# COMPANY MISSION STATEMENT

## Our Mission

Providing cost-effective care and assistance that give people the freedom to remain in their homes.

We help you design a service plan to retain your independence at home. Our care staff are professional, caring, receive the best industry training, background checks, and are insured.

Personal Care Attendants complete a 16-hour, 72 video course educational training program.

Courses include:

Alzheimer's and Dementia Care

COVID-19

Seniors and Aging

Infection Control

Safety

Medication and Pain

Independence & Confidentiality , and End-of-Life Care

Our Personal Care Attendants provide services such as:

Bathing, Hygiene, Dressing, Meals, Exercise, and Medication Reminders.

Our Personal Care Attendants also provide Homemaker Services.

These services include:

Housekeeping, Laundry, Shopping, Errands, and Medical Escort to appointments.

Our Caregivers also provide Companion Care

Companionship, Respite Care, Social & Recreational Activity,  
Community Outings, and Visiting Family & Friends

## Payment Options

Medicaid, Medicaid Waiver,

Private Pay, and Veteran Benefits

The services our administrative Nurses provide to the Medicaid, Medicaid Waiver, Private Pay, and Veteran Benefits Clients:

Initial Intake with the Client gathering personal information and medical information to develop the Client's care plan.

Client wellness visits conducted annually and every six months.

One Nurse dedicated to conducting monthly wellness checks on all of our Veteran Clients.

Our Agency Nurses are also involved in training our new-hire caregivers:

During orientation, a competency test is given based on the

72 training videos

Assess the caregivers' job performance with clients during their annual

and six-month visits.

Nurses will address any performance issues and retrain as needed.

## WHY CHOOSE A-PLUS HEALTHCARE?

Personalized Quality Care: A-Plus HealthCare model is based around each unique individual we have the opportunity to know. This approach to care is integrated in its holistic approach as it addresses all pieces of each person: mind, body and spirit.

## Timely In-Take Response:

Our intake response time is usually within one day. Intakes include a patient assessment by a trained nurse. We provide an opportunity for patients, families and friends to ask questions or to discuss their options.
