GENERAL INTRODUCTION: This manual outlines the programs delivered and billed in the Montana Medicaid Management Information System (MMIS) system through the Developmental Disabilities Program (DDP) Provider Type 82. As DDP transitions more programs to billing within the MMIS system, more sections will be added about those programs.

SECTION 1: HOME AND COMMUNITY BASED SERVICES (HCBS)

INTRODUCTION of HCBS:

SCOPE: This section applies to all qualified provider staff and service providers that serve DDP members under the Medicaid Home and Community-Based Services (HCBS) Waiver programs, and certain non-Medicaid programs.

PROGRAM OVERVIEW: Home and Community-Based Services (HCBS) are designed to support people with developmental disabilities in integrated and inclusive community settings. Services are provided in accordance with individual's assessed needs in a plan of care which specify the scope, duration, and frequency of services for each person. The following references should be used in conjunction with the approved waiver(s), Montana Medicaid Provider Agreement, Administrative Rules of Montana (A.R.M.s), Montana Code Annotated (MCA), Developmental Disabilities Program 0208 Comprehensive Waiver Provider Manual, Personal Supports Plan/Plan of Care, and service authorization.

The waiver reimburses using a Medicaid based, Fee-for-Service model. In order to deliver services available through the waiver(s) administered by the DDP, the provider must meet all the qualifications and standards associated with the particular service(s) the provider wishes to offer. These qualifications and standards are described for each service in the approved waiver at <https://dphhs.mt.gov/bhdd/DisabilityServices/developmentaldisabilities/ddpmedicaidwaivers> . Additionally, providers must also meet the general requirements listed in the Provider Requirements chapter of the *General Information for Providers* manual on the Montana Medicaid provider website.

RULE REFERENCES:

Providers must be familiar with all current rules and regulations governing the Montana Medicaid program. Provider manuals are to assist providers in billing Medicaid; they do not contain all Medicaid rules and regulations. Links to rule references are available on the Provider Information website. Paper copies of rules are available through the Secretary of State's office. The following rules are specific to the Developmental Disabilities Program: Rule citations in the text are a reference tool; they are not a summary of the entire rule.

Administrative Rules of Montana (ARM)

- ARM 37.34.101 through 37.34.3005

Montana Code Annotated (MCA)

- MCA Title 53, Chapter 20 Developmental Disabilities

ELIGIBILITY:

In order to receive services through the Developmental Disabilities waiver program, a member must be Medicaid eligible, and must meet criteria determined by the department as described in A.R.M. 37.34.201.

STANDARD COST CENTERS

The HCBS Waiver Reimbursement consists of the following:

1. Direct Care Staff Time is the Billable Unit for most HCBS services and it's the basis for daily or monthly billing units. In order to meet the conditions for payment, the HCBS member must be Medicaid eligible, enrolled in, attend, and receive a HCBS Waiver Service; and the direct care staff must be actively employed and present to provide the HCBS Waiver Service. In addition, the service provided must be consistent with the member's plan of care.
2. Staff is defined to be those staff whose primary responsibility is the day to day, hands-on, direct support of people with disabilities, training and instruction, and assistance with and management of activities of daily living.
3. Standardized Cost Centers: Per the process creating fee-for-service rates, most provider reimbursement rates consist of 4 cost centers which can be adjusted exclusive of the others. These cost centers are:

- **Staffing and Productivity – Staff Wages, all Benefits, Supervisory costs, Staff Productivity
- **Admin and Program – Program support percent, client transportation where applicable
- **Occupancy – Client attendance/Occupancy (if applicable)
- **Mileage – staff mileage (if applicable)

In addition to the standardized cost centers, geographical factors are applied to Supported Living (which is the billing category for a type of residential habilitation) and Residential Training Support. Geographical cost adjustment factors consider the cost of living, employment compensation, cost of housing, and labor market trends. These factors are as follows:

- Medium = 1.84% add-on: Beaverhead, Park, Blaine, Lake, Hill, Ravalli, Madison, Dawson, Lincoln, and Custer counties.
- High = 4.48% add-on: Gallatin, Missoula, Yellowstone, Lewis & Clark, Stillwater, Jefferson, Fallon, Flathead, Rosebud, Big Horn, Powell, Richland, Silver Bow, Sweet Grass, Toole, Cascade, Musselshell, and Glacier counties.
- All other counties have no geographic factor adjustment.
- SMALL Agency = Specific economy of scale factors are applied to very small providers of Supported Living and Residential Training Supports.

Billable units for most HCBS services are defined as either 15 minutes, hourly, daily, or monthly. The following definitions apply:

- The term “15 minutes” refers to fifteen minutes of staff time spent with or on behalf of an HCBS member. For this definition, fifteen minutes is considered to be no less than 8 minutes and no more than 22 minutes. Minutes cannot be combined over different days. Partial units are not allowed to be billed.

Units: 1	Time: Greater than or equal to 8 minutes, but less than 23 minutes
Units: 2	Time: Greater than or equal to 23 minutes, but less than 38 minutes
Units: 3	Time: Greater than or equal to 38 minutes, but less than 53 minutes
Units: 4	Time: Greater than or equal to 53 minutes, but less than 68 minutes
Units: 5	Time: Greater than or equal to 68 minutes, but less than 83 minutes
Units: 6	Time: Greater than or equal to 83 minutes, but less than 98 minutes
Units: 7	Time: Greater than or equal to 98 minutes, but less than 113 minutes
Units: 8	Time: Greater than or equal to 113 minutes, but less than 128 minutes

- The term “Hours” refers to one hour of direct care staff time spent with or on behalf of an HCBS member. For this definition, an hour is a minimum of 45 minutes. Partial units are not allowed to be billed.
- The term “Daily” refers to services provided in that day. A day is defined as direct care activities which occur between the hours of 12:00 a.m. and 11:59 p.m. Partial units are not allowed to be billed.
- The term “Month” refers to a single month billing unit. For services using this billable unit, reimbursement is made at a fixed monthly amount for care hours provided to those people enrolled in their service for that month. Monthly rates are used when individual support needs can vary widely on a daily basis. Partial units are not allowed to be billed.

For selected services, the following additional billable unit definitions apply:

- Congregate Residential Services – the rates are organized into several tiers based on average levels of support outlined by the member’s plan of care. Providers will bill hourly for all members receiving Children’s Group Home and Medically Intense Group Home services. Additionally, if a member’s level of support exceeds average levels of support in the highest Tier, the provider will bill for those members hourly.
- Day Supports and Activities, Retirement, Small Group Employment, Behavioral Intervention Assistant, Registered Behavioral Technician - the rates are organized into several tiers based on average levels of support needed by the member. If a member’s level of support exceeds average levels of support in the highest Tier, the provider will bill for those members hourly.
- Supported Employment Follow Along - the monthly rate is organized into three tiers which reflect different amounts of employment support staff’s time and contacts.
- Supported Living - the “base” and “flex” levels are monthly rates based on the amount of support needed in two ranges, and an hourly rate is used for members needing more than an average 45 hours of support per month or when a monthly unit is cost prohibitive.

COVERED SERVICES:

This section provides service information specifically for services offered in the Developmental Disabilities 0208 Comprehensive waiver and provides additional information and clarifications for certain services if applicable. The full details of the services and requirements approved by the Centers for Medicare & Medicaid Services (CMS) can be found at:

ADULT FOSTER SUPPORT

S5141	Adult Foster Support (low supervision)	\$3423.63/month
S5141	Adult Foster Support (moderate supervision)	\$3900.15/month
S5141	Adult Foster Support (enhanced supervision)	\$4376.66/month
S5141	Adult Foster Support (intensive supervision)	\$5351.82/month

The monthly stipend does not include day or other services, but it does include member transportation. If subcontracting, the provider determines the total amount per month paid to the foster parent. If subcontracting the service, any of the agency's administrative/supervision fee comes from the monthly rate and includes the following: compliance with Organized Health Care Delivery System (OHCDS) standards pursuant to the DDP addendum, written policies and procedures, maintaining service delivery documentation and reimbursements; provision of initial and ongoing training and supervision to the foster parent; and ensuring subcontractor compliance with DD rules, waiver requirements, site regulations for licensed foster homes, and the HCBS Settings Rules.

Supervision Guidelines:

Low Supervision - For AFS programs, supervision requirements are intended for those times the individual is in the adult foster home. LOW SUPERVISION means that AFS parents must be aware of the location of the person. Such supervision is considered "point-to-point" and focuses on ensuring that the person is in the setting or situation as defined by their plan of care. No physical assistance is required. The individual does not have any health or behavioral needs that require attention. Examples of LOW SUPERVISION could include:

- Knowledge of individual's presence and schedule during the day.
- Reminders to individuals of daily schedule of activities and outings. Few or no prompts/reminders are necessary.
- Backup assistance when primary transportation supports are temporarily not available.

LOW SUPERVISION focuses on "point-to-point" supervision to ensure that the individual is in the location. Individuals who can safely engage with their environment AND DO NOT need assistance with activities of daily living would be examples of individuals with LOW SUPERVISION needs.

Moderate Supervision - For AFS programs, supervision requirements are intended for those times the individual is in the adult foster home. MODERATE SUPERVISION means that AFS parents must be aware of the location of the person and available to physically assist when needed. The individual does not have any health or behavioral needs that require constant attention. Examples of MODERATE SUPERVISION could include:

- Observing when an individual leaves or enters the home.
- Prompting to encourage individuals to complete daily living skills and routine personal hygiene.
- Assistance in accessing transportation and community-inclusion opportunities.

MODERATE SUPERVISION focuses on "on-site" supervision to ensure that the individual is in the location and appropriately engaged in relevant and safe activities. Individuals who can safely engage with their environment BUT NEED assistance with activities of daily living would be examples of individuals with MODERATE SUPERVISION needs.

Enhanced Supervision - For AFS programs, supervision requirements are intended for those times the individual is in the adult foster home. ENHANCED SUPERVISION means that AFS parents must be able to observe the person at all times and available to physically assist when needed. For ENHANCED SUPERVISION to be required, the individual must have a health, behavior, or functional limitation need that requires constant attention. Examples of ENHANCED SUPERVISION could include:

- Observing the individual at all times when in the home.
- Physically assisting individuals to complete daily living skills and routine personal hygiene.
- Physical assistance to participate in transportation and community-inclusion opportunities.

ENHANCED SUPERVISION focuses on “line-of-sight” supervision to ensure that the individual is in the location and appropriately engaged in relevant and safe activities. Individuals that wander away from the AFS, are not able to interact safely with their environment, or who engage in nuisance behavior are examples of individuals with ENHANCED SUPERVISION needs.

Intensive Supervision - For AFS programs, supervision requirements are intended for those times the individual is in the adult foster home. INTENSE SUPERVISION means that AFS parents must be able to physically intervene with the person at all times in order to ensure health and safety. For INTENSE SUPERVISION to be required, the individual must have a health, behavior, or functional limitation need that requires constant attention, and represents a serious threat to health and safety. Examples of INTENSE SUPERVISION could include:

- Being in close proximity to the individual at all times when in the home.
- Physically intervening with individuals in situations where self or others are at high risk.
- Providing one-to-one supervision with limited capacity to leave the individual unattended.

INTENSE SUPERVISION focuses on “arms-length” supervision where the AFS parent is physically able to intervene immediately when needed. Individuals who engage in self-injurious behavior, behaviors that risk physical harm to people or property, or serious seizure episodes are examples of individuals with INTENSE SUPERVISION needs.

ASSISTED LIVING

T2031	Assisted living moderate 1:4-1:8 ratio	\$222.08/day
T2031	Assisted living enhanced 1:1-1:3 ratio	\$296.10/day

Members in this service option are not precluded from attending DD waiver-funded work/day or supported employment options, however Assisted Living assumes and reimburses 24/7 care, and other direct care services cannot be billed concurrently with assisted living. Rates include member transportation.

Separate payment is not made for homemaker or chore services, personal supports, residential habilitation, residential training supports, or personal care services furnished to a member receiving assisted living services, since these services are integral to and inherent in the provision of assisted living services.

Retainer payments made to providers of Assisted Living services may not exceed the lesser of 30 consecutive days or the number of days for which the State authorizes a payment for “bed-hold” in nursing facilities.

A modifier of **KX** shall be put on the claim for each day the provider is billing a retainer day.

For retainer payments, if the member is present and starts assisted living services during the following date spans, the number of retainer days is reduced accordingly.

- July 1 – September 30th: 30 retainer days available
 - October 1 – December 31st: 22 retainer days available
 - January 1 – March 31st: 15 retainer days available
 - April 1 – June 30th: 8 retainer days available
- Retainer Payments are not available while an individual is admitted to Montana State Hospital.

BEHAVIORAL SUPPORT SERVICES

Level I: Behavioral Support Services (BSS)

H0046 Behavioral Support Services \$95.16/staff hour

Telehealth is allowed for specific H0046 activities (but not for the required face-to-face contact). A modifier of **GT** and a place of service code of 02 shall be put on the claim for units delivered as Telehealth. The waiver cannot be billed for any equipment or software required for or associated with telehealth capability.

Level II: Level II BSS must be prior-authorized by the Department and re-authorized every 180 days.

Registered Behavior Technician Daily - based on assessment of average hours of support a member needs per day.

H2021 Registered Behavior Tech Tier 1	(0-.5 ave hrs/day)	\$22.72/day

Intensive Behavior Assistant Hourly - Based on assessment of average hours of support a member needs per day. May be appropriate if daily units are not warranted or if average daily hours are over 7.99.

H0023	Intensive Behavior Assistant	\$43.41/hour
-------	------------------------------	--------------

CAREGIVER TRAINING AND SUPPORT

T1027	Caregiver Training & Support	\$60.85/staff hour
T1027 XU	Caregiver Training & Support OTHER	\$ cost varies
T1027 SC	Caregiver Training & Support AwC	\$60.85/staff hour

This service is only billable for members living in a family setting or private non-congregate residence where support and supervision is provided by unpaid care givers. It is not billable for persons living in group homes, assisted living facilities, or foster homes when the foster care provider is paid for support and supervision.

If hourly CTS is delivered during a month, at least ONE contact with the caregiver must be provided during the billed hours for that month. At least 6 of the monthly contacts per year must be a visual contact (telehealth or in-person) with both the caregiver and individual present. The waiver cannot be billed for any equipment or software required for or associated with telehealth capability. CTS OTHER can be used for conference fees, etc. as part of CTS training to a caregiver specific to the member's developmental disability that is not delivered by a staff person and is documented in the plan of care.

A modifier of **GT** and a place of service code of **02** shall be put on the claim for units delivered as Telehealth. The waiver cannot be billed for any equipment or software required for or associated with-telehealth capability.

COMMUNITY TRANSITION SERVICES

T2038	Community Transition Services	\$ cost varies
T2038 SC	Community Transition Services Self Direct	\$ cost varies

This service is capped at \$3,000 per member, per transition.

COMPANION

S5135	Companion	\$9.39/15 minutes
-------	-----------	-------------------

Clarification:

If the setting already provides for 24/7 care, then the additional provision of companion services cannot be used (examples include group homes, assisted living, adult foster, congregate supported living settings). Companion services can be a component of 24/7 support if other hours and costs of support are decreased (e.g., instead of 24 hours of residential habilitation, the person receives 12 hours of companion services and 12 hours of residential habilitation services). Use caution if the person has monthly Supported Living services. Companion services are not allowed to be billed in the same month as a monthly Supported Living unit unless there is documentation that the member received the maximum SL hours in the tier in which the provider is billing.

This service will not duplicate Personal Care or Homemaker Services through the waiver, State Plan or any other programs. In addition, members receiving Companion Services may not also bill personal supports as a discrete waiver service.

A modifier of **CG** shall be put on the claim for services performed by a legally responsible person.

DAY SUPPORTS AND ACTIVITIES

Daily - based on assessment of average hours of support a member needs per day.

T2021	Day Supports and Activities Tier 1	(0-.5 ave hrs/day)	\$14.49/day

T2021	Day Supports and Activities Tier 4	(1.26-1.75 ave hrs/day)	\$51.14/day
T2021	Day Supports and Activities Tier 5	(1.76-2.25 ave hrs/day)	\$68.19/day
T2021	Day Supports and Activities Tier 6	(2.26-2.75 ave hrs/day)	\$85.23/day
T2021	Day Supports and Activities Tier 7	(2.76-3.25 ave hrs/day)	\$102.28/day
T2021	Day Supports and Activities Tier 8	(3.26-4.0 ave hrs/day)	\$123.59/day
T2021	Day Supports and Activities Tier 9	(4.01-4.75 ave hrs/day)	\$149.15/day
T2021	Day Supports and Activities Tier 10	(4.76-5.50 ave hrs/day)	\$174.73/day
T2021	Day Supports and Activities Tier 11	(5.51-6.25 ave hrs/day)	\$200.29/day
T2021	Day Supports and Activities Tier 12	(6.26-6.99 ave hrs/day)	\$225.87/day
T2021	Day Supports and Activities Tier 13	(7.0-7.99 ave hrs/day)	\$255.70/day

Members may utilize Individual and Small Group Employment Support, Follow Along Support, and Co Worker Support in conjunction with Day Supports & Activities however, it cannot be billed for during the same time frame.

Rates include member transportation. This service is eligible for retainer payments. Up to 30 days can be billed per fiscal year for days the member plans to attend but does not attend.

A modifier of **KX** shall be put on the claim for each day the provider is billing a retainer day.

For retainer payments, if the member is present and starts the service during the following date spans, the number of retainer days is reduced accordingly.

- July 1 – September 30th: 30 retainer days available
 - October 1 – December 31st: 22 retainer days available
 - January 1 – March 31st: 15 retainer days available
 - April 1 – June 30th: 8 retainer days available
- Retainer Payments are not available while an individual is admitted to Montana State Hospital.

Day Supports and Activities Hourly - Congregate groups of employees working in the community that share staff. Based on assessment of average hours of support a member needs per day exceeding an average of 7.99 hours of staff time per day.

T2021 Day Supports and Activities HOURLY \$34.09/staff hour

Members may utilize Individual and Small Group Employment Support, Follow Along Support, and Co Worker Support in conjunction with Day Supports & Activities however, it cannot be billed for during the same time frame.

Rates include member transportation. This service is eligible for retainer payments. Up to 30 days can be billed per fiscal year for days the member plans to attend but does not attend by taking the average staff hours provided times the rate.

A modifier of **KX** shall be put on the claim for each day the provider is billing a retainer day.

For retainer payments, if the member is present and starts the service during the following date spans, the number of retainer days is reduced accordingly.

- July 1 – September 30th: 30 retainer days available
 - October 1 – December 31st: 22 retainer days available

- Retainer Payments are not available while an individual is admitted to Montana State Hospital.

ENVIRONMENTAL MODIFICATIONS

S5165	Environmental Modifications	\$ cost varies
S5165 SC	Environmental Modifications Self Direct	\$ cost varies

All modifications must meet all state/local building codes, meet specifications of ANSI, and be guided by the Americans with Disabilities Act (or ADA) Accessibility Guidelines. For modifications estimated to be under \$4000, the DDP Targeted Case Manager will determine the amount of reimbursement after review of their own research or information submitted by the Provider. If the cost of the project exceeds \$4000, then 3 written, itemized bids should be submitted to the DDP Regional Manager (RM) for review. The bids must contain cost of labor equipment, permits, and materials, including subcontractor amounts. The RM will review the information on all requests for this service before authorizing a prior approval. No part of the modification can be diverted to, or billed separately under a different waiver category (e.g. Individual Goods and Services or Specialized Medical Equipment and Supplies)

HOMEMAKER

S5130	Homemaker	\$31.34/staff hour
S5130 XU	Homemaker OTHER	\$ cost varies

This service is not billable for members in residential settings in which primary care is funded 24/7 by the DDP (e.g., group homes and assisted living facilities). Homemaker services are not directly billable to persons receiving Self Directed services.

Homemaker OTHER is for services delivered through a 3rd party/contracted cleaning service and are not delivered by a staff person of the qualified provider directly billing DDP.

INDIVIDUAL GOODS AND SERVICES

T1999	Individual Goods and Services	\$ cost varies
T1999 SC	Individual Goods and Services Self Direct	\$ cost varies

Individual goods and services must be approved prior to purchase and reimbursement. In addition, individual goods and services purchased on behalf of the person by legal guardians, legally responsible persons, or other non- employees acting on behalf of the person are reimbursable only if receipts for such purchases are submitted to the DDP qualified service provider. The receipts are reimbursable only if all the waiver requirements have been met and no reimbursement or cash payment is made to the beneficiary

IGS can only be used when the approved item or service is not covered under any other private or publicly funded resource or other waiver service.

A modifier of **CG** shall be put on the claim for services performed by a legally responsible individual.

MEALS

S5170	Meal Services	\$9.24 per meal
S5170 SC	Meal Services Self-Direct	\$9.24 per meal

There is a maximum of 2 meals per day. This service requires a physician's prescription or referral prior to being added to a member's service plan. A referral form specific to the provider is likely necessary to document dietary needs for a member.

NUTRITIONIST

S9470	Nutritionist Services	\$26.66/15 minutes
-------	-----------------------	--------------------

Telehealth is allowed for specific activities (but not for the required face-to-face contact). A modifier of **GT** and a place of service code of **02** shall be put on the claim for units delivered as Telehealth. The waiver cannot be billed for any equipment or software required for, or associated with, telehealth capability.

Nutritionist services requires a physician's prescription or referral prior to being added to a member's service plan.

OCCUPATIONAL THERAPY

97110	Occupational Therapy	\$25.12/15 minutes
-------	----------------------	--------------------

Telehealth is allowed for specific activities (but not for the required face-to-face contact). A modifier of **GT** and a place of service code of **02** shall be put on the claim for units delivered as Telehealth. The waiver cannot be billed for any equipment or software required for or associated with, telehealth capability.

Occupational therapy requires a physician's prescription or referral prior to being added to a member's service plan.

PERSONAL CARE

T1019	Personal Care	\$9.19/15 minutes
-------	---------------	-------------------

Personal care is not billable as a discrete service to persons receiving Self Directed Services.

A modifier of **CG** shall be put on the claim for services performed by a legally responsible person.

PERSONAL SUPPORTS

T2033 SC	Personal Supports (both self-direct options)	\$30.28/staff hour

RESIDENTIAL HABILITATION

Members in residential habilitation may not receive the following services under the HCBS program: 1) Personal Supports; 2) Homemaker; 3) Environmental Modifications; 4) Respite; 5) Meals; 6) Adult Foster; or 7) Assisted Living. These restrictions only apply when the HCBS payment is being made for the residential service.

Clarification: "Support" also includes general care giving activities such as assistance with daily living activities, meal preparation, laundry, transportation, supervision, community integration, and may include meetings or phone calls on behalf of the individual in service. One or more staff activities providing support, training or actions specified in the individual's plan of care constitutes billable activities. Qualified Providers shall meet licensing requirements and provide sufficient numbers of daily staff and materials to meet individual plans of care. For Congregate Living homes, this shall include awake staff on all shifts where individuals are present. Telehealth is not applicable for congregate living services. For Supported Living, qualified providers shall provide 24 hour on-call staff support.

Congregate Living

Congregate Living Daily- Includes licensed group homes and congregate supported living sites where members share staff. Assignment of Tiers are based on assessment of average hours of support a member needs per day. Tier 10 level of care is for: 1) individuals with a pending petition for civil commitment to IBC or MSH; 2) individuals in MSH or IBC transitioning to the community; 3) individuals with complex care needs in other institutional settings or in-patient hospitals; and 4) individuals who are placed in or may in the future be placed in out-of-state

facilities due to their high level of care needs. Tier 10 level of service is approved for up to 12 months. Upon request for prior authorization, the department may grant an extension to the 12-month service period if determined to be medically necessary. Rates include member transportation. This service is eligible for retainer payments. Up to 30 days can be billed per fiscal year on days the member does not attend.

A modifier of **KX** shall be put on the claim for each day the provider is billing a retainer day.

A modifier of **HI** is required as the primary modifier on claim lines for Congregate Living Tier 10 services.

For retainer payments, if the member is present and starts the service during the following date spans, the number of retainer days is reduced accordingly.

- July 1 – September 30th: 30 retainer days available
- October 1 – December 31st: 22 retainer days available
- January 1 – March 31st: 15 retainer days available

SUPPORTS BROKERAGE

T2041 SC	Supports Broker (all self-direct)	\$42.58/staff hour
----------	-----------------------------------	--------------------

This service is limited to members who direct some or all of their waiver services with employer authority. This service is capped annually at \$6,000 or 20% of value of the member's cost plan, whichever is smaller.

Telehealth is allowed for this self-direct service (but not for the required face-to-face contact). A secondary modifier of **GT** and a place of service code of **02** shall be put on the claim for units delivered as Telehealth. The waiver cannot be billed for any equipment or software required for, or associated with, telehealth capability.

TRANSPORTATION

Service offered in order to enable members served on the waiver to gain access to waiver and other community services, activities and resources, specified by the plan of care. This service is offered in addition to medical transportation required under 42 CFR 431.53 and transportation services under the State plan, defined at 42 CFR 440.170(a) (if applicable), and shall not replace them. Transportation services under the waiver shall be offered in accordance with the plan of care. Whenever possible, family, neighbors, friends, or community agencies that can provide this service without charge will be utilized.

Legally responsible persons, relatives, legal guardians and other persons who are not employees of DDP qualified provider agencies may be reimbursed for the provision of rides. In these cases, reimbursement will be less than or equal to the mileage rate set by the Department for a State employee operating a personal vehicle. The mileage rate is based on the operational expense of a motor vehicle and does not include reimbursement for work performed, or the driver's time. Reimbursement for rides provided by legally responsible persons or others must be related to the specific disability needs of a member, as outlined in the plan of care. Persons providing transportation must be licensed, insured and drive a registered vehicle, in accordance with the motor vehicle laws of the State of Montana.

Reimbursable transportation expenses may also include assistance with reasonable (as determined by the department) costs related to one or more of the following areas: operator training and licensure, insurance, registration or other costs associated with an individual's dependence on the use of a personal vehicle owned by the person in accessing work or other community integration activities as outlined in the plan of care.

Transportation as a self-directed services with employer authority (either common law or agency with choice): Mileage reimbursement at the lowest current state plan rate is available when the member is transported to an approved community functions, in accordance with the plan of care and the individual cost plan. Mileage reimbursement paid by the FMS is contingent upon the FMS receiving documentation that transportation was provided in accordance with Montana state requirements for operating a motor vehicle. Reimbursement is contingent upon vehicles being registered and insured, and the operator of the vehicle having a valid driver's license. Mileage reimbursement does not pay for a person's time, rather, the mileage reimbursement partially offsets the cost of operating a motor vehicle. Mileage reimbursement may also be available to the owner of the vehicle when friends and non-employees provide transportation services to the member for approved community functions, when all the requirements for operating a motor vehicle have been met, and the mileage reimbursement provision is approved in the plan of care. Mileage reimbursement is not available for medically necessary transportation reimbursable under the state plan.

Rates for services in residential settings and work/day settings in which paid, on-site primary care givers provide routine, non-medically necessary transportation (community outings, picnics, etc.) may include cost of these integrated transportation services.

The following are excluded:

- 1) Adaptations or improvements to the vehicle that are of general utility, and are not of direct medical or remedial benefit to the member;
- 2) Purchase or lease of a vehicle; and
- 3) Regularly scheduled upkeep and maintenance of a vehicle except upkeep and maintenance of any modifications.

Transportation services are not reimbursable in residential and work/day settings, if the transportation service is folded into the rates for these residential and/or work/day settings. Under no circumstances will medically necessary transportation (transportation to medical services reimbursed under the State Plan) be reimbursed under the waiver if the service is reimbursable under State Plan transportation.

The waiver will not cover activities which are otherwise available under section 110 of the Rehabilitation Act of 1973, the IDEA (20 U.S.C. 1401 et seq.), or EPSDT.

ALL SELF DIRECTED-WAIVER SERVICES – (primary modifier)

For all waiver services that are delivered through one of the self-directed service option, the qualified provider bills the regular code shown above for each specific waiver service. Additionally, make sure that the **Modifier SC** is entered on the claim first as the primary modifier so the claim will pay correctly. Enter any subsequent, applicable modifiers as the 2nd modifier code on the claim. Only Supports Broker is eligible to be delivered via telehealth for members using Employer Authority Self Direct.

FISCAL AGENT FEES FOR SELF DIRECT – (primary modifier)

The fiscal agent is a private or public entity that is approved by the IRS (under IRS Revenue Procedure 70-6) to act as the employer’s intermediary for the purpose of managing employment taxes, including income tax withholding, FICA, FUTA/SUTA, and worker’s compensation. The fiscal agent collects employment documents and verifies signatures from employers prior to distributing paychecks to the employees.

The fiscal agent fees should cover the Fiscal Management Service (FMS) costs of issuing reimbursements, cost of employee background checks, monthly List of Excluded Individuals and Entities.(LEIE) and Medicare Exclusion Database (MED) monitoring, monitor and maintain records of employee qualifications, instruction on methods of interviewing, selecting and hiring staff, legal requirements for retaining and discharging staff according to Montana laws and rules, methods of staff supervision, and such other topics as are required in the opinion of the fiscal agent contractor to assist individuals to effectively self-direct their services. Modifier **SC** is entered on the claim first as the primary modifier so the claim will pay correctly.

ALL RETAINER DAYS – (secondary modifier)

For all waiver services that are designated as a retainer day for Congregate Living or Day Supports and Activities, Assisted Living, or Retirement the qualified provider will bill the regular code shown above for each specific service. Additionally, make sure the modifier KX is entered on the claim. If a primary modifier is applicable, enter the primary modifier first on the claim line, then enter the KX modifier second on the claim line. Enter claims lines with KX modifiers after claim lines without KX modifiers.

ALL SERVICES DELIVERED VIA TELEHEALTH – (secondary modifier)

Face-to-face service delivery is preferred. Telehealth may be substituted if clinically indicated or if the member does not have access to face-to-face services. Case notes/service notes must include the reason for the use of telehealth, including documentation of attempts to identify local supports, if the reason for the use of telehealth services is related to access issues. Telehealth is allowed for specific activities, and for specific services. Employer Authority self-directed services are not eligible for telehealth delivery, except for Supports Broker. Telehealth does not meet face to face requirements. The waiver cannot be billed for any equipment or software required for or associated with telehealth capability. For billing the qualified provider will bill the regular code shown above for each specific service. Additionally, enter a modifier **GT** and a place of service code of **02** on the claim line for units delivered as Telehealth. In doing so, the provider is certifying that the service was provided via interactive audio-video telehealth. If a

primary modifier is applicable, enter the primary modifier first on the claim line, then enter the **GT** modifier second on the claim line.

ALL SERVICES DELIVERED BY A LEGALLY RESPONSIBLE INDIVIDUAL –
(secondary modifier)

Must meet requirements in C-2 (d) of the waiver. A legally responsible individual is any person who has a duty under state law to care for another person and typically includes the parent or guardian of a minor child who must provide care to the child, or a spouse of a waiver participant. Payment may not be made to legally responsible individual for care that the legally responsible individual would ordinarily perform or be responsible to perform on behalf of the waiver participant. Paid caregiver/legally responsible individual cannot be both employer and employee of self-directed services. For billing, the qualified provider will bill the regular code shown above for each specific service. Additionally, enter the modifier **CG** on the claim line. If a primary modifier is applicable, enter the primary modifier first on the claim line, then enter the **CG** modifier second on the claim line.

PROVIDER RESPONSIBILITIES SPECIFIC TO WAIVERS

Providers must understand the service definitions in the waiver and parameters for each service that is authorized. It is the Provider's responsibility to contact the case manager in the event there is a discrepancy in the service(s) authorized or rendered and the approved service authorization. It is the provider's responsibility to check a member's Medicaid eligibility and to obtain an appropriate denial for services that may be covered by other revenue streams. A denial must be related to the service not being covered, and not related to the claims process. For example, a denial that *a provider did not submit the required documentation* would not be considered an appropriate denial.

Individual Cost Plans

All waiver services require prior authorization before the service is delivered. The member's Case Manager is responsible for completing the Plan of Care. Based on Goals and Objectives identified in the Plan of Care, the Case Manager will enter the service details, units, provider, and date spans in the cost plan section where it will be stored as a Service Authorization in MMIS. Claims will be denied if there is not an active service authorization associated with the claim, or if a code other than the approved code is billed. Providers should not render or bill services without an approved service authorization.

The Service Authorization serves as the official authorization for service delivery and reimbursement.

BILLING PROCEDURES:

The Department is committed to paying Medicaid providers claims as quickly as possible. Medicaid claims are electronically processed and usually are not reviewed by medical experts prior to payment to determine if the services provided were billed appropriately. Although the computerized system can detect and deny some erroneous claims, there are many erroneous claims which it cannot detect. Therefore, payment of a claim does not mean the service was correctly billed or the payment made to the provider was correct. If a claim is paid and the Department later discovers that the service was incorrectly billed or paid or the claim was erroneous in another way, the Department is required by Federal regulation to recover any overpayment, regardless of whether the incorrect payment was the result of the Department or provider error or other cause. (MCA 53-6-111, ARM 37.85.406.)

A provider shall use the Department's designated claims processing system to submit claims. Services provided must be billed electronically or on a CMS-1500 claim form. CMS claim forms are available from various publishing companies and are not available from the Department or Provider Relations. For more information on submitting a claim, see the *Billing Procedures chapter in the General Information for Providers* manual on the Montana Medicaid provider website. Additionally, see the *General Information for Providers* for information on remittance advices and adjustments.

Also:

- Do not bill for services before they are provided.
- If a unit of service equals 15 minutes, a minimum of 8 minutes of service must be provided to bill for one unit. Partial units totaling less than eight minutes may not be billed. Activities requiring less than eight minutes for each member may be accrued to the end of that day. A range of 8-23 minutes is 1 unit.
- Claims for daily or hourly units may be submitted daily, weekly, or less frequently.
- Payments are issued on a weekly basis according to the MMIS payment schedule.
- Enter the primary modifier **TU** for all Temporary Service Increase (TSI) claims.
- Enter the primary modifier **SC** for all Self Direct claims.
- Enter the primary modifier **XU** for designated service descriptions.
- Enter the modifier **KX** for all retainer days on claims, as noted per service.
- Enter **GT** modifier for services provided via telehealth, as noted per service.
- Enter **CG** modifier for legally responsible individual delivering the service, as noted per service.

Electronic Visit Verification (EVV): The Department of Public Health and Human Services (DPHHS) will acquire an EVV services component to support personal care services (PCS) and home health care services (HHCS) as well as other home and community-based services determined to benefit from the mandates of Section 12006 of the 21st Century Cures Act. For applicability, updates, and instructions please refer to the DPHHS website at <https://dphhs.mt.gov/sltc/EVV> .

CLAIM REMINDERS AND TIPS

When billing Medicaid waiver claims, the provider must consider the following:

- The waiver does not reimburse activities which are otherwise available under section 110 of the Rehabilitation Act of 1973, the IDEA (20 U.S.C. 1401 et seq.), EPSDT, or other private or public source.
- The waiver does not reimburse directly any time spent by office staff billing claims or staff travel time when a member is not in the vehicle.
- Providers may only bill for services authorized in the service authorization(s).
- A claim may include different dates of service.
- The units of service reimbursed through the waiver must meet documentation requirements in rule, federal code, and within the waiver.
- Services billed must meet the service definitions and parameters as described in the waiver, rule, or federal code.
- Services are payable when delivered by awake staff.
- When a claim is submitted for payment, the provider is verifying the claim is true, correct, and accurate.
- Updated billing information may be provided through provider bulletins and other methods. Each provider is responsible for obtaining the information and implementing new or revised policies and procedures as outlined in the notices.

BILLING FOR RETROACTIVELY ELIGIBLE MEMBERS

When a member becomes retroactively eligible for Medicaid, the provider has 12 months from the date retroactive eligibility was determined to bill for services provided during the retroactive period. When submitting claims for retroactively eligible members, attach a copy of the 160-M to the claim if the date of service is more than 12 months earlier than the date the claim is submitted.

When a provider chooses to accept the member from the date retroactive eligibility was effective, and the member has made a full or partial payment for services, the provider must refund the member's payment for the services before billing Medicaid for the services.

For more information on retroactive eligibility, see the Member Eligibility and Responsibilities chapter in the *General Information for Providers* manual.

MEMBERS WITH OTHER INSURANCE OR REVENUE OPTIONS:

If a member is also covered by Medicaid State Plan, EPSDT, Vocational Rehabilitation, or other insurance or funding streams, those avenues must be exhausted first before utilizing waiver services or billing the DDP 0208 Comprehensive Waiver. If those other revenue streams are an option, only bill the Developmental Disabilities Waiver after denial is received from the other

payer(s), or when there is documentation that the billable units from the other payer(s) have been depleted.

MEDICAID FEE SCHEDULE:

Please use the Department's fee schedule for your provider type in conjunction with the appropriate procedure code, using the pricing method associated with the procedure code such as per hour, per day, per month, etc. Current fee schedules are available on the Medicaid Provider and on the DDP websites. The Medicaid enrolled provider approved to deliver services through the Developmental Disabilities Program shall assume responsibility for all services provided by their staff or subcontractors. Pursuant to the Medicaid Provider Agreement, all claims are considered to be paid in full; no balance billing is permitted.

When Medicaid payment differs from the fee schedule, consider the following:

The Department pays the lower of the established Medicaid fee or the provider's charge;

Modifiers;

Provider Type;

Date of Service; and/or

Check for Third Party Liability payments shown on the remittance advice.

DOCUMENTATION

Documentation of the delivery of service must be maintained to substantiate claims. The provider's documentation must support the claim, including the type, scope, amount, duration, and frequency of the service as described in the Plan of Care. It should include the date(s), start and end times, and number of units of the delivered service for each member and must align with the prior authorization received for the provision of services. Pursuant to the waiver, there may be a need to have documentation that the service is not available or is no longer available under other funding sources. Additionally, for certain services there may be a need to document face-to-face contacts.

- Records must be clear, concise, complete, and current.
- Information must be factual and absent any fabricated or falsified names, dates, data or narratives. Entries should contain objective information relevant to individual care.
- Information and documents must be organized in a systematic and chronological format.
- Information must be written in ink, recorded in a typed/printed format, or in an electronic file with appropriate back-up.
- Correction fluid, correction tape or similar applications may not be used to correct errors in the record.
- Errors are to be corrected by marking through the incorrect entry with a single line and recording the date and initials of the person correcting the entry.
- Information must be legible.
- Information must be dated, signed, and have the title of the person recording each entry. Initials can be appropriate for entries such as flow sheets or medication records, but a full signature should be used for entries such as narratives or assessments.

- Information entered into the record must be recorded in a timely manner, as soon as possible following the completion of the event or activity described by the entry.
- Providers must maintain original (e.g., paper or electronic) documents for the services provided by their employed staff.
- Providers must maintain copies of required documentation obtained from subcontracted staff and other providers/subcontractors.
