

Money Follows the Person Essential Household Furnishings Cost Sheet

Please find below a list of items that *may be* needed to set up a residence. Not every Money Follows the Person participant will require every item indicated below. It is important to request only those items considered to be *necessary*.

This list also contains a guideline for expected costs. These prices are based upon purchase from a large retailer and not a specialty store. All other available resources should be explored before requesting transition funds.

Items **not** allowed include diversional or recreational items, such as televisions, VCR/DVDs or music systems.
