staff.

These proposed changes align with the child care licensing assessment findings, and would ensure that the state requirements are aligned with federal regulatory requirements. There is a specific need to clarify when adults residing in the home of an FFN provider are required to undergo a background check. Federal regulation at
45 CFR § 98.41(a)(1)(i)(B)(2) allows the department to exempt child care providers from certain health and safety rules, including background checks, so long as all the children being cared for are receiving care in their own home. If an FFN provider is providing care in one child's home and there are other, unrelated children receiving care who do not reside in that home, then the federal regulation noted above requires that any adult living in the home in which care is provided must receive a background check.

NEW RULE LXXXIII  BACKGROUND CHECK RESULTS THAT MUST RESULT IN THE DENIAL OF AN APPLICANT
The department proposes to clarify the background check results that must lead to a determination that an individual is ineligible to be employed or present in a child care setting. The proposed rule does not include two crimes – prostitution and burglary – that are currently listed in ARM 37.95.176, but do not meet the federal definition of crimes for which an application must be denied pursuant to 45 CFR § 98.43(c), and includes two new crimes – arson and misdemeanor partner/family member assault when the victim is a minor. This proposed change would align the state's rules with the federal regulatory requirement, at 45 CFR § 98.43(c), that felony and serious misdemeanor crimes impacting a victim's physical or emotional well-being constitute crimes that must make an individual ineligible to work or be present in a child care facility. These proposed changes would align the state regulations with the aforementioned minimum federal requirements.

NEW RULE LXXXIV  BACKGROUND CHECK RESULTS THAT MAY RESULT IN THE DENIAL OF AN APPLICANT
The department proposes to clarify when/whether background check results permit the department discretion in determining if an individual is ineligible to be employed by a child care facility, or be present in a child care setting. The proposed rule would add two crimes – prostitution and burglary, which would no longer be an automatic bar – and would also add being named in a founded report of child abuse or neglect. These additions give the department discretion to evaluate these situations on a case-by-case basis, balancing any risk to children in care with the goal of not arbitrarily prohibiting rehabilitated individuals from working in child care.

The proposed rule would clarify that being named as a perpetrator in a founded report of child abuse or neglect cannot be the sole reason for denying an application based on the background check.

These proposed changes, thus, align the state regulations with the minimum federal requirements found in 45 CFR § 98.43(c)(1)(iv)-(v), while also providing the state discretion to evaluate each case on an individual basis before requiring that someone be denied employment or be fired from their job.

NEW RULE LXXXV  OFFENSES AND INVESTIGATIONS THAT ARE PENDING RESOLUTION
The department proposes to clarify that an individual charged with a crime that, if convicted, must make the individual ineligible to be present in a child care facility,
shall be excluded from the child care facility, during the times child care is being provided, pending the resolution of the criminal charges. The proposed rule would clarify existing language in ARM 37.95.173, and provide increased clarity for providers and individuals in their households regarding pending criminal cases. The department believes that the proposed changes are necessary to balance the department's responsibility to help ensure children are safe in child care facilities with the understanding that criminal charges are not an adjudication of guilt. The proposed rule would give the department discretion if there are not criminal charges but there is an ongoing investigation involving a child care staff. The department also believes the proposed exclusion requirement during child care hours protects children without arbitrarily excluding a person from a place where it is otherwise lawful for them to be.

NEW RULE LXXXVI  PROCESS TO REQUEST ADMINISTRATIVE RECONSIDERATION OF BACKGROUND CHECK RESULTS AND DEPARTMENT DETERMINATION
The department proposes to clarify and ease the process for requesting a correction of inaccurate background check results. The proposed rule would explain the difference between requesting correction of inaccurate information and requesting a reconsideration based on evidence of rehabilitation from crimes that otherwise result in a determination of ineligibility due to a may-deny background check finding. These proposed changes are intended to clarify, for providers and staff, who can request reconsideration, which may streamline the staff hiring process. It would also protect staff privacy by giving staff more of a role in requesting a reconsideration. Considering ongoing child care workforce shortages, the department also believes these changes would help prevent situations where an otherwise qualified child care applicant is not hired because of inaccurate criminal justice information, or where the applicant has been rehabilitated.

Enforcement

The department proposes to repeal ARM 37.95.103, 37.95.106, 37.95.108, 37.95.154, 37.95.176, and 37.95.730.

NEW RULE LXXXVII  COMPLAINTS AND INVESTIGATIONS
The proposed rule would incorporate content from ARM 37.95.103, 37.95.106, 37.95.108, 37.95.154, and 37.95.730, in modified form, to provide one location for the complaint and investigation processes, corrective action, and negative licensing or registration action. Having one concise rule should make the process more understandable and establish clear guidelines for providers and the department.

NEW RULE LXXVIII  LICENSING OR REGISTRATION CORRECTIVE ACTION
The department proposes this new rule to provide clarity on the corrective action process. These proposed changes are intended to give notice to child care providers on corrective action plan content, and on the process by which providers could submit additional information to the department in the event of a contested deficiency. These proposed changes would also provide an opportunity for child
care providers and the department to collaborate and resolve alleged violations early in the process, preventing the elimination of critical child care slots while ensuring child safety.

NEW RULE LXXXIX  TIME PERIOD FOR CORRECTING NON-COMPLIANCE
This proposed rule would establish the basis on which the department would determine the time period for correcting licensure or registration non-compliance. This rule would give providers notice of what factors the department would consider when determining how long providers have to take corrective measures in the event they are found to be in non-compliance of a regulation.

NEW RULE XC  DENIAL, SUSPENSION, RE VOCATION, OR MODIFICATION OF A LICENSE OR REGISTRATION
The proposed rule would adopt text from ARM 37.95.176 to establish the process for denying, suspending, revoking, or modifying a child care license or registration. The proposed rule supports RRI through shorter, clearer, easier-to-locate rules.

NEW RULE XCI  VIOLATIONS THAT MAY RESULT IN NEGATIVE LICENSING OR REGISTRATION ACTION
The proposed rule would adopt language from ARM 37.95.176 and provide clarity on the violations that can result in negative licensure or registration action. The current rule is substantively similar, but is drafted in a way that causes confusion. The proposed rule does not include duplicative violations, reducing the length, and increasing the readability, of the rule.

NEW RULE XCII  NOTICE OF LICENSE OR REGISTRATION DENIAL, SUSPENSION, OR REVOCATION
This proposed rule would provide clear notice that denial, suspension, or revocation of a license or registration is an adverse department action and that affected licensees, registered providers, or applicants have the right to an administrative hearing and appeal procedures.

NEW RULE XCIII  ISSUING A PROBATIONARY LICENSE OR REGISTRATION
The proposed rule would update ARM 37.95.176(4), creating one rule about probationary licenses. The proposed rule would also shift the notification requirements from the department to the child care provider, which would support provider-family relationships.

NEW RULE XCIV  PROVIDING UNLICENSED OR UNREGISTERED CARE
Pursuant to 52-2-721, MCA, a person who provides day care in a private residence for six or fewer children is not required to be licensed or registered with the department. Additionally, pursuant to NEW RULE II and 52-2-703, MCA, drop-in child care facilities, school-age care facilities, FFN providers, and RCE providers have the option of being licensed or registered.

This proposed rule would clearly establish the roles and responsibilities of the department with respect to an unlicensed or unregistered provider when a license or
NEW RULE XCV_ REAPPLICATION AFTER DENIAL, SUSPENSION, OR REVOCATION
The proposed rule would adopt, in modified form, content from ARM 37.95.175 to clarify whether and when applicants, licensees, and registered providers can reapply for a license or registration after a negative action. It would allow reapplication to occur immediately if the denial is a result of incomplete information, changing the current requirement of a year suspension prior to any action on a reapplication. The department believes that the current rule may inappropriately preclude applicants denied a license or registration due to incomplete information from reapplying for a year after denial. The new rule would also separate the consequences of suspension from those of revocation, which are currently combined, as well as eliminate an unnecessary barrier to offering needed child care services.

NEW RULE XCVI_ FAIR HEARING
This proposed new rule would clarify the fair hearing process for an applicant, licensee, or registered provider.

Fiscal Impact
The department does not anticipate any fiscal impact associated with these proposed rule amendments.

6. The department intends for the effective date of these new rules to be the day after the date of the publication of the adoption notice, except NEW RULES III, IV, and VII, to the extent that they implement HB 336, HB 422, and/or HB 556, enacted during the 2023 Legislative Session, would be adopted retroactive to October 1, 2023.

7. Concerned persons may submit their data, views, or arguments either orally or in writing at the hearing. Written data, views, or arguments may also be submitted to: Bailey Yuhas, Department of Public Health and Human Services, Office of Legal Affairs, P.O. Box 4210, Helena, Montana, 59604-4210; fax (406) 444-9744; or e-mail hhsadminrules@mt.gov, and must be received no later than 5:00 p.m., November 17, 2023.

8. The Office of Legal Affairs, Department of Public Health and Human Services, has been designated to preside over and conduct this hearing.

9. The department maintains a list of interested persons who wish to receive notices of rulemaking actions proposed by this agency. Persons who wish to have their name added to the list shall make a written request that includes the name, e-mail, and mailing address of the person to receive notices and specifies for which program the person wishes to receive notices. Notices will be sent by e-mail unless
a mailing preference is noted in the request. Such written request may be mailed or
delivered to the contact person in 7 above.

10. An electronic copy of this notice is available on the department's web site
at https://dphhs.mt.gov/LegalResources/administrativerules, or through the
Secretary of State’s web site at http://sosmt.gov/ARM/register.

11. The bill sponsor contact requirements of 2-4-302, MCA, have been
fulfilled. The primary bill sponsors were notified by email on August 25, 2023.

12. With regard to the requirements of 2-4-111, MCA, the department has
determined that the adoption and repeal of the above-referenced rules will
significantly and directly impact small businesses.
