

SHIP can help with your Medicare and health insurance questions:

I turn 65 this year. What are my health insurance options once I retire?

Are there Medicare assistance programs I may qualify for?

I don't want to be a burden to my children, but I can't afford the premiums for long-term care insurance. What do I need to consider?

How do I decide if I need Medicare supplemental insurance?

How do I know if my current coverage is the best option for me in the upcoming year?

I disagree with a coverage determination by Medicare. How do I appeal the decision?

Do I need Medicare or Medicaid? Is there a difference?
